Records Governing Off-the-Record Communications; Public Notice

October 26, 2005.

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that

the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

¹ The initial notice was issued in accordance with the Commission's order on Joint Boards on Security Constrained Economic Dispatch, 112 FERC ¶ 61,353 (2005) (September 30 Order). A subsequent notice was issued on October 21, 2005, listing the members of each joint board.

² These joint board meetings are being held pursuant to section 1298 of the Energy Policy Act of 2005, Pub. L. 109-58, section 1298, 119 Stat. 594, 986 (2005), which added section 223 to the Federal Power Act, 16 U.S.C. 824 *et seq.* (2000). FPA section 223 requires the Commission to convene joint boards on a regional basis pursuant to FPA section

209 "to study the issue of security constrained economic dispatch for the various market regions," "to consider issues relevant to what constitutes 'security constrained economic dispatch' and how such a mode of operating * * * affects or enhances the reliability and affordability of service," and "to make recommendations to the Commission."
