BILLING CODE 4160-01-S

AGENCY FOR INTERNATIONAL DEVELOPMENT

22 CFR Part 201

[USAID Regulation 1]

RIN 0412-AA-51

Rules and Procedures Applicable to Commodity Transactions Financed by USAID: Miscellaneous Amendments

AGENCY: U.S. Agency for International Development.

ACTION: Notice of proposed rulemaking.

SUMMARY: The U.S. Agency for International Development (USAID) proposes to amend its regulation governing commodity transactions that are financed by USAID to:

1. Revise the criteria for noncompetitive procurement for private-sector programs to more closely reflect private-sector practices;
2. revise the commodity and package marking requirements to address the use of the new USAID Identity;
3. revise and add definitions to better specify the terminology used;
4. revise agency organizational names and acronyms to specify the current USAID usage;
5. reinstate § 201.13 coverage on ocean transportation costs because it was inadvertently deleted from prior editions;
6. provide for advertising public-sector procurements over \$25,000 in the USAID Procurement Bulletins as the primary means of advertising these procurements to U.S. suppliers (in lieu of advertising public-sector procurements over \$100,000 in "FedBizOpps," the successor to "Commerce Business Daily") to facilitate prompt public notification of procurement opportunities and minimize government expense in providing notice;
7. make numerous clarifications and editorial amendments to better specify the regulation; and
8. specify the current Paperwork Reduction Act approval expirations, as required by the Act.

DATES: Submit comments on or before September 7, 2007.

ADDRESSES: submit comments by any of the following means:

- **Federal eRulemaking Portal:** <http://www.regulations.gov>. Follow the instructions there for submitting comments.

- **Fax:** (202) 216-3395.

- **Mail:** USAID, Office of Acquisition and Assistance, Policy Division, Room 7.9-18, 1300 Pennsylvania Avenue, NW., Washington, DC 20523-0001.

Instructions: All submissions must include the title of the proposed action, and Regulatory Information Number

(RIN) for this rulemaking. Please include your name, title, organization, postal address, telephone number, and e-mail address in the text of the message.

FOR FURTHER INFORMATION CONTACT:

Kenneth Monsess, Telephone: (202) 712-4913, E-mail: kmonsess@usaid.gov.

SUPPLEMENTARY INFORMATION:

Public Participation: Because security screening precautions have slowed the delivery and dependability of surface mail to USAID/Washington, USAID recommends sending all comments to the Federal eRulemaking Portal listed above (all comments must be in writing to be reviewed).

All comments will be made available for public review without change, including any personal information provided, from three days after receipt to finalization of rule at <http://www.Regulations.gov>.

Order of Precedence: The procurement of commodities and commodity-related services by other parties that are financed by USAID pursuant to 22 CFR part 201, as opposed to those that are procured by USAID, are not normally subject to 48 CFR chapters 1 and 7 (the Federal Acquisition Regulation [FAR] and the USAID Acquisition Regulation [AIDAR]). In exceptional circumstances where this part 201 is made applicable, pursuant to § 201.02, to a transaction that is subject to 48 CFR chapters 1 and 7, the latter shall take precedence in areas of conflict except under authority of a FAR or AIDAR deviation pursuant to 48 CFR 1.4 or 48 CFR 701.4; and § 201.02 has been clarified to so state.

Executive Order 12866 determination: This rule is significant under Executive Order 12866 and has been reviewed by the Office of Management and Budget. The rule has been reviewed in accordance with the Regulatory Flexibility Act. USAID has determined that the rule will not have a significant economic impact on a substantial number of small entities, and therefore a Regulatory Flexibility Analysis is not required.

Paperwork Reduction Act statement: OMB approvals for information collections under this regulation are addressed in § 201.03 and Appendices A and B to part 201.

