BILLING CODE 4310-JA-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[CA-169-1220-AL]

Notice of Public Meeting, Carrizo Plain National Monument Advisory Committee

SUMMARY: In accordance with Federal Land Policy and Management Act of 1976 (FLPMA), the Federal Advisory Committee Act of 1972 (FACA), the National Environmental Policy Act of 1969 (NEPA), and the Code of Federal Regulations (40 CFR 1501.7, 43 CFR 1610.2), the United States Department of the Interior, Bureau of Land Management (BLM), Carrizo Plain National Monument Advisory Committee will meet as indicated below:

DATES: The meeting will be held on Saturday, July 21, 2007, at the Carrisa Plain Elementary School on Highway 58. The school is located approximately 2 miles to the NW of the Soda Lake Road turn-off on Hwy. 58. The meeting will begin at 10 a.m. and finish at 5 p.m. The meeting will focus on the report from the scoping process for the Resource Management Plan/Environmental Impact Statement being developed for the Carrizo Plain National Monument. Public Comment Period 3-4. Lunch will be available for \$8.00.

SUPPLEMENTARY INFORMATION: The nine-member Carrizo Plain National Monument Advisory Committee advises the Secretary of the Interior, through the Bureau of Land Management, on a variety of public land issues associated with the public land management in the Carrizo Plain National Monument in central California. At this meeting, Monument staff will present updated information on the progress on the draft Carrizo Plain National Monument Resource Management Plan and the Environmental Impact Statement (RMP/EIS). Reviewing the scoping comments and scoping period will be a focus at this meeting. This meeting is open to the public. Depending on the number of persons wishing to comment, and the time available, the time allotted for

individual oral comments may be limited. Individuals who plan to attend and need special assistance such as sign language interpretation or other reasonable accommodations should contact BLM as indicated below.

FOR FURTHER INFORMATION CONTACT:

Bureau of Land Management, Attention: Johna Hurl, Monument Manager, 3801 Pegasus Drive, Bakersfield, CA 93308. Phone at (661) 391-6093 or e-mail: jhurl@blm.gov.

Dated: June 19, 2007.

Johna Hurl,

Manager, Carrizo Plain National Monument.

Bureau of Land Management

[MT-060-01-1020-PG]

Notice of Public Meeting; Central Montana Resource Advisory Council

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of public meeting.

SUMMARY: In accordance with the Federal Land Policy and Management Act and the Federal Advisory Committee Act of 1972, the U.S. Department of the Interior, Bureau of Land Management (BLM) Central Montana Resource Advisory Council (RAC) will meet as indicated below.

DATES: The meeting will be held July 18 and 19, 2007, at the Bureau of Land Management's Lewistown Field Office, 920 NE. Main Street, in Lewistown, Montana. The July 18 session will begin at 10 a.m. with a 30-minute public comment period. Following the public comment period, the group will depart for a field trip in the Judith Mountains to discuss travel planning. This meeting is scheduled to adjourn at 5:30 p.m. The July 19 meeting will begin at 8 a.m. with a 30-minute public comment period and is scheduled to adjourn at 3 p.m.

SUPPLEMENTARY INFORMATION: This 15-member council advises the Secretary of the Interior on a variety of management issues associated with public land management in Montana. During these meetings the council will discuss/act upon:

Travel planning in the Judith-Moccasin Mountains;
The minutes of their preceding meeting;
Field managers' updates;
The oil and gas program, activities and issues;
The Bear Paw South Environmental Impact Statement;

The format for U.S. Forest Service fee proposals;

Law enforcement issues;

A BLM grazing rule update;

An open discussion; and

Administrative details (next meeting agenda, location, etc.).

All RAC meetings are open to the public. The public may present written comments to the RAC. Each formal RAC meeting will also have time allocated for hearing public comments. Depending on the number of persons wishing to comment and time available, the time for individual oral comments may be limited.

FOR FURTHER INFORMATION CONTACT: June Bailey, Lewistown Field Manager, Lewistown Field Office, P.O. Box 1160, Lewistown, Montana 59457, 406-538-1900.

