National Park Service

60-Day Notice of Intention To Request Clearance of Information Collection: Opportunity for Public Comment

AGENCY: Department of the Interior, National Park Service.

ACTION: Notice and request for comments.

SUMMARY: Under the provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. 3507) and 5 CFR Part 1320, the National Park Service (NPS) invites public comment on an extension of a currently approved collection of information (OMB No. 1024-0022)

DATES: Public comments on this Information Collection Request (ICR) will be accepted on or before May 7, 2007.

ADDRESSES: Send comments to Lee Dickinson, Special Park Uses Program Manager, National Park Service (NPS), 1849 C Street, NW., (org. code 2460), Washington, DC 20240 or by e-mail at Lee_Dickinson@nps.gov. Also, please send a copy of your comments to Leonard Stowe, Information Collection Clearance Officer, NPS, 1849 C St., (org. code 2605), Washington, DC 20240, or by e-mail at Leonard.Stowe@nps.gov. All responses to this notice will be summarized and included in the request for the Office of Management and Budget (OMB) approval. All comments will become a matter of public record. Copies of this form may be obtained from the Internet at <http://www.nps.gov/policy/DOrders/BUP.pdf> or by contacting Lee Dickinson.

FOR FURTHER INFORMATION CONTACT: Lee Dickinson, Special Park Uses Manager, National Park Service, 1849 C Street, NW., (org. code 2460), Washington, DC 20240; Phone: 205-513-7092; E-mail: Lee_Dickinson@nps.gov.

SUPPLEMENTARY INFORMATION:

Title: Backcountry Use Permit (36 CFR 1.5, 1.6, and 2.10).

Form Numbers: 10-404A.

OMB Number: 1024-0022.

Expiration Date: 06/30/07.

Type of Request: Extension of a currently approved collection.

Description of Need: In 1976, the NPS initiated a backcountry registration system in accordance with the regulations found at 36 CFR 1.5, 1.6 and 2.10. The objective of the backcountry use permit system is to provide users access to backcountry areas of national parks with continuing opportunities for solitude, while enhancing resource protection and providing a means of disseminating public safety messages regarding backcountry travel.

NPS backcountry program managers, by designating access routes and overnight camping locations, can redistribute campers in response to user impact, high fire danger, flood or wind hazard, bear activity or other situations that may temporarily close a portion of the backcountry. The NPS may also use the permit system as a means of ensuring that each backcountry user receives up-to-date information on backcountry sanitation procedures, food storage, wildlife activity, trail conditions and weather projections so that concerns for visitor safety are met.

The Backcountry Use Permit is an extension of the NPS statutory authority responsibility to protect the park areas it administers and to manage the public use thereof (16 U.S.C. Sections 1 and 3). NPS regulations codified in 36 CFR Parts 1 through 7, 12 and 13, are designated to implement statutory mandates that provide for resource protection and public enjoyment. The Backcountry Use Permit is the primary form used to provide access into NPS backcountry areas including those areas that require a reservation to enter where use limits are imposed in accordance with other NPS regulations. Such permitting enhances the ability to the NPS to educate users on potential hazards, search and rescue efforts, and resource protection.

Comments are invited on: (1) The practical utility of the information being gathered; (2) the accuracy of the burden hour estimate; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden to respondents, including use of automated information collection techniques or other forms of information technology. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you

should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Description of Respondents:

Individuals wishing to use backcountry areas within national parks.

Estimated annual number of respondents: 285,000.

Estimated annual number of responses: 285,000.

Estimated average burden hours per response: 5 minutes.

Estimated frequency of response: 1 time.

Estimated annual resorting burden: 22,800 hours per year.

Dated: January 29, 2007.

Leonard E. Stowe,

NPS, Information Collection Clearance Officer.

Draft General Management Plan and Environmental Impact Statement for Sagamore Hill National Historic Site, New York

AGENCY: National Park Service, Interior.

ACTION: Notice of availability.