The public reporting burden for this collection of information is estimated to average a half hour per response, including the time required for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing

the collection of information. The Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. (iii)(A) Expenditures for international air transportation furnished by air carriers which are not eligible under the provisions of paragraph (b)(2)(ii) will be financed by USAID only when service by eligible air carriers is unavailable. (ii) On a transportation medium owned, operated or under the control of

any country not included in Geographic Code 935; or

(iii) Under any ocean or air charter covering full or part cargo (whether for a single voyage, consecutive voyages, or a time period) which has not received prior approval by USAID, Office of Acquisition and Assistance, Transportation Division; or

(iv) Which are attributable to brokerage commissions which exceed the limitations specified in § 201.65(h) or to address commissions, dead freight, demurrage or detention.

* * * * *

(e) *Suspension and debarment.* In order to be eligible for USAID financing, the costs of any delivery services must be paid to carriers, insurers, or suppliers of inspection services who, prior to approval of the USAID Commodity Approval Application, have neither been suspended nor debarred under part 208 of this chapter, nor included on the "Lists of Parties Excluded from Federal Procurement or Nonprocurement Programs" published by the U.S. General Services Administration (Ref; <http://www.epls.gov/>).

Subpart C—Procurement Procedures; Responsibilities of Importers

9. Amend § 201.22 to revise paragraph (h)(1) to read as follows:

§ 201.22 Procurement under public sector procedures.

* * * * *

(h) *Advertising.*—(1) *Requirements.* For each procurement estimated to exceed \$25,000, or equivalent (exclusive

of ocean and air transportation costs), notice of the availability of the invitations for bids, requests for quotations, or specific information about procurements shall be published by the USAID Office of Acquisition and Assistance, Transportation Division, in a Procurement Information Bulletin that is posted on USAID's Internet Web site at: <http://www.usaid.gov/business/ocean/solicitation.logon.html>. The purchaser shall submit three copies of each invitation for bids or request for quotations (if any) to the USAID Mission with its request for advertising. The Mission will forward the request for advertising and the procurement documents to USAID, Office of Acquisition and Assistance, Transportation Division. The request for advertising should be transmitted to arrive at least 45 days prior to the final date for receiving bids or quotations in: USAID, Office of Acquisition and Assistance, Transportation Division, Washington, DC 20523-7900 (Telephone (202) 712-4283 or (202) 712-5060). * * * * *

10. Amend § 201.23 to revise paragraphs (a), (b), (c), and (e) to read as follows:

§ 201.23 Procurement under private sector procedures.

(a) *General requirements.* Procurements under private sector procedures will normally be carried out by importers using negotiated procurement procedures, unless the importer chooses to follow the procedures in § 201.22. Procurement on a negotiated basis shall be in accordance with good commercial practice. Unless solicitations by the importer for quotations or offers fall within the criteria of paragraph (e) of this section, they shall be made uniformly to a reasonable number of prospective suppliers, including, where feasible, producers of a commodity, and all quotations or offers received, whether or not specifically solicited, shall be given consideration before making an award.

(b) *Publicizing.* To provide suppliers in the United States with an opportunity to participate in furnishing commodities which may be purchased on a negotiated basis under USAID financing, USAID will advertise on its Internet Web site at: <http://www.usaid.gov/business/ocean/solicitation.logon.html> the existence of the program, the commodities traditionally being solicited, and the

underlying procedures used in each cooperating country. USAID will not publicize specific proposed purchases which are to be undertaken by private sector importers on a negotiated basis unless specifically requested to do so by the importer in accordance with the provisions of paragraph (c) of this section.

(c) *Notification.* If the importer elects to solicit quotations and offers for specific proposed purchases through publication by USAID, USAID will notify prospective suppliers of the export opportunity through Procurement Information Bulletins. Requests for such notification shall be submitted to: USAID, Office of Acquisition and Assistance, Transportation Division, Washington, DC 20523-7900 (Telephone (202) 712-4283 or (202) 712-5060). These requests shall contain the name and contact information for the importer, a full description of the commodities and any commodity-related services required, applicable price and delivery terms and other relevant procurement data, in the English language. The metric system of measurements shall be used for specifications unless USAID determines in writing that such use is impractical or is likely to cause significant inefficiencies or the loss of markets to U.S. firms.

