SUPPLEMENTARY INFORMATION:

Background

Section 1424 of the Food Security Act of 1985, Public Law 99-198, amended Section 1472(b) of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3318(b)) to authorize the Secretary to use a cooperative agreement as a legal instrument reflecting a relationship between the Secretary and a State cooperative institution, State department of agriculture, college, university, other research or educational institution or organization, Federal or private agency or organization, individual, or any other party, if the Secretary determines (a) The objectives

of the agreement will serve a mutual interest of the parties to the agreement in agricultural research, extension, and teaching activities, including statistical reporting; and (b) all parties will contribute resources to the accomplishment of those objectives.

The cooperative agreements authorized by 7 U.S.C. 3318(b) have been determined to be neither procurement nor assistance in nature and, therefore, not subject to the provisions of Federal Grant and Cooperative Agreement Act of 1977. These cooperative agreements are exempt from Department of Agriculture (USDA) rules and regulations promulgated at 7 CFR parts 3015, 3016, and 3019. The agreements covered by this Part are characterized by mutual interest and benefit to both parties, and reflect the unique cooperative relationship that exists between the REE agencies and the various public and private organizations engaged in the conduct of agricultural research, extension, and teaching activities.

Although the nonassistance cooperative agreements described in this Rule are substantively different than the Federal assistance-type cooperative agreements used by most Federal awarding agencies and are not subject to the grants management Common Rule found at 2 CFR part 215, "Uniform Administrative Requirements for Grants and Agreements With Institutions of Higher Education, Hospitals and Other Non-profit Organizations," REE has decided to apply many of the provisions of the Common Rule as a matter of good business practice. Many of the standards and provisions of the Common Rule have been adopted in whole or in part in the proposed rule because they embody principles of good management and sound financial stewardship important to all Federal assistance and nonassistance awards. Additionally, we have included by reference specific provisions of other Federal assistance-type or procurement guidance documents such as 7 CFR 3052, 42 U.S.C. 6962, and the Cash Management Improvement Act, codified at 31 CFR part 205, for the same reasons.

Summary of Proposed Rule

This part provides a summary of some of the more significant sections of the rule as well as background information

that will be used in reading and interpreting it. Sections on Definitions, Applicability, Competition policy, Duration of the agreement, Special Award Conditions and others, provide general information on REE requirements and expectations. Some of the sections contain provisions that apply only to statutes authorizing nonassistance cooperative agreements and may be unfamiliar to those that normally work under Federal assistance-type cooperative agreements and grants.

We are providing an analysis of some of the specific provisions of the sections in this part in an attempt to provide the commenter with a better understanding of their context in the rule and the reasons that they were written. Although commenters may offer comments on all aspects of this proposed rule there are a number of areas that are required by statute and therefore cannot be changed.

We offer additional explanation and information on the following sections of this Part:

Subpart A—General

Definitions

The definitions used in this Part are derived from several sources. They include USDA's implementation of Office of Management and Budget (OMB) Circular A-110 at 7 CFR part 3019 (2 CFR part 215), certain REE statutes authorizing the use of non-assistance agreements and other terms and definitions that have been commonly used in conjunction with REE's non-assistance agreement programs.

Eligibility

The eligibility standards referenced in this section were determined by statute. (7 U.S.C. 3318(b)(1)).

Competition

The non-assistance agreements awarded under this authority can be made without regard to any requirements for competition. The policy regarding competition referenced in this section was determined by statute. (7 U.S.C. 3318(e))

Duration

REE Agencies may enter into non-assistance cooperative agreements for a period not to exceed 5 years.

*Subpart B—Formation of Agreements***Mutuality of Interest**

The principle of mutuality of interest is extremely important in REE programs in which non-assistance agreements are used. Mutuality of interest is the cornerstone upon which decisions to enter into specific relationships with cooperators, on specific projects, are based. The statute authorizing the use of nonassistance cooperative agreements has, as one of the two principles for its use, the following provision: “* * * the objectives of the agreement will serve a mutual interest of the parties to the agreement * * *”

Indirect Cost

The prohibitions and restrictions on payment of indirect costs on non-assistance cooperative agreements are based in statute (7 U.S.C. 3319).

