

may eliminate the need for an independent, statistically valid measure of program errors provided by the current study design, but such procedures have yet to be fully implemented and evaluated. The Improper Payments Act of 2002 requires that the Department report on the error measurements annually. This proposed data collection approval request is for studies to be conducted in 2007, 2008 and 2009 of prior year certification and recertification actions. These studies will provide current information on the quality of tenant interviews (e.g., whether they are being asked about all sources of income) and the reliability of eligibility determinations and income verification.

Estimation of the Total Number of Households That Need To Be Surveyed To Conduct the Information Collection, Including Number of Respondents, Frequency of Response, and Hours of Response

For each study, approximately 550 PHA/program sponsor staff will need to be asked about recertification procedures, training, interview procedures, and problems encountered in conducting (re)certifications. Although more than one staff member may need to be contacted to obtain answers to all questions, the questionnaire will be administered once at each participating project and the total interview times are expected to be less than 40 minutes per PHA or project. Researchers will survey approximately 2,400 program participants to obtain information on household composition, expenses, and income. The time required for these interviews will vary, but is estimated to require an average of about 50 minutes per interview.

The time estimates provided are based on the 2004 QC survey. The proposed surveys will continue to make use of Computer Assisted Interviewing (CAI) questionnaires and equipment, which are being used in part because they reduce interview times. The software also provides for consistency check and ensures that all needed data have been collected, thereby reducing the need for the follow-up contacts.

Status of the Proposed Information Collection: Pending OMB approval.

Authority: Section 3506 of the paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.
