motor vehicle originally manufactured for sale in the United States, certified under 49 U.S.C. 30115, and of the same model year as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all

applicable FMVSS.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the Federal Register of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the **Federal** Register.

Wallace Environmental Testing Laboratories, Inc. (WETL) of Houston, TX (Registered Importer 90–005) has petitioned NHTSA to decide whether nonconforming 2005 Honda CR–V multipurpose passenger vehicles are eligible for importation into the United States. The vehicles which WETL believes are substantially similar are 2005 Honda CR–V multipurpose passenger vehicles that were manufactured for sale in the United States and certified by their manufacturer as conforming to all applicable FMVSS.

The petitioner claims that it carefully compared non-U.S. certified 2005 Honda CR–V multipurpose passenger vehicles to their U.S.-certified counterparts, and found the vehicles to be substantially similar with respect to compliance with most FMVSS.

WETL submitted information with its petition intended to demonstrate that non-U.S. certified 2005 Honda CR–V multipurpose passenger vehicles, as originally manufactured, conform to many FMVSS in the same manner as their U.S. certified counterparts, or are capable of being readily altered to conform to those standards.

Specifically, the petitioner claims that non-U.S. certified 2005 Honda CR–V multipurpose passenger vehicles are identical to their U.S.-certified counterparts with respect to compliance with Standard Nos. 102 Transmission Shift Lever Sequence, Starter Interlock, and Transmission Braking Effect, 103 Windshield Defrosting and Defogging Systems, 104 Windshield Wiping and Washing Systems, 106 Brake Hoses, 113 Hood Latch System, 114 Theft Protection, 116 Motor Vehicle Brake Fluids, 118 Power-Operated Window, Partition, and Roof Panel Systems, 119

New Pneumatic Tires for Vehicles Other than Passenger Cars, 124 Accelerator Control Systems, 135 Passenger Car Brake Systems, 202 Head Restraints, 204 Steering Control Rearward Displacement, 205 Glazing Materials, 206 Door Locks and Door Retention Components, 207 Seating Systems, 210 Seat Belt Assembly Anchorages, 212 Windshield Mounting, 214 Side Impact Protection, 216 Roof Crush Resistance, 219 Windshield Zone Intrusion, 301 Fuel System Integrity, and 302 Flammability of Interior Materials.

The petitioner also contends that the vehicles are capable of being readily altered to meet the following standards, in the manner indicated:

Standard No. 101 *Controls and Displays:* Installation of a U.S.-model instrument cluster, Engine Control Unit and associated U.S.-model software.

Standard No. 108 Lamps, Reflective Devices and Associated Equipment: Inspection of all vehicles and installation, on vehicles that are not already so equipped, of U.S.-model front and rear side-mounted marker lamps.

Standard No. 111 *Rearview Mirrors:* Installation of a U.S.-model passenger side rearview mirror, or inscription of the required warning statement on the face of that mirror.

Standard No. 120 *Tire Selection and Rims for Motor Vehicles Other than Passenger Cars:* Installation of a tire information placard.

Standard No. 201 Occupant Protection in Interior Impact: Inspection of all vehicles and installation, on vehicles that are not already so equipped, of U.S.-model components to meet the requirements of this standard.

Standard No. 208 Occupant Crash Protection: (a) Inspection of all vehicles and replacement of any non U.S.-model seat belts, knee bolsters, air bag control units, and air bags with U.S.-model components on vehicles that are not already so equipped; and (b) installation of U.S. version software to ensure that the seat belt warning system meets the requirements of this standard.

Standard No. 209 Seat Belt Assemblies: Inspection of all vehicles and installation, on vehicles that are not already so equipped, of U.S.-model components to meet the requirements of this standard.

Standard No. 225 *Child Restraint Anchorage Systems:* Inspection of all vehicles and installation, on vehicles that are not already so equipped, of U.S.-model components to meet the requirements of this standard.

The petitioner additionally states that a vehicle identification plate must be affixed to the vehicles near the left windshield post to meet the requirements of 49 CFR part 565.

Interested persons are invited to submit comments on the petition described above. Comments should refer to the docket number and be submitted to: Docket Management, Room PL–401, 400 Seventh St., SW., Washington, DC 20590. [Docket hours are from 9 a.m. to 5 p.m.]. It is requested but not required that 10 copies be submitted.

All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above address both before and after that date. To the extent possible, comments filed after the closing date will also be considered. Notice of final action on the petition will be published in the **Federal Register** pursuant to the authority indicated below.

Authority: 49 U.S.C. 30141(a)(1)(A) and (b)(1); 49 CFR 593.8; delegations of authority at 49 CFR 1.50 and 501.8.

Issued on: May 25, 2007.

National Highway Traffic Safety Administration

[Docket No. NHTSA-2007-28264]

Notice of Receipt of Petition for Decision That Nonconforming 2003 Kawasaki VN1500–P1/P2 Series Motorcycles Are Eligible for Importation

AGENCY: National Highway Traffic Safety Administration, DOT.

ACTION: Notice of receipt of petition for decision that nonconforming 2003 Kawasaki VN1500–P1/P2 series motorcycles are eligible for importation.