Payment of indirect costs to State Cooperative Institutions referenced in the Definitions section of this document is prohibited. This prohibition does not apply to funds for international agricultural programs conducted by a State cooperative institution and administered by the Secretary or to funds provided by a Federal agency for such cooperative program or project through a fund transfer, advance or reimbursement (7 U.S.C. 3319). Payment of indirect costs to non-profit organizations is limited to 10 percent of the total direct cost of the project.

In accordance with the annual appropriations language as specified in the cooperative agreement General Provisions, payment of indirect costs on REE nonassistance cooperative agreements with all other cooperating organizations is limited to the percentage(s) established in the Cooperator's negotiated indirect cost rate schedule.

Resource Contribution

This section details the resource contributions that are required of Cooperators when participating in REE non-assistance cooperative agreements. Historically, there were no firm guidelines or requirements regarding the minimum contribution of resources on REE projects documented by non-assistance cooperative agreements. Contributions were expected to be “* * * more than nominal.” This vague guidance led to disparities among the contributions put forward by various organizations, confusion and a lack of direction among all parties charged with negotiating these awards and, in some cases a lack of true commitment to the project objectives on the part of the cooperator.

In a 1993 USDA, Office of General Counsel (OGC) opinion it was noted that the contributions that are required under the statute “* * * must be substantial enough to evoke a partnership type relationship such that all parties to the agreement have a real stake in the activity * * *” and that “* * * the exact amount that each party must contribute is a policy decision best left to the discretion of the agency.”

REE Agencies have now established a minimum resource contribution of no less than 20 percent of the funded amount of the agreement. This decision was made after consultation with other USDA agencies and other Federal agencies. While it was noted during this consultation process that some other agencies had higher minimums of resource contributions, REE Agencies decided that a 20 percent minimum was reasonable and efficacious.

Further, REE Agencies decided that the contribution required of cooperators could consist of “in kind” contributions and unrecoverable indirect costs. The section goes on to cite and define these in kind contributions in a manner that is consistent with the standard practices found in Federal agencies’ implementation of OMB’s guidance to Federal agencies found at 2 CFR part 215.

As Federal resources become more scarce due to budget limitations it may become necessary to make changes to the way in which these costs are calculated. REE Agencies reserve the right and authority to increase the amount of the minimum contribution if and when it is necessary to do so.

Payment

Due to the true collaborative nature of the research and other projects that REE Agencies enter into with their cooperators REE has determined that the reimbursement method of payment is the preferred method of payment for nonassistance cooperative agreements. While advance payment has proven to be the most reasonable approach for payments to grantees under grant programs, REE Agencies have determined that the most effective method of payment under nonassistance cooperative agreements is the reimbursement method of payment. The reimbursement method of payment utilizes Electronic Fund Transfers which are common to most recipient organizations and the technology has been in use for many years with nearly seamless efficiency.

Subpart C—Management of Agreements

The Management of Agreements sections of this rule closely parallel the

provisions of OMB’s Circular A-110, codified as 2 CFR part 215 and other provisions previously published in USDA regulations found at 7 CFR part 3015 and successor regulations. Because most educational institutions and other organizations covered by this rule are already subject to these provisions, and because the provisions have been previously approved under other Federal rulemaking efforts, we believe it unnecessary to further explain their purpose or place in this rule.

We will review other aspects of the rule that differ due either to statutory exception or Agency discretion.

Section 550.29 Press Releases. REE agencies are involved in a wide variety of research projects in many different areas of research. Some of these projects involve national security concerns or classified areas of research and are performed in cooperation with the Department of Homeland Security or other Federal protection agencies.