* * * * *

(e) *Procurement under special supplier-importer relationships and special situations.* (1) Solicitation of offers from more than one supplier is not required if:

(i) The importer is the supplier's regularly authorized distributor or dealer;

(ii) The importer is purchasing a registered brand-name commodity from a supplier who is the exclusive distributor of that commodity to the area of the importer;

(iii) The importer has standardized on a particular brand product in order to benefit from compatibility with on-hand equipment through economies in maintenance of spare parts inventories and/or greater familiarity by operating personnel;

(iv) The importer has standardized on a particular brand product in order to benefit from a stronger local dealer organization, better repair facilities, and/or the requirement for a special design or operational characteristics;

(v) A manufacturing importer has standardized on one brand name intermediate good used in production, in order to ensure a standard end-product; or

(vi) The necessary equipment, materials, or spare parts are available from only one source.

(2) USAID may require the importer to furnish, or cause to be furnished, to USAID documentary evidence of the existence of the criteria described in paragraph (e)(1) of this section.

* * * * *

(b) * * *

(1) * * *

(2) The source and origin of the commodity complies with the provisions of § 201.11(b) relating to source as required by its contract, letter of credit or direct letter of commitment;

* * * * *

(d) *Marking of shipping containers and commodities.*—(1) *Affixing the USAID Identity and identification numbers.* The supplier of commodities shall be responsible for assuring that all export packaging, whether shipped from the United States or from any other source country, carries the official USAID Identity. Additionally, except as USAID may otherwise prescribe, when the supplier is given notice by the importer that the importer is the government of the cooperating country or any of its subdivisions or instrumentalities, the supplier shall also be responsible for assuring that, in addition to the shipping cartons or other export packaging, all commodities carry the USAID Identity. The USAID financing document number shall be marked on each export shipping carton and box in characters at least equal in height to the shipper's marks. When

commodities are shipped as containerized freight in a reusable shipping container, the container is not considered export packaging within the meaning of this paragraph and the outside of the container need not be marked; however, the cartons, boxes, etc., inside the container must be marked.

(i) *Durability of the USAID Identity.* The USAID Identity shall be affixed by metal plate, decalcomania, stencil, label, tag or other means, depending upon the type of commodity or export packaging and the nature of the surface to be marked. 16. SUPPLIER'S CERTIFICATIONS

As a condition for securing a determination of commodity eligibility for funds made available by the United States under the Foreign Assistance Act of 1961, as amended, in payment in whole or in part in the transaction described and for the commodity identified on this form, the undersigned, acting on behalf of the supplier whose name appears in block 5 above and authorized to bind the supplier, agrees with and certifies to USAID as follows:

1. The supplier has contracted with the importer named in block 6 for the purchase of the commodity described on this form, and the supplier has either attached to this form a copy of such contract or has furnished in block 2 information concerning a letter of credit confirmed or advised in its favor under a payment obligation assumed by the importer in the contract.

2. The supplier has filled in the applicable portions of this form and certifies to the correctness of the information shown herein.

3. The supplier agrees that the commodity will be shipped and invoiced in accordance with the information shown herein; that if any change in commodity identification takes place after USAID has approved this transaction, the supplier will resubmit this form to USAID for review and further approval for financing in light of the changed commodity; and that this Commodity Approval Application which the supplier proposes to use as a basis for securing payment from USAID funds, is in every respect the original or true copy of the original application approved by USAID. The supplier acknowledges that any commodity, other than a commodity described on this form by the supplier and approved by USAID below, is ineligible for USAID financing with respect to the purchase transaction for which this form must be submitted as a condition for payment.