SUMMARY: In accordance with the National Environmental Policy Act of 1969 (Pub. L. 91-109 section 102(2)(C)), the National Park Service (NPS) announces the availability of a Draft General Management Plan (GMP) and Environmental Impact Statement (EIS) for Sagamore Hill National Historic Site (NHS), located in the town of Oyster Bay, Nassau County, New York. Consistent with National Park Service rules, regulations, and policies, and the park's mission, the Draft GMP/EIS describes and analyzes two action alternatives to guide the management and development of Sagamore Hill NHS over the next 15 to 20 years. The action alternatives incorporate various management prescriptions to ensure protection and enjoyment of the park's resources. A status quo alternative (see below) is also evaluated. The Draft GMP/EIS evaluates potential environmental consequences of implementing the alternatives. Impact topics include cultural and natural resources, visitor experience, park

operations, and the socioeconomic environment.

DATES: The Draft GMP/EIS will be available for public review for 60 days from the date of publication of the EPA notice of availability in the **Federal Register**. The National Park Service will hold a public meeting during the public review period to solicit comments. Meeting date, time, and location will be announced in local media in advance of the meeting date. Comments on the Draft GMP/EIS must be received at one of the addresses below no later than 60 days from the date of publication of the EPA notice of availability in the **Federal Register**.

ADDRESSES: Comments on the Draft GMP/EIS should be mailed to: Superintendent, Sagamore Hill National Historic Site, 20 Sagamore Hill Road, Oyster Bay, NY 11771-1809, or sent by e-mail to: ellen_carlson@nps.gov. Comments may also be submitted at the park's Web site: <http://www.nps.gov/sahi>.

FOR FURTHER INFORMATION CONTACT: Copies of the Draft GMP/EIS are available upon request by writing to: Ellen Carlson, Project Planner, National Park Service, Northeast Region, 15 State Street, Boston, MA 02109; e-mailing ellen_carlson@nps.gov, or calling (617) 223-5048. The Draft GMP/EIS also is available for pick up in person at Sagamore Hill National Historic Site at 20 Sagamore Hill Road, Oyster Bay, New York, at the park's administrative offices in the Old Orchard Museum during regular business hours. It is also available on the park's Web site at <http://www.nps.gov/sahi>.

SUPPLEMENTARY INFORMATION: NPS planning staff, staff at Sagamore Hill, and key park partners collaborated in the development of the Draft GMP/EIS. A previous master plan was prepared for the park in 1963 but was not approved. Project scoping for the GMP began in May 2003. Formal public scoping sessions were held in Oyster Bay and NYC in April 2004. A preliminary alternatives newsletter was prepared and distributed in April 2005 followed by two community meetings.

The Draft GMP/EIS addresses the following issues—improving the visitor experience, broadening and diversifying the park audience, improving operational efficiency, and enhancing resource protection. Key park partners closely involved in the development of planning alternatives include the Theodore Roosevelt Association, the Friends of Sagamore Hill, and the park's Volunteer Advisory Board.

In addition to *Alternative 1—Status Quo*, which describes the continuation of current management practices, the plan includes two action alternatives. *Alternative 2—Building Capacity* emphasizes building the park's capacity to address its basic visitor services and operational needs. *Alternative 3—Past Meets Present* emphasizes rehabilitation of the park's cultural resources and improvements to its visitor services and facilities to offer expanded opportunities for visitors to explore the site's contemporary relevance in the same context in which they explore its history.

After public review of the Draft GMP/EIS, the National Park Service will consider public comments, and a Final GMP/EIS will be prepared. The Final GMP/EIS is scheduled for completion in 2007. Before including your address, phone number, e-mail address or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: February 26, 2007.

Dennis Reidenbach,
Acting Regional Director, Northeast Region.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-739 (Second Review)]

Clad Steel Plate From Japan; Determination

On the basis of the record¹ developed in the subject five-year review, the United States International Trade Commission (Commission) determines, pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)), that revocation of the antidumping duty order on clad steel plate from Japan would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

¹ The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

² Commissioners Jennifer A. Hillman and Irving A. Williamson not participating.

Background

The Commission instituted this review on October 2, 2006 (71 FR 57996), and determined on January 5, 2007, that it would conduct an expedited review (72 FR 2554, January 19, 2007).

The Commission's public report Clad Steel Plate from Japan (Inv. No. 731-TA-739) (Second Review), USITC Publication 3907, March 2007) will contain the views of the Commission developed during the review.

By order of the Commission.

Issued: March 5, 2007.

Marilyn R. Abbott,

Secretary to the Commission.
