BILLING CODE 3810-FF-P**DEPARTMENT OF ENERGY****Proposed Agency Information
Collection Submitted for OMB Review
and Comment****AGENCY:** U.S. Department of Energy.**ACTION:** Notice and request for OMB review and comment.

SUMMARY: The Department of Energy (DOE) has submitted to the Office of Management and Budget (OMB) for clearance, a proposal for collection of information under the provisions of the Paperwork Reduction Act of 1995. The Office of Science reports annually in the President's Budget Request the numbers of researchers, post docs, graduate students and technicians supported through Research Grants and Field Work Proposals (FWPs). However, these data are based on forecasts by the principal investigator (i.e., PIs) at the time the grants and FWPs were initially funded. These estimates are unreliable because they are based on the best guess of the PIs at the time of funding. While the PI's initial estimate could be accurate at the time of the request, the reliability of the initial estimate decreases as the project matures. Further, the forecasts by the PIs are subjective. Therefore, it is not possible to quantify the inaccuracies with any confidence. To better plan for future investments, the Office of Science must better understand the actual impact of its budget on the technical manpower supported. A short (approximately 17 minutes) web-based survey has been developed to collect actual workforce data from a small sample of researchers currently supported by the Office of Science. The result will be compared to proposal data to estimate the average and range of variation and to derive a statistically valid methodology for approximating budgetary impacts on the technical manpower supported.

DATES: Comments regarding this collection must be received on or before June 15, 2006. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, please advise the OMB Desk Officer of your intention to make a submission as soon as possible. The Desk Officer may be telephoned at 202-395-3087.