SUMMARY: This document announces receipt by the National Highway Traffic Safety Administration (NHTSA) of a petition for a decision that 2003 Kawasaki VN1500-P1/P2 series motorcycles that were not originally manufactured to comply with all applicable Federal motor vehicle safety standards (FMVSS) are eligible for importation into the United States because (1) they are substantially similar to vehicles that were originally manufactured for sale in the United States and that were certified by their manufacturer as complying with the safety standards, and (2) they are

capable of being readily altered to conform to the standards.

DATES: The closing date for comments on the petition is July 2, 2007.

ADDRESSES: Comments should refer to the docket number and notice number, and be submitted to: Docket Management, Room PL-401, 400 Seventh St., SW., Washington, DC 20590. [Docket hours are from 9 a.m. to 5 p.m.] Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the Federal Register published on April 11, 2000 (Volume 65, Number 70; Pages 19477-78) or you may visit http://dms.dot.gov.

SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable FMVSS shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle originally manufactured for sale in the United States, certified under 49 U.S.C. 30115, and of the same model year as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all applicable FMVSS.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the Federal Register of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the Federal Register.

Wallace Environmental Testing Laboratories, Inc. (WETL) of Houston, TX (Registered Importer 90–005) has petitioned NHTSA to decide whether non-U.S. certified 2003 Kawasaki VN1500–P1/P2 series motorcycles are eligible for importation into the United States. The vehicles that WETL believes are substantially similar are 2003 Kawasaki VN1500–P1/P2 series motorcycles that were manufactured for sale in the United States and certified by their manufacturer as conforming to all applicable FMVSS.

The petitioner claims that it carefully compared non-U.S. certified 2003 Kawasaki VN1500–P1/P2 series motorcycles to their U.S. certified counterparts, and found the vehicles to be substantially similar with respect to compliance with most FMVSS.

WETL submitted information with its petition intended to demonstrate that non-U.S. certified 2003 Kawasaki VN1500–P1/P2 series motorcycles, as originally manufactured, conform to many FMVSS in the same manner as their U.S. certified counterparts, or are capable of being readily altered to conform to those standards.

Specifically, the petitioner claims that non-U.S. certified 2003 Kawasaki VN1500–P1/P2 series motorcycles are identical to their U.S. certified counterparts with respect to compliance with Standard Nos. 106 Brake Hoses, 111 Rearview Mirrors, 116 Brake Fluid, 119 New Pneumatic Tires for Vehicles other than Passenger Cars, 122 Motorcycle Brake Systems, and 205 Glazing Materials.

The petitioner further contends that the vehicles are capable of being readily altered to meet the following standards, in the manner indicated below:

Standard No. 108 Lamps, Reflective Devices and Associated Equipment: Inspection of all vehicles and replacement of the following with U.S.-model components on vehicles not already so equipped: (a) Headlamps; (b) front and rear turn signal lamps; and (c) tail lamp assembly.

Standard No. 120 *Tire Selection and Rims for Vehicles other than Passenger Cars:* (a) Installation of a tire information placard; (b) inspection of all vehicles to ensure compliance with rim marking requirements; and (c) replacement of rims that are not properly marked.

Standard No. 123 Motorcycle Controls and Displays: Installation of a U.S.-model speedometer reading in miles per hour and a U.S.-model odometer reading in miles.

Comments should refer to the docket number and be submitted to: Docket Management, Room PL-401, 400 Seventh Street, SW., Washington, DC 20590. It is requested but not required that 10 copies be submitted.

All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above address both before and after that date. To the extent possible, comments filed after the

closing date will also be considered. Notice of final action on the petition will be published in the **Federal Register** pursuant to the authority indicated below.

Authority: 49 U.S.C. 30141(a)(1)(A) and (b)(1); 49 CFR 593.8; delegations of authority at 49 CFR 1.50 and 501.8.

Issued on: May 25, 2007.

Pipeline and Hazardous Materials Safety Administration

[Docket: PHMSA-98-4957]

Request for Public Comments and Office of Management and Budget Approval of an Existing Information Collection (2137–0596)

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA), U.S. Department of Transportation (DOT).

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (PRA), this notice announces that PHMSA forwarded an Information Collection Request to the Office of Management and Budget (OMB) for an extension of the currently approved collection for National Pipeline Mapping System (NPMS) data reporting. On March 23, 2007, PHMSA published a Federal Register notice soliciting comments on this information collection. No comments were received. The purpose of this notice is to allow the public an additional 30 days to submit comments.

DATES: Submit comments on or before July 2, 2007.

ADDRESSES: Send comments directly to the Office of Management and Budget, Office of Information and Regulatory Affairs, Attn: Desk Officer for the Department of Transportation, 725 17th Street, NW, Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Robert Smith at (202) 366–3814, or by e-mail at *robert.smith@dot.gov*.

SUPPLEMENTARY INFORMATION: The Federal Pipeline Safety Act (49 U.S.C. 60132) requires operators of pipeline facilities (except distribution lines and gathering lines) to submit geospatial data appropriate for use in PHMSA's NPMS. Operators must submit data on an annual basis in accordance with
