Internal Revenue Service

26 CFR Part 1

RIN 1545-BC29

Adjustment To Net Unrealized Built-in Gain

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Final regulations.

SUMMARY: This document contains final regulations under section 1374 that provide for an adjustment to the amount that may be subject to tax under section 1374 in certain cases in which an S corporation acquires assets from a C corporation in an acquisition to which section 1374(d)(8) applies. These final regulations provide guidance to certain S corporations that acquire assets from a C corporation in a carryover basis transaction.

DATES: *Effective Date:* These regulations are effective February 23, 2005.

Applicability Dates: For dates of applicability, see § 1.1374-10.

FOR FURTHER INFORMATION CONTACT: Jennifer D. Sledge, (202) 622-7750 (not a toll-free number).

SUPPLEMENTARY INFORMATION:

Background and Explanation of Provisions

This document contains amendments to Income Tax Regulations (26 CFR part 1) under section 1374 of the Internal Revenue Code (Code), relating to the tax imposed on certain recognized built-in

gains of S corporations. Section 1374 imposes a tax on an S corporation's net recognized built-in gain attributable to assets that it held on the date it converted from a C corporation to an S corporation for the 10-year period beginning on the first day the corporation is an S corporation and assets that it acquired from a C corporation in a carryover basis transaction for the 10-year period beginning on the day of the acquisition. A separate determination of the amount subject to tax under section 1374 is required for those assets the S corporation held on the date it converted to C status and each pool of assets the S corporation acquired in a carryover basis transaction from a C corporation. The total amount subject to tax under section 1374 for each pool of assets is limited to that pool's net unrealized built-in gain (NUBIG) on the date of the conversion or acquisition.

Under the current rules, if X, a C corporation, elects to be an S corporation when it owns some or all of the stock of Y, a C corporation, and Y subsequently transfers its assets to X in a liquidation to which sections 332 and 337(a) apply or in a reorganization described in section 368(a), the built-in gain or built-in loss in Y's assets may be wholly or partially reflected twice: once in the NUBIG attributable to the assets X owned on the date of its conversion (including the Y stock) and a second time in the NUBIG attributable to Y's former assets acquired by X in the liquidation of Y. The IRS and Treasury Department recognize that continuing to reflect the built-in gain or the built-in loss in the Y stock at the time of X's conversion after the liquidation or reorganization is inconsistent with the fact that such liquidation or reorganization has the effect of eliminating that built-in gain or built-in loss. Therefore, on June 25, 2004, the IRS and Treasury Department published in the **Federal Register** (69 FR 35544) a notice of proposed rulemaking (REG-131486-03) that includes regulations proposing an adjustment to the NUBIG in these cases. In particular, the proposed regulations generally provide that, if an S corporation acquires assets of a C corporation in a carryover basis transaction, some or all of the stock of the C corporation from which such assets were acquired was taken into account in the computation of NUBIG for a pool of assets of the S corporation, and some or all of such stock is redeemed or canceled in such transaction, then, subject to certain limitations, such NUBIG is adjusted to eliminate any effect any built-in gain or

built-in loss in the redeemed or canceled stock had on the initial computation of NUBIG for that pool of assets. These regulations are proposed to apply for taxable years beginning after the date they are published as final regulations in the **Federal Register**.

No public hearing was requested or held regarding the proposed regulations. One written comment, however, was received. That comment requested that the proposed regulations be made effective as soon as possible.

These final regulations adopt the proposed regulations without substantive change as final regulations. However, the final regulations do modify the proposed effective date of the regulations. The final regulations apply to section 1374(d)(8) transactions that occur in taxable years beginning after February 23, 2005. The final regulations also provide that an S corporation may apply the regulations to section 1374(d)(8) transactions that occur in taxable years beginning on or before February 23, 2005, if the S corporation (and any predecessors or successors) and all affected shareholders file original or amended returns that are consistent with the regulations for taxable years of the S corporation during the recognition period of the pool of assets the NUBIG of which would be adjusted pursuant to the regulations that are not closed as of the first date after February 23, 2005, that the S corporation files an original or amended return.

Special Analyses

It has been determined that this Treasury decision is not a significant regulatory action as defined in Executive Order 12866. Therefore, a regulatory assessment is not required. It also has been determined that section 553(b) of the Administrative Procedure Act (5 U.S.C. chapter 5) does not apply to these regulations and, because the regulations do not impose a collection of information on small entities, the Regulatory Flexibility Act (5 U.S.C. chapter 6) does not apply. Therefore, a Regulatory Flexibility Analysis is not required. Pursuant to section 7805(f) of the Code, this regulation was submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on their impact on small business.

Drafting Information

The principal author of these regulations is Jennifer D. Sledge of the Office of Associate Chief Counsel (Corporate). Other personnel from Treasury and the IRS participated in their development.
