SUPPLEMENTARY INFORMATION:

I. Background

Section 303(a)(4) of the Social Security Act (SSA) and Section 3304(a)(3) of the Federal Unemployment Tax Act (FUTA) require that all money received in the unemployment fund of a state be paid immediately to the Secretary of Treasury to the credit of the Unemployment Trust Fund (UTF). This is the "immediate deposit" standard.

Section 303(a)(5) of the SSA and Section 3304(a)(4) of the FUTA require that all money withdrawn from the UTF be used solely for the payment of unemployment compensation, exclusive of the expenses of administration. This is the "limited withdrawal standard".

Federal law (Section 303(a)(6) of the SSA) gives the Secretary of Labor the

authority to require the reporting of information deemed necessary to assure state compliance with the provisions of the SSA.

Under this authority, the Secretary of Labor requires the following reports to monitor state compliance with the immediate deposit and limited withdrawal standards:

ETA 2112: UI Financial Transactions

Summary, Unemployment Fund

ETA 8401: Monthly Analysis of Benefit Payment Account

ETA 8405: Monthly Analysis of Clearing Account

ETA 8413: Income—Expense Analysis

UC Fund, Benefit Payment Account

ETA 8414: Income—Expense Analysis

UC Fund, Clearing Account

ETA 8403: Summary of Financial

Transactions—Title IX Funds

These reports are submitted to the Office of Workforce Security (OWS) in the ETA which uses them to:

- Monitor cash flows into and out of the UTF to determine state compliance with the immediate deposit and limited withdrawal standards.

- Assure proper accounting for unemployment funds, an integral part of preparing the Department's consolidated financial statements, required by the Chief Financial Officer Act of 1990. The UTF is the single largest asset and liability on the statements.

- Reconcile the Department's records with the U.S. Treasury records.

- Develop UI research and actuarial reports, especially to monitor the solvency of the UTF.

The cited reports have been submitted monthly by the states the past several years in electronic format, with the exception of the ETA 8403. The Department is working with the U.S. Treasury to convert the ETA 8403 to an electronic format by December 31, 2006.

Since the reports are essential to the Department's financial statements and program oversight responsibilities, the Department seeks Office of Management and Budget (OMB) approval for a three year extension to March 31, 2009.

II. Desired Focus of Comments

Currently, the Employment and Training Administration is soliciting comments concerning the proposed extension for the collection of the UI Trust Fund Summaries reports. Comments should:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
