14 CFR Part 71

[Docket No. FAA-2007-28022; Airspace Docket No. 07-ASO-7]

Establishment of Class E Airspace; Centreville, AL

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action established Class E airspace at Centreville, AL. An Area navigation (RNAV) Global Positioning System (GPS) Standard Instrument Approach Procedure (SIAP) Runway (RWY) 10 has been developed for Bibb County Airport. As a result, controlled airspace extending upward from 700 feet Above Ground Level (AGL) is needed to contain the SIAP and for Instrument Flight Rules (IFR) operations at Bibb County Airport. The operating status of the airport will change from Visual Flight Rules (VFR) to include IFR operations concurrent with the publication of the SIAP.

DATES: *Effective Date:* 0901 UTC, October 25, 2007. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

SUPPLEMENTARY INFORMATION:

History

On May 22, 2007, the FAA proposed to amend part 71 of the Federal Aviation

Regulations (14 CFR part 71) by establishing Class E airspace at Centreville, AL, (72 FR 28622). This action provides adequate Class E airspace for IFR operations at Bibb County Airport. Designations for Class E airspace areas extending upward from 700 feet or more above the surface of the earth are published in FAA Order 7400.9P, dated September 1, 2006, and effective September 15, 2006, which is incorporated by reference in 14 CFR part 71.1. The Class E designations listed in this document will be published subsequently in the Order.

Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No comments objecting to the proposal were received.

The Rule

This amendment to part 71 of the Federal Aviation Regulations (14 CFR part 71) establishes Class E airspace at Centreville, AL.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routing matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

■ 1. The authority citation for part 71 continues to read as follows:

[Docket No. FAA-2007-28101; Airspace Docket No. 07-ASO-9]

Establishment of Class E Airspace; Vero Beach, FL

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action establishes Class E2 airspace at Vero Beach, FL. As a result of an evaluation, it has been determined Class E Airspace Designated as Surface Areas should be established for Vero Beach Municipal Airport. Miami Air Route Traffic Control Center

has communications capabilities and weather observation reporting when the Vero Beach tower is closed. Therefore, the airport will meet criteria for Class E2 airspace. Class E2 surface area airspace is required when the control tower is closed to contain Standard Instrument Approach Procedures (SIAPs) and other Instrument Flight Rules (IFR) operations at the airport. This action establishes Class E2 airspace extending upward from the surface to and including 2,500 feet MSL within a 4.2-mile radius of the airport and within 3.2 miles each side of the 261° bearing from the Vero Beach Nondirectional Radio Beacon (NDB) extending from the 4.2-mile radius of the Vero Beach Municipal Airport to 7 miles west of the NDB.

DATES: Effective Date: 0901 UTC, October 25, 2007. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.