This section was added to assure that only appropriate information is released to the public on REE projects.

Section 550.30 Advertising. This section was developed in order to preclude Cooperators from claiming the endorsement of USDA on products or research results that were funded either directly, or indirectly, by the Federal government.

Statements that include references to the REE agency in advertising media can imply the endorsement of the Federal government at large. This provision would not preclude such references but would require prior approval for their use.

Section 550.32 Project Supervision and Responsibilities and Section 550.33 Administrative Supervision were included here to assist in the delineation of duties between the Cooperator and the REE agency. This is necessary due to the extremely close collaboration between agency employees and the employees of the Cooperator. In many cases the employees of both entities work side-by-side often causing difficult work situations when it comes to matters such as overtime and holiday hours, and other common workplace and workday rules. The provisions of this section are an attempt to clarify some of the roles and rules that have historically presented challenges to administrators and program leaders of both entities.

Procurement Standards

The Procurement Standards established in this Part are consistent with the standards set out in 2 CFR part 215 and USDA’s Federal assistance regulations at 7 CFR part 3019.

Executive Order 12866 and Regulatory Flexibility Act

This proposed rule has been reviewed under Executive Order 12866. The rule has been determined to be not significant for the purposes of Executive Order 12866.

Executive Order 12372

The programs covered by these regulations are listed in the Catalog of Federal Domestic Assistance (CFDA) under the following CFDA numbers: the Agricultural Research Service found at 10.001; the Economics Research Service found at 10.250; and the National Agricultural Statistics Service found at 10.950.

Because this proposed regulation does not authorize any programs or program expenditures, this notice is not subject to Executive Order 12372, which requires intergovernmental consultation with State and local officials. (See 7 CFR Part 3015, subpart V.)

Executive Order 12988—Civil Justice Reform

This proposed rule has been reviewed under Executive Order 12988, Civil Justice Reform. If this proposed rule is adopted: (1) State and local laws and regulations will not be preempted; (2) no retroactive effect will be given to this rule; and (3) administrative proceedings will not be required before parties may file suit in court challenging this rule.

Paperwork Reduction Act

In accordance with section 3507(d) of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the information collection or recordkeeping requirements included in this proposed rule will be submitted for approval to the Office of Management and Budget (OMB).

(7 U.S.C. 3318(b)). These agreements are neither procurement nor assistance in nature, and therefore, are not subject to the Federal Grant and Cooperative Agreements Act of 1977. Any special conditions shall be promptly removed once the conditions that prompted them have been corrected.

Subpart B—Formation of Agreements

§ 550.11 Purpose.

Sections 12 through 18 prescribe instructions and other pre-award matters to be used in establishing a non-assistance cooperative agreement.

§ 550.12 Statutory authorization required (REE Agency).

REE Agencies must have programmatic statutory authority for the proposed project prior to entering into any non-assistance cooperative agreement.

§ 550.13 Mutuality of interest.

The REE Agency shall document both parties’ interest in the project. Mutual interest exists when both parties benefit in the same qualitative way from the

objectives of the agreement. If one party to the agreement would independently have an interest in the project, which is shared by the other party, and both parties' pool resources to obtain the end result of the project, mutual interest exists.

§ 550.14 Indirect cost/tuition remission.

(a) Indirect Cost:

(1) State Cooperative Institutions.

Payment of indirect costs to State Cooperative Institutions in connection with non-assistance cooperative agreements awarded under the authority of 7 U.S.C. 3318(b) is prohibited. This prohibition does not apply to funds for international agricultural programs conducted by a State cooperative institution and administered by the Secretary or to funds provided by a Federal agency for such cooperative program or project through a fund transfer, advance or reimbursement. (7 U.S.C. 3319)

(2) Non-Profit Organizations:

Payment of indirect costs to non-profit institutions in connection with USDA cooperative agreement, under the authority of 7 U.S.C. 3318(b), is limited to 10 percent of the total direct cost of the project. (Annual Appropriations Bill for Agriculture and Related agencies, General Provisions)

(3) All other cooperating organizations:

With the exception of §§ 550.14(a)(1) and 550.14(a)(2), above, payment of indirect costs is allowable in connection with REE non-assistance cooperative agreements. Reimbursement of indirect costs is limited to the percentage(s) established in the Cooperator's negotiated indirect cost rate schedule.