4. The supplier certifies that it is an individual citizen or lawfully admitted permanent resident of a country included in the authorized

source code; a corporation or partnership organized under the laws of a country included in the authorized source code and with a place of business in such country; or a controlled foreign corporation (within the meaning of § 957 et seq. of the Internal Revenue Code) as attested by current information on file with the Internal Revenue Service of the United States (on IRS Form 959, 2952, 3646, or any substitute or successor forms) submitted by shareholders of the corporation, or a joint venture or unincorporated – association consisting entirely of individuals, corporations or partnerships which fix any of the foregoing categories. If the supplier is a controlled foreign corporation without a regular place of business in the United States, the supplier appoints any shareholder or officer thereof agent for the supplier to receive service of process in the United States in connection with any dispute arising between the supplier and USAID and relating to the commodity sale financed by USAID.

5. The supplier has not, at the time of submission of this application, been debarred or suspended by USAID or placed on the "Lists of Parties Excluded from Federal Procurement or Non-procurement Programs," published by the General Services Administration, or the Treasury Department's Consolidated List of Designated Nationals" and thereby rendered ineligible to receive USAID funds. To the best of its knowledge upon reasonable investigation, the supplier has not acquired, nor will it acquire, for resale under USAID financing the goods described on this form from any supplier included on the "Lists of Parties Excluded from Federal Procurement or Non-procurement Programs," or included on the Treasury "Consolidated List of Designated Nationals" or from any affiliate of such a person.

6. The supplier acknowledges that this application, when approved, is not valid for shipments having a delivery date on or after the expiration date shown below.

17. USAID APPROVAL

By the signature and seal which appear below, USAID has given limited approval to the sale described on this form. This approval is limited strictly to a determination that the commodity which the supplier has described is of a description, condition, and source eligible for USAID financing. This approval and determination of commodity eligibility does not represent an approval of the purchase price and does not in any way preclude an USAID refund claim based

upon a detailed post-audit of the transaction in accordance with the provisions of USAID Regulation 1 (22 CFR Part 201). USAID expressly reserves such rights as it may have under that Regulation and under such other USAID forms as the supplier may be required to submit by the terms of financing documents and by the terms of Regulation 1.

Requirement for Payment. Section 201.11(k) of USAID Regulation 1 (22 CFR 201) declares that a commodity purchase transaction is eligible for USAID financing only if USAID provides a determination of the commodity eligibility on the Commodity Approval Application. Section 201.52(a) (8) of the Regulation states that to secure payment a supplier must submit the signed original of this form, countersigned by USAID. As appropriate, a reproduced copy of the validated form, certified as provided in the second paragraph following, is required with each subsequent claim for partial shipments made under the original validated form AID-11. Alterations to Block 16 are not acceptable.

Form submission and USAID approval. To secure USAID approval, a supplier must submit the signed and properly executed original and one copy of the form addressed to USAID Commodity Office listed in the letter of credit or direct letter of commitment pursuant to which this approval of commodity eligibility is requested. USAID will indicate its approval in block 18 of the form if the form is properly executed and if USAID has no objection to financing the described commodity. If USAID refuses approval, the Agency will return the form to the supplier with an explanation for refusal. In either case, an identification number will be assigned by USAID in the upper right-hand corner of the form. Any follow-up correspondence between the supplier and USAID should refer to this number. Partial Shipments. In the event a supplier expects to make more than one shipment

under a single contract, letter of credit, or collection document, it may either submit a separate form AID-11 covering each shipment, or submit a single form AID-11 covering the entire contract. In the latter case, the original USAID-approved form will be presented to the paying bank with the supplier's first request for payment and a reproduced copy of the approved form, properly certified in block 18, will be presented with each request for payment for subsequent partial shipments. See detailed instructions for block 8.

Duration of USAID Approval. USAID approval remains valid for six (6) months as evidenced by the expiration date entered by USAID in block 17. If the letter of credit is valid for a longer period, upon request from the supplier and submission of a copy of the letter of credit, USAID will provide an approved expiration date corresponding to the expiration date of the letter of credit. If the USAID approval expires prior to delivery, the supplier must reapply for approval, making reference to the transaction number assigned by USAID.