Dated: June 15, 2007.

Scott Haight,

Acting Lewistown Field Manager.

Bureau of Land Management

[AZ-330-07-7122 FR; AZA-33570]

Notice of Realty Action; Recreation and Public Purposes Act Classification; Arizona

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of realty action.

SUMMARY: The Bureau of Land Management (BLM) has examined and found suitable for classification to La Paz County for conveyance under the provisions of the Recreation and Public Purposes Act, a 20-acre parcel of public land, located in La Paz County, Arizona. The County plans to construct and operate a wastewater treatment plant on the site to serve communities in the Colorado River area.

DATES: Interested parties may submit written comments at the address stated below, postmarked no later than August 9, 2007.

ADDRESSES: Interested parties may submit written comments to the Field Manager, BLM Lake Havasu Field Office, 2610 Sweetwater Avenue, Lake Havasu City, Arizona 86406. Detailed information concerning this action, including but not limited to documentation related to compliance with applicable environmental and cultural resource laws, is available for review at the above address during

regular business hours (8 a.m. to 4:30 p.m.), Monday through Friday, except holidays.

FOR FURTHER INFORMATION CONTACT: Cory Bodman, Realty Specialist, BLM Lake Havasu Field Office, telephone (928) 505-1215.

SUPPLEMENTARY INFORMATION: The following described public land is proposed for classification under Section 7 of the Taylor Grazing Act, 43 U.S.C. 315f, and Executive Order No. 6910, and classification and conveyance under the provisions of the Recreation and Public Purposes (R&PP) Act, as amended (43 U.S.C. 869 *et seq.*), for the purpose of placement of a wastewater treatment plant.

Land proposed for this classification and disposal action is:

Gila and Salt River Meridian, La Paz County, Arizona

T. 10 N., R. 19 W.,
Sec. 26: E $\frac{1}{2}$ SE $\frac{1}{4}$ SW $\frac{1}{4}$.

The land described contains approximately 20 acres in La Paz County.

Requirements of the Arizona Department of Environmental Quality indicate a wastewater treatment plant is needed to serve the growing Colorado River area communities. In accordance with the R&PP Act, as amended, La Paz County has filed an R&PP petition/application and plan of development to the BLM Lake Havasu Field Office in which it proposes to develop a wastewater treatment plant on the above described public land. The land is not needed for federal purposes. Conveyance pursuant to the R&PP Act is consistent with the Lake Havasu Field Office Resource Management Plan, dated May 10, 2007, and would be in the public interest. Public meetings were held in conjunction with the planning process, and included discussions of the proposed classification and disposal of the above described public land under the R&PP Act.

The conveyance, when issued, will be subject to the following terms, conditions, and reservations:

1. Provisions of the R&PP Act and to all applicable regulations, including but not limited to regulations stated in 43 CFR Part 2470, and policy and guidance of the Secretary of the Interior.

2. Reservation of a right-of-way to the United States for ditches and canals pursuant to the Act of August 30, 1890, 43 U.S.C. 945.

3. All minerals shall be reserved to the United States, together with the right to prospect for, mine and remove the minerals under applicable laws and regulations established by the Secretary

of the Interior, including all necessary access and exit rights.

4. No portion of the land patented shall revert back to the United States under any circumstances if such portion has been used for solid waste disposal or for any other purpose that the authorized officer determines may result in the disposal, placement, or release of any hazardous substance. In addition the patentee shall comply with all Federal state laws applicable to the disposal, placement, or release of hazardous substances (substances as defined in 40 CFR Part 302) and indemnify the United States against any legal liability or future costs that may arise out of any violation of such law.

5. All valid existing rights of record, including those documented on the official public land records at the time of patent issuance.

6. Pursuant to the requirements established by section 120(h) of the Comprehensive Environmental Response, Compensation and Liability Act, (42 U.S.C. 9620(h)) (CERCLA), as amended by the Superfund Amendments and Reauthorization Act of 1988, (100 Stat. 1670) notice is hereby given that the above-described land has been examined and no evidence was found to indicate that any hazardous substances had been stored for one year or more, nor had any hazardous substances been disposed of or released on the subject property.

