

agencies have no readily available means of identifying the industry's exposure to such loans. Therefore, the banking agencies propose to collect some Call Report items to monitor the extent of use of negatively amortizing residential mortgage loans in the industry.

The banking agencies propose to collect one memorandum item from all banks on Schedule RC-C, Part I, Loans and Leases, for the total amount of closed-end loans with negative amortization features secured by 1-4 family residential properties. In addition, the banking agencies propose to collect two memorandum items on Schedule RC-C and one memorandum item on Schedule RI, Income Statement, from banks with a significant volume of negatively amortizing 1-4 family residential mortgage loans. The banking agencies' determination of the threshold for significant volume would be based on the aggregate carrying amount of negatively amortizing loans being in excess of a certain dollar amount, *e.g.*, \$100 million or \$250 million, or in excess of a certain percentage of the total loans and leases (in domestic offices) reported on Schedule RC-C, *e.g.*, five percent or ten percent. For reporting during 2007, a bank with negatively amortizing loans would determine whether it met the size threshold for reporting the three additional memorandum items using data reported in its December 31, 2006, Call Report. For reporting in 2008 and subsequent years, the determination would be based on data from the previous year-end Call Report. The banking agencies request comment on the specific dollar amount and percentage of loans that should be used in setting the size threshold for additional reporting on negatively amortizing loans.

The two additional Schedule RC-C memorandum items are (1) the total maximum remaining amount of negative amortization contractually permitted on closed-end loans secured by 1-4 family residential properties and (2) the total amount of negative amortization on closed-end loans secured by 1-4 family residential properties that is included in the carrying amount of these loans. The Schedule RI memorandum item is year-to-date noncash income on closed-end loans with a negative amortization feature secured by 1-4 family residential properties. Banks with negatively amortizing 1-4 family residential loans in excess of the reporting threshold for these items would report these three items for the entire calendar year following the end of

any calendar year when this threshold was exceeded.

For the same reasons, OTS proposed on July 31, 2006, to add two new items to Schedule LD of the TFR (71 FR 43286). These items would be the total amount of (1) 1-4 dwelling adjustable rate mortgage loans with negative amortization and (2) total capitalized negative amortization on 1-4 dwelling adjustable rate mortgage loans.

E. Call Report Instructional Clarification for Servicing of Loan Participations

Banks report the outstanding principal balance of assets serviced for others in Memorandum item 2 of Schedule RC-S, "Servicing, Securitization, and Asset Sale Activities." In Memorandum items 2.a and 2.b, banks disclose the amounts of 1-4 family residential mortgages serviced with recourse and without recourse, respectively. Memorandum item 2.c covers all other loans and financial assets serviced for others, but banks are required to disclose the amount of such servicing only if the servicing volume is more than \$10 million. The instructions for Memorandum item 2 do not explicitly state whether a bank that has sold a participation in a 1-4 family residential mortgage or other loan or financial asset, which it continues to service, should include the servicing in Memorandum item 2.a, 2.b, or 2.c, as appropriate. The absence of clear instructional guidance has resulted in questions from bankers and has produced diversity in practice among banks.

Subject to the reporting threshold that applies to Memorandum data item 2.c, Memorandum data item 2 was intended to cover the entire volume of loans and other financial assets for which banks perform the servicing function, regardless of whether the servicing involves whole loans and other financial assets or only portions thereof, as is typically the case with loan participations. The risks and responsibilities inherent in servicing are present whether all or part of a loan or financial asset is serviced for the benefit of another party. Accordingly, the banking agencies propose to clarify the instructions to Memorandum item 2 of Schedule RC-S to explicitly state that the amount of loan participations serviced for others should be included in this item.
