

The Consent Decree resolves the United States' claims against PSD Queens Drive LP and others with respect to response costs incurred, pursuant to Section 107 of the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA"), 42 U.S.C. 9607. These costs were incurred as a result of response actions taken by the U.S. Environmental Protection Agency at the Stanley Kessler Superfund Site, located in Montgomery County, Pennsylvania. The Consent Decree also resolves the United States' claim regarding continued implementation of a long-term groundwater remedy at the Site.

Under the Consent Decree, defendants will pay the United States \$75,000 in reimbursement of response costs incurred in connection with the Site, and will pay future response costs incurred by the United States. Further, defendants have agreed to continue implementation of a long-term groundwater remedy as described in the Consent Decree.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the Consent Decree. Comments should be addressed to the Acting Assistant Attorney General, Environment and Natural Resources Division, and either e-mailed to pubcomment-ees.enrd@usdoj.gov, or mailed to P.O. Part I. Funding Opportunity Description

1. Background

The Workforce Investment Act (WIA) reformed numerous federal job training programs with amendments impacting service delivery under other laws including 29 U.S.C. 49 *et seq.* the Wagner-Peyser Act, Adult Education and Family Literacy Act, 20 U.S.C. 9201 *et seq.*, and the Rehabilitation Act., 29 U.S.C. 701 *et seq.* WIA created a system of One-Stop Career Centers across the country. The intention of the One-Stop Career Center system is to establish a network of programs and providers in co-located and integrated settings that are accessible for individuals and businesses alike. There are currently over 1,800 comprehensive One-Stop Career Centers and over 1,400 affiliated One-Stop Career Centers across the United States. A number of other Federal programs are also identified as required partners in the One-Stop Career Center system to provide a comprehensive set of services for all Americans to access the information and resources available to help achieve their career goals. The WIA also established state and local Workforce

Investment Boards focused on strategic planning, policy development, and oversight of the workforce investment system, and accorded significant authority to the nation's Governors and local chief elected officials to further implement innovative and comprehensive delivery systems. The vision, goals and objectives for workforce investment under the WIA decentralized system are fully described in the state strategic plan required under Section 112 of the statute. This state strategic workforce investment plan and the operational experience gained by all the partners to date in implementing the WIA-instituted reforms help identify the important “unmet needs” and latent opportunities to expand access to One-Stop Career Center systems by all the population segments within the local labor market.

States are currently developing their Strategic Plans for years three and four of the current five-year planning cycle. Plans from states with new governors are due to the Department by June 30, 2007 and plans from the other states are due by May 1, 2007.

2. Administration Strategy

Engagement of Faith-Based and Community Organizations Under the Workforce Investment Act

On January 29, 2001, President George W. Bush issued Executive Order 13198, creating the Office for Faith-Based and Community Initiatives in the White House and centers for faith-based and community initiatives (CFBCI) in the federal Departments of Labor (DOL), Health and Human Services (HHS), Housing and Urban Development (HUD), Education (ED), and Justice (DOJ). President Bush charged the departmental centers with identifying statutory, regulatory, and bureaucratic barriers that stand in the way of the participation of effective faith-based and community organizations in providing human services, and to ensure, consistent with the law, that these organizations have equal opportunity to compete for federal funding and other support.

In early 2002, the CFBCI and ETA developed and issued an SGA to engage States, intermediary and grassroots organizations in workforce system-building. Further, ETA ensured that all solicitations were designed to include faith-based and community organizations as potential providers to deliver services and to strengthen their partnerships with the One-Stop Career Center system, while providing additional points of entry for customers into that system.
