

The proposed amendments to Part B.1 of the Error Trade Policy, (trades not brought to the attention of OOM within eight minutes or within five minutes for contingency trades), would permit restitution in the form of a reasonable cash payment, if the parties agreed to do so in order to compensate for any losses or costs directly incurred as a result of the error. Under the proposed rule change, the parties to the trade could also agree to retain the trade but make reasonable cash payment to compensate for any losses or costs caused by the error. The proposed rule change would also add new language to this Part clearly stating that in no event should participants take action to adjust the price or make cash payment without the knowledge of OOM.

Part B.2 of the Error Trade Policy dealing with arbitration of disputes would be amended to require that a written notice of arbitration claim be given to the National Futures Association in addition to the OOM Help Desk. The proposed rule change would delete portions of Part B.2 requiring the owner of the account on the other side of an error to be a RTPH or subject to OOM's jurisdiction to bring an arbitration claim and limiting the recovery under arbitration to the difference between the error trade price and the true market price for the relevant contract immediately before the error trade occurred.

Part C of the current Error Trade Policy dealing with voluntary adjustment of trade price for those trades outside the "no bust" range reported within eight minutes would be deleted and the current Part D, Schedule of Administrative Fees, would be renumbered to be Part C. Since the proposed rule change would permit the OOM to direct the traders to make a price adjustment, this provision is no longer necessary. Therefore, the parties may no longer independently decide to keep and adjust trades that are reported within eight minutes of when the trade occurred or within five minutes of when the trade was questioned for contingency trades and outside of the "no bust" range. This adjustment must be made by the Exchange.

The Schedule of Administrative fees would be amended to make administrative fees permissive rather than mandatory. Under the proposed rule change, if OneChicago adopts an administration fee schedule, the party responsible for the Questioned Trade would be required to pay a fee in accordance with the fee schedule. The proposed rule change would also add two new provisions, Part D, which would permit the Exchange to bust any

trades affected by a system failure or partial failure whether or not the trades occurred within the "no bust" range and Part E, which would permit the Exchange to bust or adjust any trades that are in violation of OneChicago rules.

2. Statutory Basis

No written comments were solicited or received with respect to the proposed rule change.

SUPPLEMENTARY INFORMATION:

A. General

The Computer Matching and Privacy Protection Act of 1988 (Public Law (Pub. L.) 100-503), amended the Privacy Act (5 U.S.C. 552a) by describing the conditions under which computer matching involving the Federal government could be performed and adding certain protections for individuals applying for and receiving Federal benefits. Section 7201 of the Omnibus Budget Reconciliation Act of 1990 (Pub. L. 101-508) further amended the Privacy Act regarding protections for such individuals.

The Privacy Act, as amended, regulates the use of computer matching by Federal agencies when records in a system of records are matched with other Federal, State or local government records. It requires Federal agencies involved in computer matching programs to:

- (1) Negotiate written agreements with the other agency or agencies participating in the matching programs;
- (2) Obtain the approval of the matching agreement by the Data Integrity Boards (DIB) of the participating Federal agencies;
- (3) Publish notice of the computer matching program in the **Federal Register**;

(4) Furnish detailed reports about matching programs to Congress and OMB;

(5) Notify applicants and beneficiaries that their records are subject to matching; and

(6) Verify match findings before reducing, suspending, terminating or denying an individual's benefits or payments.

B. SSA Computer Matches Subject to the Privacy Act

We have taken action to ensure that all of SSA's computer matching programs comply with the requirements of the Privacy Act, as amended.

Notice of Computer Matching Program, Social Security Administration (SSA) With the Railroad Retirement Board (RRB)

A. Participating Agencies

SSA and RRB.

B. Purpose of the Matching Program

The purpose of this matching program is to establish the conditions, terms and safeguards under which RRB agrees to the disclosure of RRB annuity payment data to SSA. This disclosure will provide SSA with information necessary to verify an individual's self-certification of eligibility for prescription drug subsidy assistance under the Medicare Prescription Drug, Improvement and Modernization Act of 2003 (MMA). The disclosure will also enable SSA to implement a Medicare outreach program mandated by section 1144 of title XI of the Social Security Act. Information disclosed by RRB will enable SSA to identify individuals to determine their eligibility for Medicare Savings Programs (MSP) and subsidized Medicare prescription drug coverage and enable SSA, in turn, to identify these individuals to the States.

C. Authority for Conducting the Matching Program

The legal authority for SSA to conduct this matching activity is contained in section 1860D-14 (42 U.S.C. 1395w-114) and section 1144 (42 U.S.C. 1320b-14) of the Act.

b. SSA will match this file against the Medicare database (MDB).

2. Systems of Records

RRB will provide SSA with electronic files containing RRB annuity payment, address changes and subsidy changing events data on Qualified RRB beneficiaries from its systems of records, RRB-22 Railroad Retirement Survivors and Pension Benefits Systems (CHICO). RRB will also provide SSA with electronic files of all qualified RRB beneficiaries from its system of records, RRB-20 (Medicare) and newly qualified RRB beneficiaries from RRB's Post-Entitlement System (PSRRB). Pursuant to 5 U.S.C. 552a(b)(3), RRB has established routine uses to disclose the subject information.

SSA will match the RRB information with the electronic data from SSA's system of records, No. 60-0321, MDB (Medicare Database).

E. Inclusive Dates of the Matching Program

The matching program will become effective upon signing of the agreement by all parties to the agreement and approval of the agreement by the Data Integrity Boards of the respective agencies, but no sooner than 40 days after notice of the matching program is sent to Congress and the Office of Management and Budget, or 30 days after publication of this notice in the **Federal Register**, whichever date is later. The matching program will continue for 18 months from the effective date and may be extended for an additional 12 months thereafter, if certain conditions are met.
