

“applicable percentage” of the annual rate of interest determined by the Secretary of the Treasury on amounts invested conservatively in long-term investment grade corporate bonds for the month preceding the beginning of the plan year for which premiums are being paid (the “premium payment year”).

On February 2, 2007 (at 72 FR 4955), the Internal Revenue Service (IRS) published final regulations containing updated mortality tables for determining current liability under section 412(l)(7) of the Code and section 302(d)(7) of ERISA for plan years beginning on or after January 1, 2007. As a result, in accordance with section 4006(a)(3)(E)(iii)(II) of ERISA, the “applicable percentage” to be used in determining the required interest rate for plan years beginning in 2007 is 100 percent.

The required interest rate to be used in determining variable-rate premiums for premium payment years beginning in June 2007 is 6.01 percent (i.e., 100 percent of the 6.01 percent composite corporate bond rate for May 2007 as determined by the Treasury).

The following table lists the required interest rates to be used in determining variable-rate premiums for premium payment years beginning between July 2006 and June 2007.

2. 72 FR 29284 (May 25, 2007).

I. Introduction

The Postal Accountability and Enhancement Act (PAEA) was enacted December 20, 2006.¹ The new law replaces the approach that has guided postal ratemaking and classification since 1970 with a comprehensive new framework. It charges the Postal Regulatory Commission (Commission) with developing a modern system of rate regulation to implement the new framework. To facilitate fulfilling this mandate, the Commission has established Docket No. RM2007–1 to receive written comments on the type and nature of rules needed to effectuate the transition to the new system.

As part of this rulemaking docket, the Commission has invited mail users from

a broad cross-section of the mailing community to testify at several public hearings in locations outside of Washington, DC. At this time, the following dates and locations have been identified: June 22, 2007 in Kansas City, Missouri; June 28, 2007 in Los Angeles, California; and July 9, 2007 in Wilmington, Delaware. Further details on the Kansas City hearing are provided in this notice; any changes related to that hearing and further details concerning the other field hearings will be posted on the Commission’s Web site, <http://www.prc.gov>.

II. Information Applicable to All Field Hearings

Format and record. The Commission has issued invitations to testify based largely on geographic location, the development of a full and complete record, and the need to meet statutory deadlines for issuing implementing regulations. Others who wish to submit comments or testimony may do so via the Commission’s electronic filing system. All comments and testimony received, including responses to questions from Commissioners, will be transcribed, posted on the Commission’s Web site, and used to inform the Commission’s decisions. The public is invited to attend the hearings.

Special accommodations. It is the Commission’s understanding that each hearing room is handicapped accessible. Any member of the public who believes his or her attendance may require special accommodations is requested to contact Ann Fisher, chief of staff of the Postal Regulatory Commission, at 202–789–6803 or ann.fisher@prc.gov, as soon as possible.

RAILROAD RETIREMENT BOARD

Agency Forms Submitted for OMB Review, Request for Comments

Summary: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Railroad Retirement Board (RRB) is forwarding an Information Collection Request (ICR) to the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB) for the following collection of information: 3220-0070, Employer Service and Compensation Reports.

Section 2(c) of the Railroad Unemployment Insurance Act (RUIA) specifies the maximum normal unemployment and sickness benefits that may be paid in a benefit year. Section 2(c) further provides for extended benefits for certain employees and for beginning a benefit year early for other employees. The conditions for these actions are prescribed in 20 CFR part 302.

All information about creditable railroad service and compensation needed by the RRB to administer Section 2(c) is not always available from annual reports filed by railroad employers with the RRB (OMB 3220-0008). When this occurs, the RRB must obtain supplemental information about service and compensation. The RRB utilizes Form(s) UI-41, Supplemental Report of Service and Compensation, and UI-41a, Supplemental Report of Compensation, to obtain the necessary information.

Our ICR describes the information we seek to collect from the public. Completion of the forms is mandatory. One response is required (per individual) from a respondent. Review and approval by OIRA ensures that we impose appropriate paperwork burdens. The RRB invites comments on the proposed collection of information to determine (1) the practical utility of the

collection; (2) the accuracy of the estimated burden of the collection; (3) ways to enhance the quality, utility and clarity of the information that is the subject of collection; and (4) ways to minimize the burden of collections on respondents, including the use of automated collection techniques or other forms of information technology. Comments to RRB or OIRA must contain the OMB control number of the ICR. For proper consideration of your comments, it is best if RRB and OIRA receive them within 30 days of publication date.

Previous Requests for Comments: The RRB has already published the initial 60-day notice (72 FR 12639 on March 16, 2007) required by 44 U.S.C. 3506(c)(2). That request elicited no comments.

Information Collection Request (ICR)

Title: Employer Service and Compensation Reports.

OMB Control Number: 3220-0070.

Form(s) submitted: UI-41, UI-41a.

Type of request: No material or nonsubstantive change to a currently approved collection.

Affected public: Business or other for-profit.

Abstract: The reports obtain the employee's service and compensation for a period subsequent to those already on file and the employee's base year compensation. The information is used to determine the entitlement to and the amount of benefits payable.

Changes Proposed: The RRB proposes minor non-burden impacting editorial changes to Form(s) UI-41 and UI-41a.

The burden estimate for the ICR is as follows:

Estimated annual number of respondents: 30.

Total annual responses: 3,000.

Total annual reporting hours: 400.

Additional Information or Comments: Copies of the forms and supporting documents can be obtained from Charles Mierzwa, the agency clearance officer (312-751-3363) or Charles.Mierzwa@rrb.gov.

Comments regarding the information collection should be addressed to Ronald J. Hodapp, Railroad Retirement Board, 844 North Rush Street, Chicago, Illinois, 60611-2092 or Ronald.Hodapp@rrb.gov and to the OMB Desk Officer for the RRB, at the Office of Management and Budget, Room 10230, New Executive Office Building, Washington, DC 20503.

Charles Mierzwa,
Clearance Officer.