(4) In any case, the REE Agency shall not reimburse indirect costs prior to receipt of the Cooperator's negotiated indirect cost rate schedule.

(b) Tuition Remission.

(1) State Cooperative Institutions.

Reimbursement of tuition expenses to State Cooperative Institutions in connection with REE non-assistance cooperative agreements is prohibited. (7 U.S.C 3319)

(2) All other cooperating organizations:

Except for § 550.14(b)(1), tuition remission is an allowable expense as determined in accordance with the cost principles applicable to the Cooperator. REE agencies shall negotiate and approve such payments as related to the scope and objectives of the non-assistance agreement.

§ 550.15 Resource contribution.

Each party must contribute resources towards the successful completion of

the project. Required resource contributions must be substantial enough to substantiate a true stake in the project as determined by the ADO.

(a) REE Agency's Contribution.

(1) The REE Agency's contribution must consist of the total in-house costs to the REE Agency and the total amount to be reimbursed by the REE Agency to the Cooperator for all allowable costs agreed to in advance as reflected in the cooperative agreement.

(b) Cooperator's Contribution.

(1) The Cooperator's contribution must be no less than 20 percent of the total of the resource contributions under the cooperative agreement. Resource contributions of the Cooperator must consist of a sufficient amount of itemized direct costs to substantiate a true stake in the project as determined by the ADO. The Cooperator's contribution must be maintained at 20 percent of Federal funding throughout the life of the cooperative agreement.

(2) Cooperators share of contributions may consist of "in-kind" contributions and may also include unrecoverable indirect costs. Such costs may be accepted as part of the Cooperator's resource contribution when all of the following criteria are met:

Rates for volunteer services shall be consistent with those paid for similar work in the Cooperator's organization. In those instances in which the required skills are not found in the Cooperator organization, rates shall be consistent with those paid for similar work in the labor market in which the Cooperator competes for the kind of services involved. In either case, paid fringe benefits that are reasonable, allowable,

and allocable may be included in the valuation.

(4) When an employer other than the Cooperator furnishes the services of an employee, these services shall be valued at the employee's regular rate of pay (plus an amount of fringe benefits that are reasonable, allowable, and allocable, but exclusive of overhead costs), provided these services are in the same skill for which the employee is normally paid.

(5) Donated supplies may include such items as expendable equipment, office supplies, laboratory supplies or workshop and classroom supplies. Value assessed to donated supplies included in the cost sharing or matching share shall be reasonable and shall not exceed the fair market value of the property at the time of the donation.

(6) The value of donated property shall be determined in accordance with the usual accounting policies of the Cooperator, with the following qualifications.

(i) The value of donated land and buildings shall not exceed its fair market value at the time of donation to the Cooperator as established by an independent appraiser (e.g., certified real property appraiser or General Services Administration representative) and certified by a responsible official of the Cooperator.

(ii) The value of donated equipment shall not exceed the fair market value of equipment of the same age and condition at the time of donation.

(iii) The value of donated space shall not exceed the fair rental value of comparable space as established by an independent appraisal of comparable space and facilities in a privately owned building in the same locality.

(iv) The value of loaned equipment shall not exceed its fair rental value.

(v) The following requirements pertain to the Cooperator's supporting records for in-kind contributions from third parties.

(A) Volunteer services shall be documented and, to the extent feasible, supported by the same methods used by the Cooperator for its own employees.

(B) The basis for determining the valuation for personal service, material, equipment, buildings, and land shall be documented.

