I have determined that the emergency conditions in certain areas of the State of Texas, resulting from Hurricane Rita beginning on September 20, 2005, and continuing, are of sufficient severity and magnitude to warrant an emergency declaration under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121–5206 (Stafford Act). Therefore, I declare that such an emergency exists in the State of Texas.

You are authorized to provide appropriate assistance for required emergency measures, authorized under Title V of the Stafford Act to save lives, protect public health and safety, and property or to lessen or avert the threat of a catastrophe in the designated areas. Specifically, you are authorized to provide emergency protective measures, (Category B), including direct Federal assistance, under the Public Assistance program. This assistance excludes regular time costs for subgrantees' regular employees. In addition, you are authorized to provide such other forms of assistance under Title V of the Stafford Act as you may deem appropriate.

Consistent with the requirement that Federal assistance be supplemental, any Federal funds provided under the Stafford Act for Public Assistance will be limited to 75 percent of the total eligible costs. For a period of up to 72 hours, you are authorized to provide assistance for emergency protective measures, including direct Federal assistance at 100 percent Federal funding of the total eligible costs.

In order to provide Federal assistance, you are hereby authorized to allocate from funds available for these purposes such amounts as you find necessary for Federal disaster assistance and administrative expenses.

Further, you are authorized to make changes to this declaration to the extent allowable under the Stafford Act.

The Federal Emergency Management Agency (FEMA) hereby gives notice that pursuant to the authority vested in the Acting Under Secretary for Emergency Preparedness and Response, Department of Homeland Security, under Executive Order 12148, as amended, Alexander S. Wells, of FEMA is appointed to act as the Federal Coordinating Officer for this declared emergency.

I do hereby determine the following areas of the State of Texas to have been affected adversely by this declared emergency:

All 254 counties in the State of Texas for Public Assistance Category B (emergency protective measures), including direct Federal assistance, at 75 percent Federal funding of the total eligible costs.

Agency Information Collection Activities: Revision of Existing Collection; Comment Request.

ACTION: Request OMB 60-Day Emergency Approval: Application for Authorization to Issue Certification for Health Care Workers and Related Requirements; Form I–905.

The Department of Homeland Security (DHS) and the U.S. Citizenship and Immigration Services (CIS) has submitted an emergency information collection request (ICR) utilizing emergency review procedures, to the Office of Management and Budget (OMB) for review and clearance in accordance with section 1320.13(a)(1)(ii) and (a)(2)(iii) of the Paperwork Reduction Act of 1995. The DHS has determined that it cannot reasonably comply with the normal clearance procedures under this part because normal clearance procedures are reasonably likely to prevent or disrupt the collection of information under OMB 1615–0062, Certificates for Health Care Workers. Therefore, immediate OMB approval has been requested. If granted, the emergency approval is only valid for 90 days. ALL comments and/or questions pertaining to this pending request for emergency approval MUST be directed to OMB, Office of Information and Regulatory Affairs, Attention: Desk Officer, Department of Homeland Security, 725–17th Street, NW., Suite 10235, Washington, DC 20503; 202–395–5806.

2. Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
