SUPPLEMENTARY INFORMATION:

Background

In March 2004, the Department of Labor (DOL), through the Office of the Assistant Secretary for Policy's Office of Compliance Assistance Policy (OCA), launched the Partnerships for Compliance Assistance Program (PCAP) which is aimed at promoting greater awareness and compliance with DOL's employment laws through partnerships and activities with nonprofit third-party membership organizations. Through DOL's and its partners' efforts, PCAP increases opportunities to provide DOL's customers with assistance in complying with federal employment laws. Following the March 2004 PCAP announcement, nine organizations were recommended and approved for partnership. Partnership activities include but are not limited to dissemination of compliance assistance educational materials, participation in Web casts, e-mail alerts of new compliance assistance tools or resources, newsletter articles, Web links, and speaking engagements.

OCA is again seeking partnership applications from nonprofit third-party trade, professional or labor membership organizations that share DOL's understanding of the importance of providing clear, accurate and easy-to-access compliance assistance to employers and other stakeholders, in order to protect the wages, health benefits, retirement security, safety and health of America's workforce.

Partnership efforts are designed to provide nonprofit third-party organizations and their members with an awareness of the various laws and regulations DOL administers and where to get accurate and easy-to-access information on compliance assistance. These partnerships enable DOL to reach a greater number of businesses and workers than it could solely through its own outreach efforts.

Leviton Manufacturing Company, Inc. Hills Grove Division, Warwick, RI; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273) and section 246 of the Trade Act of 1974 (26 U.S.C. 2813), as amended, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance (TAA) and Alternative Trade Adjustment Assistance (ATAA) on July 11, 2005, applicable to all workers of Leviton Manufacturing Company, Inc., Hills Grove Division, Warwick, Rhode Island. The notice was published in the **Federal Register** on August 26, 2005 (FR 70 pp. 50412 and 50415).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers produce residential wiring devices.

The review shows that the Department established the June 27, 2005 impact date for worker group eligibility to apply for TAA and ATAA based on the June 26, 2005 expiration date of the previous certification issued

for workers of Leviton Manufacturing Company, Inc., Hills Grove Division in Warwick, Rhode Island (TA-W-50,350). Since the worker group was not previously certified eligible to apply for alternative trade adjustment assistance, the Department is amending the current ATAA certification to change the impact date from June 27, 2005 to June 20, 2004.

The amended notice applicable to TA-W-57,436 is hereby issued as follows:

All workers of Leviton Manufacturing Company, Inc., Hills Grove Division, Warwick, Rhode Island, who became totally or partially separated from employment on or after June 27, 2005 through July 11, 2007, are eligible to apply for adjustment assistance under section 223 of the Trade Act of 1974; and

All workers of Leviton Manufacturing Company, Inc., Hills Grove Division, Warwick, Rhode Island, who became totally or partially separated from employment on or after June 20, 2004, are eligible to apply for alternative trade adjustment assistance under section 246 of the Trade Act of 1974.

Notice of Determinations Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974, as amended, (19 U.S.C. 2273), the Department of Labor herein presents summaries of determinations regarding eligibility to apply for trade adjustment assistance for workers (TA-W) number and alternative trade adjustment assistance (ATAA) by (TA-W) number issued during the periods of October 2005.

In order for an affirmative determination to be made and a certification of eligibility to apply for directly-impacted (primary) worker adjustment assistance to be issued, each of the group eligibility requirements of Section 222(a) of the Act must be met.

I. Section (a)(2)(A) all of the following must be satisfied:

separated, or are threatened to become totally or partially separated;

B. The sales or production, or both, of such firm or subdivision have decreased absolutely; and

C. Increased imports of articles like or directly competitive with articles produced by such firm or subdivision have contributed importantly to such workers' separation or threat of separation and to the decline in sales or production of such firm or subdivision; or

II. Section (a)(2)(B) both of the following must be satisfied:

A. A significant number or proportion of the workers in such workers' firm, or an appropriate subdivision of the firm, have become totally or partially separated, or are threatened to become totally or partially separated;

2. The country to which the workers' firm has shifted production of the articles to a beneficiary country under the Andean Trade Preference Act, African Growth and Opportunity Act, or the Caribbean Basin Economic Recovery Act; or

3. There has been or is likely to be an increase in imports of articles that are like or directly competitive with articles which are or were produced by such firm or subdivision.

Also, in order for an affirmative determination to be made and a certification of eligibility to apply for worker adjustment assistance as an adversely affected secondary group to be issued, each of the group eligibility requirements of Section 222(b) of the Act must be met.

(1) Significant number or proportion of the workers in the workers' firm or an appropriate subdivision of the firm have become totally or partially separated, or are threatened to become totally or partially separated;

(2) The workers' firm (or subdivision) is a supplier or downstream producer to a firm (or subdivision) that employed a group of workers who received a certification of eligibility to apply for trade adjustment assistance benefits and such supply or production is related to the article that was the basis for such certification; and

(3) Either—

(A) The workers' firm is a supplier and the component parts it supplied for the firm (or subdivision) described in paragraph (2) accounted for at least 20 percent of the production or sales of the workers' firm; or

(B) A loss of business by the workers' firm with the firm (or subdivision) described in paragraph (2) contributed importantly to the workers' separation or threat of separation.
