This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and

financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employment and Training Administration is soliciting comments concerning Form ETA 750 Application for Alien Employment Certification. DATES: Written comments must be submitted to the office listed in the addressee section below on or before September 10, 2007.

ADDRESSES: William L. SUPPLEMENTARY INFORMATION:**I. Background**

The information collection is required by section 212(a)(5)(A), section 214(c) and section 218 of the Immigration and

Nationality Act (INA) (8 U.S.C. 1182(a)(5)(A), 1184(c) and 1188). The INA mandates the Secretary of Labor to certify that any alien seeking to enter the United States for the purpose of performing skilled or unskilled labor is not adversely affecting wages and working conditions of U.S. workers similarly employed and that there are not sufficient U.S. workers able, willing, and qualified to perform such skilled or unskilled labor. Before any employer may request any skilled or unskilled alien labor, it must submit a request for certification to the Secretary of Labor containing the elements prescribed by the INA or meet one of the exceptions in the INA. Both the Department of Labor and the Department of Homeland Security have promulgated regulations to implement these sections of the INA. The relevant regulations are 20 CFR 655.1-4, 20 CFR 655.90-113, 20 CFR 655.200-215, 8 CFR 204.5(k)(4)(ii), and 8 CFR 214.2(h)(5) and (6).

II. Review Focus

The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including

whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions

In order to meet its statutory responsibilities under the INA, the Department needs to extend an existing collection of information pertaining to employers seeking to import foreign labor. The form used to collect the information is utilized not only by the Department, but also by other federal agencies to meet the requirements of the INA. The Department uses the information collected to implement several of its nonimmigrant worker programs, including the H-2A and H-2B temporary work programs, and for both permanent and temporary programs for the employment of alien professional athletes. The Department of Homeland Security, U.S. Citizenship and Immigration Services, utilizes the form for its National Interest Waiver program for employment-sponsored immigration.

SUPPLEMENTARY INFORMATION:

I. Background

The information collection is required by section 258 of the Immigration and Nationality Act (INA) (8 U.S.C. 1288). The INA has a prevailing practice exception to the general prohibition on the performance of longshore work by alien crewmembers in U.S. ports.
