DEPARTMENT OF STATE

22 CFR Part 9

[Public Notice 5822]

RIN 1400-AB91

National Security Information Regulations

AGENCY: State Department.

ACTION: Final rule.

SUMMARY: This rule makes final the Department's proposed rule published on January 3, 2007. The rule revises the Department's regulations governing the classification and declassification of national security information that is under the control of the Department in order to reflect changes in the provisions of a new executive order on national security information and consequent changes in the Department's procedures since the last revision of the Department's regulations on this subject. The Department received one non-substantive comment and proposes no changes to the proposed rule. The proposed rule is therefore adopted as final.

DATES: *Effective Date:* This rule is effective June 5, 2007.

ADDRESSES: Persons having questions with respect to these regulations should address such questions to: Margaret P. Grafeld, Director, Office of Information Programs and Services, U.S. Department of State, SA-2, 515 22nd St., NW., Washington, DC 20522-6001. *Tel:* 202-261-8300; *FAX:* 202-261-8590. Persons with access to the Internet may also view this notice by going to the *regulations.gov* Web site at <http://www.regulations.gov/index.cfm>.

FOR FURTHER INFORMATION CONTACT:

Margaret P. Grafeld, Director, Office of Information Programs and Services, U.S. Department of State, SA-2, 515 22nd St., NW., Washington, DC 20522-6001. *Tel:* 202-261-8300; *FAX:* 202-261-8590.

SUPPLEMENTARY INFORMATION:

The Department's proposed rule was published as Public Notice 5658 at 72 FR 59-62 on January 3, 2007, with a 90-day public comment period. The Department received one non-substantive comment discussed under Analysis of Comments. Since the last comprehensive revision of the Department's national security information regulations, a new governing executive order, E.O. 12958, has been issued and modified several times, most substantially by E.O. 13292 of March 25, 2003. In addition, the Information Security Oversight Office has issued a new classified national security information directive containing interpretive guidance. Both the order and the directive effected significant changes in the procedures for classifying and declassifying national security information. The final regulations of the Department take account of these changes and reflect changes in the Department's procedures designed to implement them.

Analysis of Comments: The proposed rule was published for comments on January 3, 2007. The comment period closed April 3, 2007. The one public comment received by the Department related to the language in Sec. 9.2 pertaining to the objective of the classification program. The comment suggested the inclusion in Sec. 9.2 of additional language from the preamble of E.O. 12958. The Department concluded that such additional elaboration of program objective was duplicative of the order and unnecessary.

Regulatory Findings

Administrative Procedure Act. The Department is publishing this regulation as a final rule, after it was published as a proposed rule on January 3, 2007.

Regulatory Flexibility Act. The Department, in accordance with the Regulatory Flexibility Act (5 U.S.C. 605(b)), has reviewed this rule and, by approving it, certifies that this rule will not have significant economic impact on a substantial number of small entities.

Unfunded Mandates Act of 1995. This rule will not result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million or more in any year, and it will not significantly or uniquely

affect small governments. Therefore, no actions are deemed necessary under the provisions of the Unfunded Mandates Reform Act of 1995.

Small Business Regulatory Enforcement Fairness Act of 1996. This rule is not a major rule as defined by section 804 of the Small Business Regulatory Enforcement Act of 1996. This rule will not result in an annual effect on the economy of \$100 million or more; a major increase in costs or prices; or significant adverse effects on competition, employment, investment, productivity, innovation, or on the ability of United States-based companies to compete with foreign based companies in domestic and import markets.

Executive Order 12866. The Department does not consider this rule to be a "significant regulatory action" under Executive Order (E.O.) 12866, section 3(f), Regulatory Planning and Review. In addition, the Department is exempt from Executive Order 12866 except to the extent that it is promulgating regulations in conjunction with a domestic agency that are significant regulatory actions. The Department has nevertheless reviewed the regulation to ensure its consistency with the regulatory philosophy and principles set forth in that Executive Order.

Executive Order 12988—Civil Justice Reform. The Department has reviewed this regulation in light of sections 3(a) and 3(b) (2) of Executive Order 12988 to eliminate ambiguity, minimize litigation, establish clear legal standards, and reduce burden.

Executive Orders 12372 and 13132. This regulation will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with section 6 of Executive Order 13132, it is determined that this rule does not have sufficient federalism implications to require consultations or warrant the preparation of a federalism summary impact statement. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities do not apply to this regulation.

National Environmental Policy Act. The Department has analyzed this regulation for the purpose of the National Environmental Policy Act of 1969 (42 U.S.C. 4321-4347) and has determined that it will not have any effect on the quality of the environment.
