SUPPLEMENTARY INFORMATION:**Background**

On August 19, 2005, the Department published the preliminary results of new shipper review of certain hot-rolled steel products from Brazil. *See Certain Hot-Rolled Flat-Rolled Carbon Quality Steel Products from Brazil; Preliminary Results of New Shipper Review*, 70 FR 48668 (August 19, 2005). No party submitted comments on the preliminary results.

Period of Review

The period of review (POR) is March 1, 2004, through August 31, 2004.

Scope of Review

The products covered by this order are certain hot-rolled flat-rolled carbon-quality steel products of a

rectangular shape, of a width of 0.5 inch or greater, neither clad, plated, nor coated with metal and whether or not painted, varnished, or coated with plastics of other non-metallic substances, in coils (whether or not in successively superimposed layers) regardless of thickness, and in straight lengths, of a thickness less than 4.75 mm and of a width measuring at least 10 times the thickness. Specifically included in this scope are vacuum degassed, fully stabilized (IF) steels, high strength low alloy (HSLA) steels, and the substrate for motor lamination steels. Steel products to be included in the scope of this agreement, regardless of Harmonized Tariff Schedule (HTS) definitions, are products in which: (1) iron predominates, by weight, over each of the other contained elements; (2) the carbon content is 2 percent or less, by weight; and (3) none of the elements listed below exceeds certain specified quantities.

The merchandise subject to the order is currently classifiable under subheadings 7208.10.15.00, 7208.10.30.00, 7208.10.60.00, 7208.25.30.00, 7208.25.60.00, 7208.26.00.30, 7208.26.00.60, 7208.27.00.30, 7208.27.00.60, 7208.36.00.30, 7208.36.00.60, 7208.37.00.30, 7208.37.00.60, 7208.38.00.15, 7208.38.00.30, 7208.38.00.90, 7208.39.00.15, 7208.39.00.30, 7208.39.00.90, 7208.40.60.30, 7208.40.60.60, 7208.53.00.00, 7208.54.00.00, 7208.90.00.00, 7210.70.30.00, 7210.90.90.00, 7211.14.00.30, 7211.14.00.90, 7211.19.15.00, 7211.19.20.00, 7211.19.30.00, 7211.19.45.00, 7211.19.60.00, 7211.19.75.30, 7211.19.75.60, 7211.19.75.90, 7212.40.10.00, 7212.40.50.00, and 7212.50.00.00 of the HTS. Although the HTS subheading is provided for convenience and customs purposes, the written description of the merchandise under review is dispositive of whether or not the merchandise is covered by the scope of the order.

Final Results of Review

We determine that a margin of 0.00 percent exists for CST for the period March 1, 2004, through August 31, 2004.

Assessment

The Department will determine, and the U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries, pursuant to 19 CFR 351.212(b). We have calculated importer-specific duty assessment rates on the basis of the ratio of the total amount of antidumping duties calculated for the examined sales to the total entered value of the examined sales for each importer. We will direct CBP to assess the resulting assessment rates against the entered customs values for the subject merchandise on each of the importer's entries during the review period. The Department will issue appropriate assessment instructions directly to the CBP within 15 days of publication of these final results of review.

Cash Deposit Requirements

Bonding is no longer permitted to fulfill security requirements for shipments from CST of hot-rolled steel products from Brazil entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results of new shipper review. The following cash-deposit requirements will be effective upon publication of the final results of this new shipper review for all shipments of subject merchandise entered or withdrawn from warehouse for consumption on or after the publication date as provided for by section 751(a)(1) and 751 (a)(2)(C) of the Tariff Act of 1930, as amended (the Act):

- for subject merchandise manufactured and exported by CST the cash deposit rate shall be 0.00 percent;
- for subject merchandise exported by CST but not manufactured by CST the cash-deposit rate will continue to be the "all others" rate or the rate applicable to the manufacturer, if so established;
- the cash deposit rate for exporters who received a rate in a prior segment of the proceeding will continue to be the rate assigned in that segment of the proceeding;
- if the exporter is not a firm covered in this review or in any previous segment of this proceeding, but the manufacturer is, the cash deposit rate will be that established for the manufacturer in the most recent segment of these proceedings in which that manufacturer participated;

• if neither the exporter nor the manufacturer is a firm covered in this review or in any previous segment of this proceeding, the cash deposit rate will be 42.12 percent, the all others rate established in the less-than-fair-value investigation. (*See Notice of Antidumping Duty Order and Sales at Less Than Fair Value: Certain Hot-Rolled Flat-Rolled Carbon Quality Steel Products from Brazil*, 67 FR 11093 (March 12, 2002)).

These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR § 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR § 351.305. Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

We are issuing and publishing this new shipper review and notice in accordance with sections 751(a)(2)(B) and 777(i) of the Act.

Dated: October 24, 2005.

Stephen J. Claeys,

Acting Assistant Secretary for Import Administration.

Certain Stainless Steel Butt-Weld Pipe Fittings from Taiwan: Notice of Extension of Time Limit for the Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is extending the time limit for the final results of the administrative review of the antidumping duty order on certain stainless steel butt-weld pipe fittings from Taiwan. The period of review is June 1, 2003, through May 31, 2004. This extension is made pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended by the Uruguay Round Agreements Act (the Act).

EFFECTIVE DATE: October 31, 2005.

FOR FURTHER INFORMATION CONTACT:

Helen Kramer or Kristin Najdi, Office 7, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-0405 and (202) 482-8221, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 11, 2005, the Department published the preliminary results of the administrative review of the antidumping duty order on certain stainless steel butt-weld pipe fittings from Taiwan covering the period June 1, 2003, through May 31, 2004. *See* 70 FR 39735. The final results for the antidumping duty administrative review of certain stainless steel butt-weld pipe fittings from Taiwan are currently due no later than November 8, 2005.

Extension of Time Limits for Final Results

Section 751(a)(3)(A) of the Act requires the Department to make a final determination in an administrative review within 120 days after the date on which the preliminary determination is published. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the final results to 180 days (or 300 days if the Department does not extend the time limit for the preliminary results) from the date of publication of the preliminary results.

In accordance with section 751(a)(3)(A) of the Act, and 19 CFR 351.213(h)(2), the Department finds that it is not practicable to complete the review within the original time frame (i.e., by November 8, 2005) because of voluminous affiliation allegations raised in petitioners' case briefs, requiring more time for analysis. Because it is not practicable to complete this administrative review within the time limit mandated by section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2), the

Department is extending the time limit for completion of the final results of this administrative review by 30 days, to no later than December 8, 2005.

Dated: October 25, 2005.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.
