

resolved, so CARB submitted this extension. In addition, CARB submitted for authorization the marine engine consumer hang tag regulations because the earlier model year applicability issue had been resolved.

(3) By letter dated March 2, 2004, CARB extended the earlier requests by requesting authorization to enforce California's marine SI regulations affecting inboard and sterndrive (IB/SD) engines for model years 2003 and beyond.¹³ The first tier of regulations, for model year 2003 through 2008, sets a cap reflecting average emission levels of 16.0 grams per kilowatt hour (g/kW-hr) HC plus NO_x which manufacturers can meet directly by engine family or by corporate average. The second tier of standards sets a level of 5.0 g/kW-hr HC plus NO_x and will phase in beginning with 45% of manufacturers' sales in 2007, 75% in 2008 and 100% in 2009 and beyond. For 2007 and 2008, all engines subject to the standard must comply directly with the standard, with no option for sales weighted-averaging. Besides these new standards, other regulations establish requirements for certification, emission test procedures, emissions warranty, and emission certification labels and consumer/environmental awareness hang tag labels. In addition, the IB/SD regulations require on-board diagnostics for these engines. Finally, as part of the IB/SD rulemaking, CARB adopted some minor amendments to the OB and PWC regulations to clarify some definitions and labeling requirements made necessary by the adoption of the regulations for IB/SD marine engines.

As required by the Act, EPA offered the opportunity for a public hearing and requested public comments on these new standards by publication of a **Federal Register** notice to such effect on January 12, 2005.¹⁴ EPA received a request for a hearing from the National Marine Manufacturers Association,¹⁵ and a hearing was held on February 28, 2005.¹⁶ In addition, EPA received post-hearing written comments for the

Docket of this proceeding from the U.S. Coast Guard, the Manufacturers of Emissions Controls Association, the National Marine Manufacturers Association, several marine engine manufacturers, Senator Herb Kohl (D-WI), and Senator James Inhofe (R-OK), and a supplemental submission from CARB responding to matters raised at the public hearing.¹⁷ Accordingly, EPA has made this authorization decision based on the information submitted by CARB in its requests, and the information presented to the Agency at the public hearing and in the comments received after the hearing.

(C) Authorization Decision

After review of the information submitted by CARB and other parties to the record of this Docket, EPA finds that no party has presented information to the Agency which would demonstrate that California did not meet the burden of satisfying the statutory criteria of section 209(e). For this reason, EPA is granting authorization for the CARB Marine Spark-Ignition Engines regulations for OB and PWC engines in their entirety. With respect to the regulations affecting IB/SD engines, EPA grants authorization for CARB to enforce the first tier of these regulations for model year 2003 through 2008, which set a cap reflecting average emission levels of 16.0 grams per kilowatt hour (g/kW-hr) HC plus NO_x which manufacturers can meet directly by engine family or by corporate average. EPA is deferring an authorization decision on the second tier of standards which set a level of 5.0 g/kW-hr HC plus NO_x and will phase in beginning with 45% of manufacturers' sales in 2007, 75% in 2008 and 100% in 2009 and beyond. There is testing currently underway, performed as a joint program by CARB, EPA, the U.S. Coast Guard and the industry, to evaluate the technological feasibility of both the CARB IB/SD standards and Federal IB/SD standards which are expected to be proposed regulations in 2007. At the conclusion of this testing, EPA will issue its authorization decision for the second tier (i.e., for 2007 and beyond) CARB IB/SD standards.

My decision will affect not only persons in California but also the manufacturers outside the State who must comply with California's requirements in order to produce nonroad engines and vehicles for sale in California. For this reason, I hereby

determine and find that this is a final action of national applicability.

Under section 307(b)(1) of the Act, judicial review of this final action may be sought only in the United States Court of Appeals for the District of Columbia Circuit. Petitions for review must be filed by May 29, 2007. Under section 307(b)(2) of the Act, judicial review of this final action may not be obtained in subsequent enforcement proceedings.

As with past authorization decisions, this action is not a rule as defined by Executive Order 12866. Therefore, it is exempt from review by the Office of Management and Budget as required for rules and regulations by Executive Order 12866.

