

ACTION: Notice of availability.

SUMMARY: The U.S. Army Chief of Staff for Installation Management (ACSIM), Army Reserve Installations Directorate (ARID) and U.S. Army Combat Support Training Center (CSTC) have prepared a DEIS in support of the RPMP and RPX on Camp Parks. The RPMP presents a plan for the redevelopment of the cantonment area of Camp Parks, with approximately 180-acres being transferred out of Federal ownership (approximately 171.5-acres is controlled by the U.S. Army and 8.5-acres controlled by the National Aeronautics and Space Administration (NASA)).

DATES: The public comment period for the DEIS will end 45 days after publication of the NOA in the **Federal Register** by the U.S. Environmental Protection Agency.

ADDRESSES: Questions and/or written comments pertaining to this DEIS, or a request for a copy of the document may be directed to the U.S. Army Chief of Staff for Installation Management (ACSIM), Army Reserve Installations Directorate (ARID) (Mr. David Borchardt), 3848 Northwest Drive, Suite 160, Atlanta, Georgia 30337.

FOR FURTHER INFORMATION CONTACT: Mr. David Borchardt, 3848 Northwest Drive, Suite 160, Atlanta, Georgia 30337, or Amy Phillips, Public Affairs Office, US Army CTSC, Camp Parks 790 5th Street, Dublin, CA 94568-5201; via phone at (925) 875-4298; or e-mail: amy.phillips@usar.army.mil.

SUPPLEMENTARY INFORMATION: The DEIS evaluates three alternatives to support the redevelopment of Camp Parks: (1) The no action alternative, under which there would be no comprehensive plan or vision for overall Camp Parks development, which would occur ad hoc as funds became available and facilities would remain largely unchanged; (2) the slow growth alternative, under which Camp parks would retain all its land holdings and gradually move towards developing facilities and activities identified in the RPMP; the southern cantonment Area would remain an opportunity site for future planning; and (3) accelerated modernization in a redeveloped compacted cantonment area (the proposed action), under which the RPMP would be implemented using the value of the land exchange (180-acres of the southern Cantonment area from Federal to private ownership) in return for new installation facilities and infrastructure with NASA's inholding being sold and that value being used at their NASA-Ames Research Center, Moffet Field, California. The strategic

location of Camp Parks in northern California makes it the most accessible and economical training resource for over 250 Reserve component units supporting over 20,000 Reservists. The installation supports combined training space and facilities for the Armed Forces, and other Federal and local agencies in the north central part of California. ACSIM-ARID and CSTC have prepared a RPMP that proposed a program for revitalizing the installation infrastructure and accelerating facility replacements.

The RPMP proposes approximately 1.3 million square feet of new buildings/structures and approximately 370,000 square feet of parking area. Majority of the existing structures on Camp Parks were intended to be temporary when originally constructed and are considered inadequate for today's military personnel and lifestyles. The RPMP proposes the modernization of facilities to meet the troop training requirements and amenities that are consistent to the private sector.

The DEIS concludes the no action alternative is not reasonable based on the infrastructure and buildings at Camp Parks being antiquated and requiring excessive maintenance. The DEIS concludes the slow growth alternative, the incremental modernization utilizing existing cantonment area is not reasonable since facility/activity upgrades would be prioritized and dependent on annual funding from Military Construction Army Reserve (MCAR) allocations and project proponents. MCAR funds are appropriated on a availability basis which is not a regular and consistent occurrence.

ACSIM-ARID and U.S. Army CSTC have concluded the proposed alternative to be the preferred alternative which is the accelerated modernization in a redeveloped compacted cantonment area at Camp Parks, under which the RPMP would be implemented using the value of the land exchange (180 acres of the southern cantonment area transferring from Federal to private ownership) in return for new facilities and infrastructure. This alternative provides a quick implementation of the RPMP while providing the necessary facilities and infrastructure upgrades for adequate training for military personnel in the Bay Area.

Meeting Dates and Review Period: A public meeting will be held in the vicinity of Camp Parks to present the DEIS as well as to answer any questions and allow the Public and local governments to comment on the action.

A notice of the public meeting will be published in local newspapers.

Dated: May 9, 2007.

Addison D. Davis, IV,

Deputy Assistant Secretary of the Army, (Environment, Safety and Occupational Health).

Proposed Collection; Comment Request

AGENCY: Marine Corps Marathon, Marine Corps Base Quantico, DoD.

ACTION: Notice.

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Marine Corps Marathon, Marine Corps Base Quantico announces the revision of a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by July 31, 2007.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

- Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.
- Mail: Federal Docket Management System Office, 1160 Defense Pentagon, Washington, DC 20301-1160.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to the Marine Corps Marathon office, Attn: Angela Huff, P.O. Box 188, Quantico, VA 22134; e-mail: marine.marathon@usmc.mil, or call the Marine Corps Marathon office at (703) 432-1159.

Title and OMB Number: Marine Corps Marathon Race Applications; OMB Control Number 0703-0053.

Needs and Uses: The information collection requirement is necessary to obtain and record the information of runners to conduct the races, for timing purposes and for statistical use.

Affected Public: Individuals or households.

Annual Burden Hours: 2,046.95.

Number of Respondents: 40,939.

Responses Per Respondent: 1.

Average Burden Per Response: 5 minutes.

Frequency: Annually.

SUPPLEMENTARY INFORMATION:

Summary of Information Collection

Respondents are runners who are signing up for the Marine Corps Marathon races held by the Marine Corps Marathon office, Marine Corps Base Quantico. The three races currently defined under OMB number 0703-0053 are the Marine Corps Marathon, the Marine Corps Marathon 10k, and the Marine Corps Marathon Healthy Kids Fun Run. The following additional races are proposed to be added to the OMB approval: The Historic Half Marathon, Quantico Meet, Mud Run, The Warrior Hill Run, Concert Run, and The Turkey Trot. The Marine Corps Marathon office records all runners to conduct the races in preparation and execution of the races and to record statistical information for sponsors, media and for economic impact studies. Collecting this data of the runners is essential for putting on the races.

Dated: May 21, 2007.