Timing of Submission. Under letter of credit financing the application should be submitted subsequent to receiving confirmation or advice of credit, but prior to shipment. The form may, however, be submitted prior to receipt of such credit provided that an original or true copy of the purchase contract accompanies the application. Under any other method of financing, the application will be submitted following receipt of instructions that the transaction is to be USAID – financed and must be accompanied by an original or true copy of the contract with the importer. The form should not be submitted prior to the time supplier is able to furnish all required information in blocks 12 through 15.

Language. Every commodity description which appears on the form must be stated in English. If a supplier furnishes as an attachment to this form in a contract in a language other than English, an English translation of the commodity description must also be furnished.

Completeness. All numbered blocks MUST be fully and appropriately completed. If the application contains incomplete blocks, it will NOT be processed but will be returned for completion.

Obtaining Forms. The form is available as a macro on USAID's website at <http://www.usaid.gov/forms>. Forms may be obtained in limited quantities from banks holding USAID letters of commitment, field offices of the Department of Commerce, the USAID office in the supplier's country, or the Information and Records Division (M/AS/IRD), U.S. Agency for International Development, Washington, D.C. 20523-2701. A supplier may reproduce the form provided the reproduction is identical with the original copy in every respect, including size, and format. A supplier may overprint its name and address in block 5.

INSTRUCTIONS RELATING TO SPECIFIC ITEMS

BLOCK 1: Enter the letter of commitment number. If not available, enter the loan or grant agreement number. USAID cannot act on an application unless one of these numbers is provided.

BLOCK 2: Indicate the method of financing. If by letter of credit, enter the letter of credit number assigned by the U.S. bank, the date the bank issued, advised, or confirmed the letter of credit, and the name and address of the bank concerned. If the application is submitted prior to receipt of this information, enter the words "Firm contract" and attach a copy of the contract.

If the transaction is not to be financed by letter of credit, enter the applicable payment terms (e.g., sight draft collection, open account) and attach a copy of the contract.

BLOCK 3: The importer should provide the supplier with this information. Generally the import license number appears on the letter of credit. If the information is not known or is not available at the time of submission of the application, enter "Unknown." (In some cases it may be necessary for USAID to require this information before approving the application.)

Enter "N/A" (not applicable) if the importer has not been required by its government to secure an import license.

BLOCK 4: Check the appropriate box to indicate the supplier's relationship to a country or area in the authorized source code. This information relates to certification 4 in block 16. If "Other" is checked, furnish explanation of relationship in block 15.

BLOCK 5: Enter name and address.

AID 11 (06/06)

BLOCK 7: Enter the purchase price funded by USAID under the contract. Enter contract date or date pro forma invoice was accepted.

BLOCK 8: (a) Check the appropriate box to indicate whether the supplier expects to make partial shipments. If "yes" and a separate application form will be submitted for each partial shipment, enter the value of the shipment to which this application relates. If only one application form will be submitted to cover all partial shipments, omit the dollar value.

(b) Enter the proposed loading port. If only the range of ports is known, enter the range of ports; e.g., North Atlantic, South Atlantic, Gulf, Pacific, Great Lakes. If expected that partial shipments will be made, but only one application form is to be submitted, entries under (b) and (c) will relate to the first shipment only.

(c) Enter the proposed destination port.

(d) Enter the month in which it is expected shipment will be made. In the case of partial shipments, indicate the estimated first and last months of shipments: e.g., April-September.

BLOCKS 9 and 10: Enter the U.S. Department of Commerce Schedule B 10-digit code in block 9 and describe the commodity in block 10, giving size, quantity, and a clear word description of the commodity, including any special formula or other distinguishing characteristics, such as substandard quality (e.g., reject, imperfect, second) which will help to identify it.

If the contract or letter of credit identifies the commodity by other than Schedule B code (e.g., importing country tariff classification), this identification should be furnished as part of the commodity description.

If the commodity description varies significantly within the same Schedule B Code, separate entries must be furnished for each commodity.