(2) The Cooperator agrees to comply with U.S. Department of Health and Human Services' regulations regarding human subjects, appearing in 45 CFR Part 46 (as amended).

Subpart C—Management of Agreements

Financial Management

§ 550.19 Purpose.

Sections 550.20 through 550.25 of this subpart prescribe standards for financial management systems and program management requirements.

§ 550.20 Standards for financial management systems.

(a) REE agencies shall require Cooperators to relate financial data to performance data.

(b) Cooperators' financial management systems shall provide for the following.

(1) Accurate, current, and complete disclosure of the financial results of each REE sponsored project or program in accordance with the reporting requirements set forth in § 550.53 of this part. REE requires financial reporting on an accrual basis; however, the Cooperator shall not be required to establish an accrual accounting system. These Cooperators shall develop such accrual data through best estimated for their reports on the basis of an analysis of the documentation on hand.

(2) Records that identify the source and application of funds for federally sponsored activities. These records shall contain information pertaining to Federal awards, authorizations, obligations, unobligated balances, assets, outlays, income and interest.

(3) Effective control over and accountability for all funds, property and other assets. Cooperators shall adequately safeguard all such assets and assure they are used solely for authorized purposes.

(4) Comparison of outlays with budget amounts for each award. Whenever appropriate, financial information should be related to performance and unit cost data.

(5) Written procedures to minimize the time elapsing between the transfer of funds to the Cooperator from the U.S.

Treasury and the issuance or redemption of a check, warrant or payment by other means for program purposes by the Cooperator. To the extent that the provisions of the Cash Management Improvement Act (CMIA) (Pub. L. 101-453) govern, payment methods of State agencies, instrumentalities, and fiscal agents shall be consistent with CMIA Treasury-State Agreements or the CMIA default procedures codified at 31 CFR Part 205, "Rules and procedures for efficient Federal State funds transfer."

(6) Written procedures for determining the reasonableness, allocability and allowability of costs in accordance with the provisions of the applicable Federal cost principles and the terms and conditions of the award.

(7) Accounting records including cost accounting records that are supported by source documentation.

(c) Where bonds are required in the situations described above, the bonds shall be obtained from companies holding certificates of authority as acceptable sureties, as prescribed in 31 CFR Part 223, "Surety Companies Doing Business with the United States."

§ 550.21 Funding availability.

The funding period will begin on the date of final signature, unless otherwise stated on the agreement, and continue for the project period specified on the cover page of the cooperative agreement.

§ 550.22 Payment.

(a) Payment methods shall minimize the time elapsing between the transfer of funds from the U.S. Treasury and the issuance or redemption of a check, warrant, or payment by other means by the Cooperators. Payment methods of State agencies or instrumentalities shall be consistent with Treasury-State CMIA agreements or default procedures codified at 31 CFR Part 205.

(b) Reimbursement is the preferred method of payment. All payments to the Cooperator shall be made via EFT.

(1) When the reimbursement method is used, the REE Agency shall make payment within 30 days after receipt of the billing, unless the billing is improper.

(2) Cooperators shall be authorized to submit requests for payment not more than quarterly and not less frequently than annually.

(3) Content of Invoice.

At a minimum, the Cooperator's invoice shall state the following:

(i) The name and address of the Cooperator;

(ii) The name and address of the PI;

(iii) The name and address of the financial officer to whom payments shall be sent;

(iv) A reference to the cooperative agreement number;

(v) The invoice date;

(vi) The time period covered by the invoice; and

(vii) Total dollar amount itemized by budget categories (labor, direct costs, and indirect costs, etc.).

(4) To facilitate the EFT process, the Cooperator shall provide the following information:

(i) The name, addresses, and telephone number of the financial institution receiving payment;

(ii) The routing transit number of the financial institution receiving payment;

(iii) The account to which funds are to be deposited; and

(iv) The type of depositor account (checking or savings).