In addition, this action is not a rule as defined in the Regulatory Flexibility Act, 5 U.S.C. 601(2). Therefore, EPA has not prepared a supporting regulatory flexibility analysis addressing the impact of this action on small business entities.

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, does not apply because this action is not a rule, for purposes of 5 U.S.C. 804(3).

Finally, the Administrator has delegated the authority to make determinations regarding authorizations under section 209(e) of the Act to the Assistant Administrator for Air and Radiation.

Dated: March 22, 2007.

William L. Wehrum,

Acting Assistant Administrator for Air and Radiation.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2007-0037; FRL-8118-3]

Pesticide Registration Review; New Dockets Opened for Review and Comment

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA has established registration review dockets for the pesticides listed in the table in Unit III.A. With this document, EPA is opening the public comment period for these registration reviews. Registration review is EPA's periodic review of pesticide registrations to ensure that each pesticide continues to satisfy the statutory standard for registration, that

¹³ Inboard engines include a propeller shaft that penetrates the hull of the marine vessel, while the engine and the remainder of the drive unit are internal to the hull of the marine watercraft. In sterndrive engines, the drive unit is external to the hull of the marine watercraft, while the engine is internal to the hull of the marine watercraft. CARB Staff Report, June 8, 2002, at p. 4, Docket OAR-2004-0403.

¹⁴ 70 FR 2151 (January 12, 2005).

¹⁵ See Letter from John McKnight, National Marine Manufacturers Association, to Robert M. Doyle, USEPA, dated January 27, 2005, Docket Entry 2004-0403-0030.

¹⁶ Written Statements presented at this hearing and the hearing transcript appear in the Docket as Docket Entries 2004-0403-0031 through 2004-0403-0036.

¹⁷ These comments appear in the Docket as Docket Entries 2004-0403-0037 through 2004-0403-0047.

is, the pesticide can perform its intended function without unreasonable adverse effects on human health or the environment. Registration review dockets contain information that will assist the public in understanding the types of information and issues that the Agency may consider during the course of registration reviews. Through this program, EPA is ensuring that each pesticide's registration is based on current scientific and other knowledge, including its effects on human health and the environment. This document also announces the Agency's intent not to open a registration review docket for pyridate. This pesticide does not currently have any active federally registered pesticide products and is not, therefore, scheduled for review under the registration review program.

DATES: Comments must be received on or before June 26, 2007..

ADDRESSES: Submit your comments identified by the docket identification (ID) number for the specific pesticide of interest provided in the table in Unit III.A., by one of the following methods:

Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

Mail. Office of Pesticide Programs (OPP) Regulatory Public Docket (7502P), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001.

Delivery. OPP Regulatory Public Docket (7502P), Environmental Protection Agency, Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. Deliveries are only accepted during the Docket's normal hours of operation 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. Special arrangements should be made for deliveries of boxed information. The Docket telephone number is (703) 305-5805.

Instructions. Direct your comments to the docket ID numbers listed in the Table below for the pesticides you are commenting on. EPA's policy is that all comments received will be included in the docket without change and may be made available on-line at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov or e-mail. The www.regulations.gov website is an "anonymous access" system, which means EPA will not know your identity

or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through www.regulations.gov, your e-mail address will be automatically captured and included as part of the comment that is placed in the docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket. All documents in the docket are listed in the docket index available at www.regulations.gov. To access the electronic docket, go to <http://www.regulations.gov>, select "Advanced Search," then "Docket Search." Insert the docket ID number where indicated and select the "Submit" button. Follow the instructions on the www.regulations.gov web site to view the docket index or access available documents. Although, listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available electronically at <http://www.regulations.gov>, or, if only available in hard copy, at the OPP Regulatory Public Docket in Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. The hours of operation of this Docket Facility are from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket Facility telephone number is (703) 305-5805.

FOR FURTHER INFORMATION CONTACT: For information about the pesticides included in this notice, contact the specific Chemical Review Managers for these pesticides as identified in the table to this document.