7. The purchaser/patentee, by accepting a patent, covenants and agrees to indemnify, defend, and hold the United States harmless from any costs, damages, claims, causes of action, penalties, fines, liabilities, and judgments of any kind or nature arising from the past, present, and future acts or omissions of the patentees or their employees, agents, contractors, lessees, or any third party, arising out of or in connection with the patentee's use, occupancy, or operations on the patented real property. This indemnification and hold harmless agreement includes, but is not limited to, acts and omissions of the patentee and their employees, agents, contractors, lessees, or any third party, arising out of or in connection with the use, and/or occupancy, of the patented real property which has already resulted or does hereafter result in: (1) Violations of Federal, State and local laws and regulations that are now or may in the future become, applicable to the real property; (2) Judgments, claims or demands of any kind assessed against the United States; (3) Costs, expenses or damages of any kind incurred by the United States; (4) Releases or threatened releases of solid or hazardous waste(s),

and/or hazardous substances(s), as defined by Federal and State environmental laws, off, on, into or under land, property and other interests of the United States; (5) Activities by which solid waste or hazardous substances(s) or waste, as defined by Federal and State environmental laws, are generated, released, stored, used or otherwise disposed of on the patented real property, and any cleanup response, remedial action or other actions related in any manner to said solid or hazardous substances(s) or waste(s); or (6) natural resource damages as defined by Federal and State law. This covenant shall be construed as running with the parcel of land patented or otherwise conveyed by the United States, and may be enforced by the United States in a court of competent jurisdiction.

Upon publication of this notice in the **Federal Register**, the land will be segregated from all other forms of appropriation under the public land laws, including the general mining laws, except for conveyance under the R&PP Act, and leasing under the mineral leasing laws.

Interested parties may submit written comments on the proposed conveyance or classification of the land to the Field Manager, Lake Havasu Field Office, at the address stated above in this notice. Comments must be postmarked no later than August 9, 2007.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Classification Comments: Interested parties may submit written comments, postmarked no later than August 9, 2007 involving the suitability of the land for conveyance for the wastewater treatment plant. Comments on the classification are limited to whether the land is physically suited for the wastewater treatment plant, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

Application Comments: Interested parties may submit written comments no later than August 9, 2007 regarding the specific use proposed in the application and plan of development, whether the BLM followed proper

administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the land for the wastewater treatment plant. Any adverse comments will be reviewed by the BLM State Director, who may sustain, vacate, or modify this realty action. In the absence of any adverse comments, the classification will become effective 60 days after June 25, 2007. The land will not be offered for conveyance until after the classification becomes effective.

(Authority: 43 CFR 2741.5)

Dated: April 30, 2007.

Timothy Z. Smith,

Field Manager.

Bureau of Land Management

[UT-040-07-1430-ES; UTU-82068, UTU-82980]

Notice of Realty Action: Recreation and Public Purposes Act Classification of Public Lands in Iron County, UT

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Realty Action.

SUMMARY: The Bureau of Land Management (BLM) has examined and found suitable for classification for lease or conveyance under the provisions of the Recreation and Public Purposes (R&PP) Act as amended (43 U.S.C. 869, *et seq.*) 10 acres of public lands in Iron County, Utah. The Town of Kannaraville proposes to use the lands as a solid waste transfer station (2.47 acres), and a public baseball park (7.53 acres).

DATES: Interested parties may submit written comments regarding the proposed lease or conveyance or classification of the lands until August 9, 2007.

ADDRESSES: Send written comments to the Cedar City Field Manager, Bureau of Land Management, Cedar City Field Office, 176 East D.L. Sargent Drive, Cedar City, Utah 84720-9337.

FOR FURTHER INFORMATION CONTACT: Randy M. Trujillo, Associate Field Office Manager, Bureau of Land Management, Cedar City Field Office, (435) 865-3080.

