

Article IV

Notwithstanding this Agreement, the Commission may from time to time by rule, regulation, or order, require that the manufacturer, processor, or producer of any equipment, device, commodity, or other product containing source, byproduct, or special nuclear material shall not transfer possession or control of such product except pursuant to a license or an exemption from licensing issued by the Commission.

Article V

This Agreement shall not affect the authority of the Commission under Subsection 161b or 161i of the Act to issue rules, regulations, or orders to protect the common defense and security, to protect restricted data, or to guard against the loss or diversion of special nuclear material.

Article VI

The Commission will cooperate with the Commonwealth and other Agreement States in the formulation of standards and regulatory programs of the State and the Commission for protection against hazards of radiation and to assure that Commission and Commonwealth programs for protection against hazards of radiation will be coordinated and compatible. OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Special 301 Out-of-Cycle Review of the Russian Federation: Request for Public Comment

AGENCY: Office of the United States Trade Representative.

ACTION: Request for written submissions from the public.

SUMMARY: Section 182 of the Trade Act of 1974 (Trade Act) (19 U.S.C. 2242), requires the United States Trade Representative (USTR) to identify countries that deny adequate and effective protection of intellectual property rights or deny fair and equitable market access to U.S. persons who rely on intellectual property protection. (Section 182 is commonly referred to as the "Special 301" provisions of the Trade Act.) In addition, the USTR is required to determine which of these countries should be identified as Priority Foreign Countries. Acts, policies or practices that are the basis of a country's identification as a Priority Foreign Country are normally the subject of an investigation under the Section 301 provisions of the Trade Act.

On April 27, 2007, USTR announced the results of the 2007 Special 301

Review and stated that an Out-of-Cycle Review of the Russian Federation ("Russia") would be conducted this year. Pursuant to this Out-of-Cycle Review of Russia, USTR requests written submissions from the public concerning Russia's acts, policies, and practices regarding the adequacy and effectiveness of Russia's intellectual property protection and enforcement. In particular, USTR requests that comments address Russia's implementation of the United States-Russia Bilateral IPR Agreement of November 19, 2006 (available on USTR's Web site at <http://www.ustr.gov>).

DATES: Submissions must be received on or before *10 a.m. on Monday, August 27, 2007*.

ADDRESSES: All comments should be addressed to *Jennifer Choe Groves*, Director for Intellectual Property and Innovation and Chair of the Special 301 Committee, Office of the United States Trade Representative, and sent (i) electronically, to FR0606@ustr.eop.gov (please note, "FR0606" consists of the numbers "zero-six-zero-six,") with "Russia Out-of-Cycle Review" in the subject line, or (ii) by fax, to (202) 395-9458, with a confirmation copy sent electronically to the email address above.

FOR FURTHER INFORMATION CONTACT: *Jennifer Choe Groves*, Director for Intellectual Property and Innovation and Chair of the Special 301 Committee, Office of the United States Trade Representative at (202) 395-4510.

SUPPLEMENTARY INFORMATION: Pursuant to Section 182 of the Trade Act, USTR must identify those countries that deny adequate and effective protection for intellectual property rights or deny fair and equitable market access to U.S. persons who rely on intellectual property protection. Those countries that have the most onerous or egregious acts, policies, or practices and whose acts, policies or practices have the greatest adverse impact (actual or potential) on relevant U.S. products are to be identified as Priority Foreign Countries. Acts, policies or practices that are the basis of a country's designation as a Priority Foreign Country are normally the subject of an investigation under the Section 301 provisions of the Trade Act.

USTR may not identify a country as a Priority Foreign Country if it is entering into good faith negotiations, or making significant progress in bilateral or multilateral negotiations, to provide adequate and effective protection of intellectual property rights.

On April 27, 2007, USTR announced the results of the 2007 Special 301 Review and stated that an Out-of-Cycle Review of Russia would be conducted this year. Comments must be in English. No submissions will be accepted via postal service mail. Documents should be submitted as either WordPerfect, MS Word, .pdf, or text (.TXT) files. Supporting documentation submitted as spreadsheets are acceptable as Quattro Pro or Excel files. All comments and supporting documentation received by USTR will be made available to the public through electronic or other means. A submitter requesting that information contained in a comment be treated as confidential business information must certify that such information is business confidential and would not customarily be released to the public by the submitter. OFFICE OF PERSONNEL MANAGEMENT

Proposed Collection; Comment Request for Revision of a Currently Approved Collection: OPM Forms 1496 and 1496A

AGENCY: Office of Personnel Management.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, May 22, 1995), this notice announces that the Office of Personnel Management (OPM) intends to submit to the Office of Management and Budget (OMB) a request for revision of a currently approved collection. OPM Forms 1496 and 1496A, Application for Deferred Retirement (Separations on or after October 1, 1956) are used by eligible former Federal employees to apply for a deferred Civil Service annuity. Two forms were needed because there was a major revision in the law effective October 1, 1956; this affected the general information

provided with both forms. However, we will no longer maintain a clearance of the OPM 1496, the waning population affected by this form is less than ten respondents a year. We are therefore requesting clearance of the revised OPM 1496A.

Comments are particularly invited on: Whether this information is necessary for the proper performance of functions of the Office of Personnel Management, and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

Approximately 2,800 OPM Form 1496A will be completed annually. We estimate it takes approximately 1 hour to complete this form. The annual burden is 2,800 hours.

For copies of this proposal, contact Mary Beth Smith-Toomey on (202) 606-8358, FAX (202) 418-3251 or via e-mail to MaryBeth.Smith-Toomey@opm.gov. Please include a mailing address with your request.

DATES: Comments on this proposal should be received within 60 calendar days from the date of this publication.

ADDRESSES: Send or deliver comments to: Pamela S. Israel, Chief, Operations Support Group, Center for Retirement and Insurance Services, U.S. Office of Personnel Management, 1900 E Street, NW., Room 3349, Washington, DC 20415-3540.

For Information Regarding Administrative Coordination, Contact: Cyrus S. Benson, Team Leader, Publications Team, RIS Support Services/Support Group, (202) 606-0623.