(c) If the REE Agency has determined that reimbursement is not feasible because the Cooperator lacks sufficient working capital, the REE Agency may provide cash on an advance basis provided the Cooperator maintains or demonstrates the willingness to maintain: (1) Written procedures that minimize the time elapsing between the transfer of funds and disbursement by the Cooperator, and (2) financial management systems that meet the standards for fund control and accountability as established in § 550.20. Under this procedure, the REE Agency shall advance cash to the Cooperator to cover its estimated disbursement needs for an initial period. The timing and amount of cash advances shall be as close as is administratively feasible to the actual disbursements by the Cooperator organization for direct program or project costs and the proportionate share of any allowable indirect costs.

(1) Advance payment mechanisms include, but are not limited to, Treasury check and electronic funds transfer.

(2) Advance payment mechanisms are subject to the requirements of 31 CFR Part 205.

(3) Requests for advance payment shall be submitted on SF-270, "Request for Advance or Reimbursement." This form is not to be used when advance payments are made to the Cooperator automatically through the use of a predetermined payment schedule or if precluded by special REE Agency instructions for electronic funds transfer.

(4) Cooperators shall maintain advances of Federal funds in interest bearing accounts, unless § 550.22(c)(4)(i), (ii), or (iii) applies.

(i) The Cooperator receives less than \$120,000 in Federal awards per year.

(ii) The best reasonably available interest bearing account would not be

expected to earn interest in excess of \$250 per year on Federal cash balances.

(iii) The depository would require an average or minimum balance so high that it would not be feasible within the expected Federal and non-Federal cash resources.

(5) For those entities where CMIA and its implementing regulations do not apply, interest earned on Federal advances deposited in interest bearing accounts shall be remitted annually to Department of Health and Human Services, Payment Management System, Rockville, MD 20852. The Cooperator for administrative expense may retain interest amounts up to \$250 per year. State universities and hospitals shall comply with CMIA, as it pertains to interest. If an entity subject to CMIA uses its own funds to pay pre-award costs for discretionary awards without prior written approval from the REE Agency, it waives its right to recover the interest under CMIA. Thereafter, the REE Agency shall reimburse the Cooperator for its actual cash disbursements.

(6) Whenever possible, advances shall be consolidated to cover anticipated cash needs for all awards made by the REE Agency to the Cooperator. The working capital advance method of payment shall not be used for Cooperators unwilling or unable to provide timely advances to their subrecipient to meet the subrecipient's actual cash disbursements.

(d) To the extent available, Cooperators shall disburse funds available from repayments to and interest earned on program income, rebates, refunds, contract settlements, audit recoveries and interest earned on such funds before requesting additional cash payments.

(e) Unless otherwise required by statute, REE Agencies shall not withhold payments for proper charges made by Cooperators at any time during the project period unless (1) or (2) apply.

(1) A Cooperator has failed to comply with the project objectives, the terms and conditions of the award, or REE reporting requirements.

(2) The Cooperator owes a debt to the United States which is subject to offset pursuant to 7 CFR Part 3 and Federal Clause Collection Standard; 31 CFR Parts 901-904.

(f) Standards governing the use of banks and other institutions as depositories of funds advanced or reimbursed under awards are as follows.

(1) Except for situations described in § 550.22(f)(2), REE Agencies shall not require separate depository accounts for funds provided to a Cooperator or

establish any eligibility requirements for depositories for funds provided to a Cooperator. However, Cooperators must be able to account for the receipt, obligation and expenditure of funds.

(2) Advances of Federal funds shall be deposited and maintained in insured accounts whenever possible.

§ 550.23 Program income.

(a) REE Agencies shall apply the standards set forth in this section in requiring Cooperator organizations to account for program income related to projects financed in whole or in part with Federal funds.

