

St. Clair within a 300-yard radius of the fireworks barge in approximate position 42°32' N, 082°51' W, about 1000 yards east of Veterans Memorial Park (off Masonic Rd.), St. Clair Shores, MI on June 30, 2006, from 10:00 p.m. to 10:30 p.m.

(3) *Sigma Gamma Assoc.*, Grosse Pointe Farms, MI. Location: The waters off Ford's Cove, Lake St. Clair bounded by the arc of a circle with a 300-yard radius with its center in approximate position 42°27' N, 082°52' W on June 26, 2003 from 9 p.m. to 11 p.m.

In order to ensure the safety of spectators and transiting vessels, these safety zones will be in effect for the duration of the events. In the event that these safety zones affect shipping, commercial vessels may request permission from the Captain of the Port Detroit to transit through the safety zone.

Requests must be made in advance and approved by the Captain of Port before transits will be authorized. The Captain of the Port may be contacted via U.S. Coast Guard Group Detroit on channel 16, VHF-FM. The Coast Guard will give notice to the public via a Broadcast to Mariners that the regulation is in effect.

Dated: May 18, 2006.

P. W. Brennan,

Captain, U.S. Coast Guard, Captain of the Port Detroit.

BILLING CODE 4910-15-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[COTP Charleston 06-003]

RIN 1625-AA00

Safety Zone; Cooper River, Hog Island Channel, Charleston SC

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is removing one of two duplicate temporary rules that establish safety zones on the navigable waters of Hog Island Reach on the Cooper River, for demolition of the Grace Memorial and Silas Pearman Bridges and associated recovery operations.

DATES: This rule is effective June 7, 2006.

ADDRESSES: Comments and material received from the public, as well as

documents indicated in this preamble as being available in the docket are part of docket [COTP Charleston 06-003] and are available for inspection or copying at Coast Guard Sector Charleston (WWM), 196 Tradd Street, Charleston, South Carolina 29401 between 7:30 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT:

Chief Warrant Officer James J. McHugh, Sector Charleston Office of Waterways Management, at (843) 724-7647.

SUPPLEMENTARY INFORMATION: On January 19, 2006, we published a temporary final rule that created a temporary safety zone around the Grace Memorial and Silas Pearman Bridges on Hog Island Reach. (71 FR 3005) This safety zone includes all waters within the area bounded by the following coordinates: 32°48.566' N, 079°55.211' W to 32°48.389' N, 079°54.256' W to 32°47.824' N, 079°54.401' W thence to 32°47.994' N, 079°55.359' W.

Due to an administrative error, we published a second temporary safety zone for this location on May 25, 2006, at 71 FR 30062. This second temporary final rule has the same section number and establishes a safety zone at the same coordinates as the temporary final rule that published in January; however it has a different effective date and a slightly different title.

In order to avoid confusion and maintain the January effective date of the safe zone, we are removing the second temporary rule that published on May 25, 2006, at 71 FR 30062 and is entitled "Safety Zone; Cooper River, Hog Island Channel, Charleston, SC."

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. This rule is not a significant regulatory action because it removes a second temporary final rule has the same section number and establishes a safety zone at the same coordinates as the temporary final rule that published in January.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit

organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities, because it removes one of two duplicate temporary rules that establish safety zones on the navigable waters of Hog Island Reach on the Cooper River, for demolition of the Grace Memorial and Silas Pearman Bridges and associated recovery operations.

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health

Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Commandant Instruction M16475.ID and Department of Homeland Security Management Directive 5100.1, which guide the Coast Guard in complying with the National Environmental Policy

Act of 1969 (NEPA)(42 U.S.C. 4321–4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2–1, paragraph (34)(g), of the Instruction, from further environmental documentation. Under figure 2–1, paragraph (34)(g), of the Instruction, an "Environmental Analysis Check List" and a "Categorical Exclusion Determination" are not required for this rule, because this rule removes a duplicate temporary rule from the Code of Federal Regulations.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

■ For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165, subpart C as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C 1226, 1231; 46 U.S.C. Chapter 701; 50 U.S.C. 191, 195; 33 CFR 1.05–1(g), 6.04–1, 6.04–6, and 160.5; Pub. L. 107–295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

§ 165.T07–003 [Removed]

■ 2. Remove § 165.T07–003 entitled "Safety Zone, Hog Island Channel, Grace Memorial and Silas Pearman Bridges, Charleston, SC."

Dated: May 31, 2006.

Stefan G. Venckus,

Chief, Office of Regulations and Administrative Law, United States Coast Guard.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 82

[EPA–HQ–OA–2005–0131; FRL–8181–2]

Protection of Stratospheric Ozone: Recordkeeping and Reporting Requirements for the Import of Halon-1301 Aircraft Fire Extinguishing Vessels

AGENCY: Environmental Protection Agency (EPA).

ACTION: Withdrawal of direct final rule.

SUMMARY: In response to adverse comment, EPA is withdrawing the

direct final rule published in the **Federal Register** on April 11, 2006 (71 FR 18219). This direct final rule sought to exempt importers of aircraft fire extinguishing vessels containing halon-1301 ("aircraft halon bottles") from the import petition process in order to facilitate the routine hydrostatic testing of these bottles for environmental and safety purposes. In the direct final rule, the Agency indicated that should we receive adverse comment by May 11, 2006, we would publish a timely withdrawal notice in the **Federal Register**. We received adverse comment on the direct final rule from one commenter and we will address this comment in a subsequent final action based on the parallel proposal also published on April 11, 2006 (71 FR 18259). As stated in the parallel proposal, we will not institute a second comment period on this action.

DATES: Effective June 7, 2006, EPA withdraws the direct final rule published at 71 FR 18219 on April 11, 2006.

ADDRESSES: EPA has established a docket for this action under Docket ID No. OAR 2005–0131. All documents in the docket are listed in the <http://www.regulations.gov> index. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in hard copy. Publicly available docket materials are available either electronically in <http://www.regulations.gov> or in hard copy at the Air Docket, EPA/DC, EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. This docket facility is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566–1744, and the telephone number for the Air Docket is (202) 566–1742.

FOR FURTHER INFORMATION CONTACT: For further information about this action, contact Hodayah Finman by telephone at (202) 343–9246, or by e-mail at finman.hodayah@epa.gov, or by mail at Hodayah Finman, U.S. Environmental Protection Agency, Stratospheric Protection Division (6205J), 1200 Pennsylvania Avenue, NW., Washington, DC 20460. Overnight or courier deliveries should be sent to 1310 L St., NW., Room 827M, Washington, DC 20005; att: Hodayah Finman. You may also visit the Ozone Depletion web site of EPA's Stratospheric Protection Division at <http://www.epa.gov/ozone/index.html> for further information about
