

appealable decision approving lands for conveyance pursuant to the Alaska Native Claims Settlement Act will be issued to Toghothle Corporation. The lands are in the vicinity of Nenana, Alaska, and are located in:

Fairbanks Meridian, Alaska

T. 5 S., R. 3 W.,
Sec. 18.

Containing 2.70 acres.

T. 6 S., R. 3 W.,
Sec. 9, lots 1 and 2.

Containing 7.23 acres.

T. 4 S., R. 4 W.,
Sec. 34, lots 1 and 2.

Containing 4.20 acres.

Aggregating 14.13 acres.

The subsurface estate in these lands will be conveyed to Doyon, Limited, when the surface estate is conveyed to Toghothle Corporation. Notice of the decision will also be published four times in the Fairbanks Daily News-Miner.

DATES: The time limits for filing an appeal are:

1. Any party claiming a property interest which is adversely affected by the decision shall have until December 7, 2006 to file an appeal.

2. Parties receiving service of the decision by certified mail shall have 30 days from the date of receipt to file an appeal.

Parties who do not file an appeal in accordance with the requirements of 43 CFR part 4, Subpart E, shall be deemed to have waived their rights.

ADDRESSES: A copy of the decision may be obtained from:

Bureau of Land Management, Alaska State Office, 222 West Seventh Avenue, #13, Anchorage, Alaska 99513-7599.

FOR FURTHER INFORMATION, CONTACT: The Bureau of Land Management by phone at 907-271-5960, or by e-mail at ak.blm.conveyance@ak.blm.gov. Persons who use a telecommunication device (TTD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8330, 24 hours a day, seven days a week, to contact the Bureau of Land Management.

Barbara Opp Waldal,

Land Law Examiner, Branch of Adjudication II.

BILLING CODE 4310--\$S-P

DEPARTMENT OF THE INTERIOR

Minerals Management Service

Environmental Documents Prepared for Proposed Oil and Gas Operations on the Gulf of Mexico Outer Continental Shelf (OCS)

AGENCY: Minerals Management Service, Interior.

ACTION: Notice of the availability of environmental documents; prepared for OCS mineral proposals on the Gulf of Mexico OCS.

SUMMARY: Minerals Management Service (MMS), in accordance with Federal Regulations that implement the National Environmental Policy Act (NEPA), announces the availability of NEPA-related Site-Specific Environmental Assessments (SEA) and Findings of No Significant Impact (FONSI), prepared by MMS for the following oil and gas activities proposed on the Gulf of Mexico OCS.

FOR FURTHER INFORMATION CONTACT: Public Information Unit, Information Services Section at the number below. Minerals Management Service, Gulf of Mexico OCS Region, Attention: Public Information Office (MS 5034), 1201 Elmwood Park Boulevard, Room 114, New Orleans, Louisiana 70123-2394, or by calling 1-800-200-GULF.

SUPPLEMENTARY INFORMATION: MMS prepares SEAs and FONSI for proposals that relate to exploration for and the development/production of oil and gas resources on the Gulf of Mexico OCS. These SEAs examine the potential environmental effects of activities described in the proposals and present MMS conclusions regarding the significance of those effects. Environmental Assessments are used as a basis for determining whether or not approval of the proposals constitutes major Federal actions that significantly affect the quality of the human environment in the sense of NEPA Section 102(2)(C). A FONSI is prepared in those instances where MMS finds that approval will not result in significant effects on the quality of the human environment. The FONSI briefly presents the basis for that finding and includes a summary or copy of the SEA.

This notice constitutes the public notice of availability of environmental documents required under the NEPA Regulations.

This listing includes all proposals for which the Gulf of Mexico OCS Region prepared a FONSI in the period subsequent to publication of the preceding notice.

DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Availability of the Record of Decision for the Environmental Impact Statement on the Schoodic General Management Plan Amendment, Acadia National Park, ME

AGENCY: National Park Service, Interior.

ACTION: Notice of Availability of the Record of Decision for the Environmental Impact Statement on the Schoodic General Management Plan Amendment, Acadia National Park, Maine.

SUMMARY: The National Park Service (NPS) announces the availability of the Record of Decision (ROD) for the Schoodic General Management Plan Amendment, Acadia National Park, Maine. Acadia National Park includes 2,366 acres on the Schoodic Peninsula, which offers exceptional views of the rocky coast and surrounding islands in an uncrowded environment and attracts approximately 250,000 visits a year. The Schoodic District contains two "Rare

Natural Communities" (Jack Pine Woodland and Maritime Shrubland), several rare plant species, and significant wildlife habitat, as identified by the Maine Natural Areas Program. Schoodic also protects pristine intertidal areas, exemplary geologic features, and extraordinary scenery. In addition, much of the Schoodic District is eligible for listing in the National Register of Historic Places because of its historically significant cultural landscape.

In 2002, the NPS acquired a former navy base located within the Schoodic District. The former base contains 36 major buildings, totaling approximately 206,000 square feet. Only two buildings on the former navy base, the Rockefeller Building (a 1935 apartment and office building) and its powerhouse, are eligible for listing in the National Register of Historic Places.

This ROD documents the decision by the NPS to implement the preferred alternative (Alternative C—Collaborative Management) of the Schoodic General Management Plan Amendment as the selected action. Under this alternative, the NPS will develop the Schoodic Education and Research Center (SERC) at the former navy base to facilitate research and education that promotes the understanding, protection, and conservation of natural and cultural resources of the National Park System and advance related research and education at the regional, national, and international levels.

The NPS will enter into a long-term cooperative agreement with an independent nonprofit organization to assist in carrying out the mission of SERC. The cooperative agreement will include the assignment of real property

to the nonprofit organization for its direct use and possible reassignment to tenant partners. The nonprofit organization will, among other responsibilities, promote appropriate research and education, cultivate and facilitate partnerships, and manage facilities and services at SERC. The nonprofit organization will have sufficient autonomy to be creative and flexible in developing and managing SERC consistent with NPS laws, regulations, policies, and management documents. A full range of revenue-generating and fundraising approaches will be used to support SERC to ensure that its programs and activities are financially viable.

The NPS will collaborate with the nonprofit organization and other partners at SERC to provide research and educational opportunities. The NPS will provide security, law enforcement, emergency medical services, and fire protection for the SERC campus, and maintain its roads, grounds, building envelopes, and utility systems. The NPS and nonprofit organization will share responsibilities for site renovation and construction to convert buildings to research and education use and facilitate the efficient reuse of the site. The NPS will redesign the landscape of the former navy base to create a suitable setting for research and education activities, minimize impervious surfaces, and improve its appearance. Incompatible elements that diminish the safety, appearance, or efficient use of the campus will be mitigated or removed.

The NPS will manage resources and visitor use consistent with the management zone in which they are located. The NPS will implement management actions to ensure that