For general questions on the registration review program, contact Kennan Garvey, Special Review and Reregistration Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 305-7106; fax number: (703) 308-8090; e-mail address: garvey.kennan@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, farmworker, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. What Should I Consider as I Prepare My Comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through www.regulations.gov or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD ROM that you mail to EPA, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When submitting comments, remember to:

- i. Identify the document by docket ID number and other identifying information (subject heading, **Federal Register** date and page number).
- ii. Follow directions. The Agency may ask you to respond to specific questions or organize comments by referencing a Code of Federal Regulations (CFR) part or section number.
- iii. Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.
- iv. Describe any assumptions and provide any technical information and/or data that you used.
- v. If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow for it to be reproduced.
- vi. Provide specific examples to illustrate your concerns and suggest alternatives.

vii. Explain your views as clearly as possible, avoiding the use of profanity or personal threats.

viii. Make sure to submit your comments by the comment period deadline identified.

II. Authority

EPA is initiating its reviews of the pesticides identified in this document pursuant to section 3(g) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and the Procedural Regulations for Registration Review published on August 9, 2006, and effective on October 10, 2006 (71 FR 45719) (FRL-8080-4), also at <http://www.epa.gov/fedrgstr/EPA-PEST/2006/August/Day-09/p12904.htm>. Section 3(g) of FIFRA provides, among other things, that the registrations of

pesticides are to be periodically reviewed. The goal is a review of a pesticide's registration every 15 years. Under section 3(a) of FIFRA, a pesticide product may be registered or remain registered only if it meets the statutory standard for registration given in FIFRA section 3(c)(5). When used in accordance with widespread and commonly recognized practice, the pesticide product must perform its intended function without unreasonable adverse effects on the environment; that is, without any unreasonable risk to man or the environment, or a human dietary risk from residues that result from the use of a pesticide in or on food.

III. Registration Reviews

A. What Action is the Agency Taking?

As directed by FIFRA section 3(g), EPA is periodically reviewing pesticide registrations to assure that they continue to satisfy the FIFRA standard for registration—that is, they can still be used without unreasonable adverse effects on human health or the environment. The implementing regulations establishing the procedures for registration review appear at 40 CFR part 155. A pesticide's registration review begins when the Agency establishes a docket for the pesticide's registration review case and opens the docket for public review and comment. At present, EPA is opening registration review dockets for the cases identified in the following table.

TABLE—REGISTRATION REVIEW DOCKETS OPENING

Registration Review Case Name and Number	Pesticide Docket ID Number	Chemical Review Manager Name, Phone Number, E-mail Address
Paclobutrazol (7002)	EPA-HQ-OPP-2006-0109	Nathan Mottl (703) 305-0208 mottl.nathan@epa.gov
Cyromazine (7439)	EPA-HQ-OPP-2006-0108	James Parker (703) 306-0469 parker.james@epa.gov
Fenarimol (7001)	EPA-HQ-OPP-2006-0241	Katherine St. Clair (703) 347-8778 stclair.katherine@epa.gov
Triflumizole (7003)	EPA-HQ-OPP-2006-0115	Mark T. Howard (703) 308-8172 howard.markt@epa.gov
Formesafen (7211)	EPA-HQ-OPP-2006-0239	Wilhelmena Livingston (703) 308-8025 livingston.wilhelmena@epa.gov
Clofentezine (7602)	EPA-HQ-OPP-2006-0240	Joy Schnackenberg (703) 308-8072 schnackenberg.joy@epa.gov

EPA is also announcing that it will not be opening a docket for pyridate because this pesticide is not included in any products actively registered under section 3 of FIFRA. Tough 3.75 EC was officially cancelled in 2002 for failure to pay the required annual maintenance fee. Pryidate Technical and Tough 5EC were subsequently cancelled in 2004 (October 27, 2004; 69 FR 62666; FRL-7683-7). The Agency will take separate action to cancel any remaining section 24(c) Special Local Needs registrations with this active ingredient and to propose revocation of any affected tolerances that are not supported for import purposes only.

B. Docket Content

1. *Review dockets.* The registration review dockets contain information that the Agency may consider in the course of the registration review. The Agency may include information from its files including, but not limited to, the following information:

- An overview of the registration review case status.
- A list of current product registrations and registrants.
- FR Notices regarding any pending registration actions.
- FR Notices regarding current or pending tolerances.
- Risk assessments.
- Bibliographies concerning current registrations.