SUPPLEMENTARY INFORMATION: The following described public land in Iron County, Utah has been examined and found suitable for classification for conveyance as a solid waste transfer

station site (UTU-82068) under the provisions of the Recreation and Public Purposes Act, as amended (43 U.S.C. 869 *et seq.*):

Salt Lake Meridian, Utah

T. 38 S., R. 12 W.

Sec. 34, lot 12, containing 2.47 acres.

The following described public land in Iron County, Utah has been examined and found suitable for classification for lease or conveyance as a public park (UTU-82980) under the provisions of the Recreation and Public Purposes Act, as amended (43 U.S.C. 869 *et seq.*):

Salt Lake Meridian, Utah

T. 38 S., R. 12 W.

Sec. 34, lot 13 (portion), containing 7.53 acres.

The 7.53 acres are to be re-described as lot 16 upon approval of a supplemental survey plat.

The above described 10 acres of public lands are not required for any Federal purpose. Lease or conveyance of the public lands for the stated purposes is in conformance with the BLM Cedar Beaver Garfield Antimony Resource Management Plan (RMP) approved October 1, 1986, as amended September 23, 1997. The proposed conveyance of 2.47 acres and the lease and conveyance of 7.53 acres is in conformance with the RMP because it meets Criterion No. 1 of the RMP, as amended: "is in the public interest and accommodates the needs of State, local or private entities, including needs for the economy, community growth and expansion and is in accordance with other land use goals and objectives and RMP decisions".

The lease/conveyances, when issued, will be subject to the provisions of the R&PP Act and applicable regulations of the Secretary of the Interior.

The conveyance (Federal land patent) of 2.47 acres for solid waste transfer station site (BLM Serial No. UTU-82068) will be subject to the following terms and conditions:

Excepting and reserving to the United States:

1. A right-of-way for ditches or canals constructed by the authority of the United States, Act of August 30, 1890 (43 U.S.C. 945).
2. All minerals, together with the right to prospect for, mine, and remove such deposits from the lands under applicable law and such regulations as the Secretary of the Interior may prescribe.

The patent will be subject to:

1. All valid existing rights of record.
2. The patentee shall comply with approved plans of development and management.
3. The patentee warrants that it will indemnify and hold the United States

harmless against any liability that may arise out of any violation of Federal or State law in connection with the use of the lands.

4. Title shall revert to the United States upon a finding, after notice and opportunity for a hearing, that the patentee has not substantially developed the lands in accordance with the approved plan of development on or before the date five years after the date of conveyance. No portion of the land shall under any circumstance revert to the United States if any such portion has been used for solid waste disposal or solid waste transfer station operations, or for any other purpose which may result in the disposal, placement, or release of any hazardous substance.

5. If, at any time, the patentee transfers to another party ownership of any portion of the land not used for the purposes specified in the application and approved plan of development, the patentee shall pay the Bureau of Land Management the fair market value, as determined by the authorized officer, of the transferred portion as of the date of transfer, including the value of any improvements thereon.

6. The above described land has been conveyed for utilization as a solid waste transfer station site. Upon closure, the site may contain small quantities of commercial and household waste as determined in the Resource Conservation and Recovery Act of 1976, as amended (42 U.S.C. 6901), and defined in 40 CFR 261.4 and 261.5. Although there is no indication that these materials pose any significant risk to human health or the environment, future land uses should be limited to those which do not penetrate surface soils or any liner left in place unless excavation is conducted subject to applicable State and Federal requirements.

The lease or conveyance of 7.53 acres for a public baseball park (BLM Serial No. UTU-82980) will be subject to the following terms and conditions:

Excepting and reserving to the United States:

1. A right-of-way thereon for ditches or canals constructed by the authority of the United States, Act of August 30, 1890 (43 U.S.C. 945).

2. All minerals, together with the right to prospect for, mine, and remove such deposits from the lands under applicable law and such regulations as the Secretary of the Interior may prescribe.

The lease/patent of 7.53 acres will be subject to:

1. All valid existing rights of record.
