The Commission agrees with the comments received from AT&T, Verizon, Wireless, and T-Mobile that it is consistent with the primary objective of the DIRS to treat filings as confidential. The Commission will work with commenters and other respondents to ensure that their concerns regarding the confidentiality of DIRS filings are resolved in a manner consistent with the Commission's rules.

Also in the event of an emergency, Commission staff may contact those companies.

The Commission needs to revise this information collection in order to perform its homeland security and public safety functions as required by the Communications Act of 1934, as amended, as well as to coordinate DIRS data with the Department of Homeland Security (DHS) and its component National Communications System (NCS) in support of NCS's role as the primary agency for Emergency Support Function-2 (ESF-2) (Communications) of the National Response Plan (NRP).