BLOCK 11: Enter the unit and unit price, or total, for the commodity on an FAS or FOB basis for the loading port specified in block 8.(b). For other delivery terms, enter a constructive price FAS or FOB vessel; i.e., subtract from a C&F or CIF price estimated ocean freight and accessorial costs necessary to place the commodity in the custody of the ocean carrier.

If the supplier is unable to compute a unit price FAS or FOB vessel, the unit price of the commodity may be shown on the basis of the inland price with estimated inland freight cost, if available, footnoted in an explanatory entry in block 15.

SPECIAL INSTRUCTIONS—MULTIPLE ITEMS: If the shipment (or contract) is made up of commodities bearing differing Schedule B codes, or if the commodity description varies significantly within the same Schedule B code, separate entries must be furnished for each code or description. When there are six or more items to be listed in blocks 9 through 11, a signed and dated accepted contract, order, invoice, or other separate listing of the information may be attached to the original and copy of the form AID 11, provided the full 10-digit Schedule B code, complete and accurate description of the commodity, and FAS or FOB vessel unit price are shown for each. If the information required by blocks 12 through 14 is not common to all commodities listed, appropriate information related to each such commodity is also required to be shown either on the attachment or in the blocks 12 through 14 and related to the appropriate line of the attachment. If an attachment is used in lieu of entry of the information on form AID-11, complete blocks 9 – 11 inclusive, and 12 – 14 inclusive (when applicable) by entering the words "See attachment."

OMB No. 0412-0004

Expiration Date: 10/31/2008

SPECIAL INSTRUCTIONS—BLOCKS 12 through 14: If more than one commodity is listed in block 9, provide information required by blocks 12 through 14 on separate lines in those blocks, identified to the corresponding line on which the commodity is listed in block 9. For example, information concerning a commodity listed on line (c) in block 9 would be identified as line (c) in blocks 12 through 14. When only one form AID-11 is submitted, information in these blocks should be descriptive of the total contract. If a separate form AID-11 is submitted for each shipment under the contract, the information in these blocks should cover only that single shipment.

BLOCK 12: Enter check mark in the appropriate box to indicate the condition of the commodity. If the commodity is other than new and unused, describe the condition in the space below or in block 15. For this purpose, any commodity declared surplus by the U.S. Government agency and any commodity which has been rebuilt or reconditioned or contains components which have been rebuilt or reconditioned are not considered as "unused."

BLOCK 13: See § 201.11 (b) (4) of USAID Regulation 1 (22 CFR 201) for countries and areas included in geographic code numbers.

(a) Enter in block 13(a) the authorized geographic source area stated in the letter of credit or USAID direct letter of commitment.

(b) Enter in block 13(b) the country from which the commodity will be shipped to the importer. If the commodity will be shipped from a free port or bonded warehouse, indicate this fact in block 16 and give location.

(c) Enter in block 13(c) the country in which the commodity has been or will be mined, grown, or produced through manufacturing, processing or assemble.

BLOCK 14: (a) Enter "Yes" in block 14(a) if the commodity includes components imported into the country of production from a country not included in the authorized geographic source area indicated in block 13(a). If such components are not included, enter "no."

(b) If yes is entered in block 14(a), identify in block 14b each country from which components were imported into the country of production.

(c) In block 14(c), enter the total cost, within each unit of the finished product, attributable to components imported from each country indicated in block 14(b). The supplier must thereafter be prepared to demonstrate the accuracy of the information contained in block 14(a), (b) and (c) upon the request of USAID.

BLOCK 15: State the Producer Name and Address, if not the Supplier. This block may also be used to furnish explanation or additional information in connection with any entries on the form. Identify block (and line, as appropriate) to which entry relates.

BLOCK 16: The supplier, or its authorized representative, must manually sign this certification, showing name, title and date signed.

BLOCK 17: For USAID use. Note that USAID approval is not valid for deliveries on and after the expiration date shown in this block.

BLOCK 18: If reproduced copies of this original form are presented with the supplier's request for payment (see fifth paragraph of General Instructions), the supplier or its authorized representative must manually sign this certification in block 18 of the reproduced form, showing name, title and the date signed.
