**BILLING CODE 4312–J1–P**

**DEPARTMENT OF THE INTERIOR****National Park Service****Notice of Inventory Completion:  
Besser Museum for Northeast  
Michigan, Alpena, MI**

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice.

Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003, of the completion of an inventory of human remains and associated funerary objects in the possession of the Besser Museum for Northeast Michigan, Alpena, MI. The human remains and associated funerary objects were removed from Alpena, Ionia, Oceana, Ottawa, and Wayne Counties, MI.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003 (d)(3). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American human remains and associated funerary objects. The National Park Service is not responsible for the determinations in this notice.

A detailed assessment of the human remains was made by Besser Museum for Northeast Michigan professional staff in consultation with representatives of the Saginaw Chippewa Indian Tribe of Michigan.

In 1944, human remains representing a minimum of three individuals were removed from Henry Ford's property near Dearborn, Wayne County, MI, by Gwynn Cushman. Mr. Cushman was an avocational archeologist who collected from the southern part of lower Michigan. Notes made at the time of the excavation indicate that the human remains were part of several bundle burials. No known individuals were identified. No associated funerary objects are present.

Prior to 1950, human remains representing a minimum of one individual were removed from an undesignated site in southeastern Michigan, but most likely in Alpena County, as part of road construction activity. The road crew sent the human remains to Gerald Haltiner of Alpena, MI, an archeologist and collector of Native American artifacts from Michigan. No known individual was identified. No associated funerary objects are present.

Prior to 1950, human remains representing a minimum of one individual were removed from an