- Summaries of incident data.
- Any other pertinent data or information.

Each docket contains a document summarizing what the Agency currently knows about the pesticide case and a preliminary work plan for anticipated data and assessment needs. Additional documents provide more detailed information. During this public comment period, the Agency is asking that interested persons identify any additional information they believe the Agency should consider during the registration reviews of these pesticides. The Agency identifies in each docket the areas where public comment is specifically requested, though comment in any area is welcome.

2. *Other related information.* More information on these cases, including the active ingredients for each case, may be located in the registration review schedule on the Agency's website at http://www.epa.gov/oppsrrd1/registration_review/schedule.htm. Information on the Agency's registration review program and its implementing regulation may be seen at http://www.epa.gov/oppsrrd1/registration_review/.

3. *Information submission requirements.* Anyone may submit data or information in response to this document. To be considered during a pesticide's registration review, the submitted data or information must meet the following requirements:

To ensure that EPA will consider data or information submitted, interested persons must submit the data or information during the comment period. The Agency may, at its discretion, consider data or information submitted at a later date.

The data or information submitted must be presented in legible and useable form. For example, an English translation must accompany any material that is not in English and a written transcript must accompany any information submitted as an audiographic or videographic record. Written material may be submitted in paper or electronic form.

Submitters must clearly identify the source of any submitted data or information.

Submitters may request the Agency to reconsider data or information that the Agency rejected in a previous review. However, submitters must explain why they believe the Agency should reconsider the data or information in the pesticide's registration review.

As provided in 40 CFR part 155, subpart C, § 155.58, the registration review docket for each pesticide case will remain publicly accessible through the duration of the registration review process; that is, until all actions required in the final decision on the registration review case have been completed.

List of Subjects

Environmental protection, Pesticides and pests.

Dated: March 14, 2007.

James B. Gulliford,

Assistant Administrator, Office of Prevention, Pesticides, and Toxic Substances.

BILLING CODE 6560-50-S

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2005-0145; FRL-8119-4]

Boscalid; Pesticide Tolerances; Availability of Objections and Request for Comments

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This document announces the availability of objections filed with respect to the establishment of two boscalid tolerances under section 408 of the Federal Food, Drug, and Cosmetic Act. The objections were filed on February 20, 2007 by the Natural Resources Defense Council ("NRDC"). NRDC's objections assert that EPA unlawfully removed the additional 10X safety factor for the protection of infants and children. Additionally NRDC claims that EPA's action was arbitrary and capricious for failing to provide an adequate explanation for the decision on the children's safety factor. This document seeks comment on the NRDC objections.

DATES: Comments must be received on or before May 29, 2007.

ADDRESSES: Submit your comments, identified by docket identification (ID) number(s) EPA-HQ-OPP-2005-0145, by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

- *Mail:* Office of Pesticide Programs (OPP) Regulatory Public Docket (7502P), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001.

- *Delivery:* OPP Regulatory Public Docket (7502P), Environmental Protection Agency, Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. Deliveries are only accepted during the Docket's normal hours of operation (8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays). Special arrangements should be made for deliveries of boxed information. The Docket telephone number is (703) 305-5805.

Instructions: Direct your comments to docket ID number(s) EPA-HQ-OPP-2005-0145. EPA's policy is that all comments received will be included in the docket without change and may be made available on-line at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information

whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through [regulations.gov](http://www.regulations.gov) or e-mail. The Federal [regulations.gov](http://www.regulations.gov) website is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through [regulations.gov](http://www.regulations.gov), your e-mail address will be automatically captured and included as part of the comment that is placed in the docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: EPA has established a docket for this action under docket identification (ID) number EPA-HQ-OPP-2005-0145. To access the electronic docket, go to <http://www.regulations.gov>, select "Advanced Search," then "Docket Search." Insert the docket ID number where indicated and select the "Submit" button. Follow the instructions on the [regulations.gov](http://www.regulations.gov) web site to view the docket index or access available documents. All documents in the docket are listed in the docket index available in [regulations.gov](http://www.regulations.gov). Although listed in the index, some information is not publicly available, e.g., Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the OPP Regulatory Public Docket in Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. The Docket Facility is open from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket telephone number is (703) 305-5805.