(b) Except as provided in § 550.23(f), program income earned during the project period shall be retained by the Cooperator and shall be added to funds committed to the project by the REE Agency and Cooperator and used to further eligible project or program objectives.

(c) Cooperators shall have no obligation to the Federal Government regarding program income earned after the end of the project period.

(d) Costs incident to the generation of program income may be deducted from gross income to determine program income, provided these costs have not been charged to the award.

(e) Proceeds from the sale of property shall be handled in accordance with the requirements of the Property Standards (See §§ 550.36 through 550.42).

(f) Cooperators shall have no obligation to the Federal Government with respect to program income earned from license fees and royalties for copyrighted material, patents, patent applications, trademarks, and inventions produced under an award. However, Patent and Trademark Amendments (35 U.S.C. Chapter 25) apply to inventions made under an experimental, developmental, or research award.

§ 550.24 Non-Federal audits.

(a) Cooperators and subrecipients that are institutions of higher education or other non-profit organizations (including hospitals) shall be subject to the audit requirements contained in the Single Audit Act Amendments of 1996 (31 U.S.C. 7501–7507) and revised OMB Circular A–133, “Audits of States, Local Governments, and Non-Profit Organizations.”

(b) State and local governments shall be subject to the audit requirements contained in the Single Audit Act Amendments of 1996 (31 U.S.C. 7501–7507) and revised OMB Circular A–133, “Audits of States, Local Governments, and Non-Profit Organizations.”

(c) For-profit hospitals not covered by the audit provisions of revised OMB Circular A–133 shall be subject to the audit requirements of the REE agencies.

(d) Commercial organizations shall be subject to the audit requirements of the REE Agency or the prime recipient as incorporated into the award document.

§ 550.25 Allowable costs.

For each kind of Cooperator, there is a set of Federal principles for determining allowable costs. Allowability of costs shall be determined in accordance with the cost principles applicable to the entity incurring the costs. Thus, allowability of costs incurred by State, local or federally recognized Indian tribal governments is determined in accordance with the provisions of OMB Circular A–87, “Cost Principles for State, Local, and Indian Tribal Governments” codified at 2 CFR Part 225. The allowability of costs incurred by non-profit organizations is determined in accordance with the provisions of OMB Circular A–122, “Cost Principles for Non-Profit Organizations” codified at 2 CFR Part 230. The allowability of costs incurred by institutions of higher education is determined in accordance with the provisions of OMB Circular A–21, “Cost Principles for Educational Institutions” codified at 2 CFR part 220. The allowability of costs incurred by hospitals is determined in accordance with the provisions of Subpart E of 45 CFR Part 74. The allowability of costs incurred by commercial organizations and those non-profit organizations listed in Appendix C to Circular A–122 (2 CFR part 230) is determined in accordance with the contract cost principles and procedures of the Federal Acquisition Regulation (FAR) at 48 CFR Part 31.

Program Management

§ 550.26 Monitoring program performance.

(a) Cooperators are responsible for managing the day-to-day operations of REE nonassistance awards using their established controls and policies, as long as they are consistent with REE requirements. However, in order to fulfill their role in regard to the stewardship of Federal funds, REE Agencies monitor their agreements to identify potential problems and areas where technical assistance might be necessary. This active monitoring is accomplished through review of reports and correspondence from the cooperator, audit reports, site visits, and other information available to the REE Agency. It is the responsibility of the Cooperator to ensure that the project is

being performed in compliance with the terms and conditions of the award.

(b) Monitoring of a project or activity will continue for as long as the REE Agency retains a financial interest in the project or activity. (c) Cooperators shall request prior approvals from REE Agencies for one or more of the following program or budget related reasons.

(1) Incur pre-award costs up to 90 days prior to award date. All pre-award costs are incurred at the Cooperator's risk (i.e., the REE Agency is under no obligation to reimburse such costs if for any reason the Cooperator does not receive an award or if the award is less than anticipated and inadequate to cover such costs).

(2) Change in the scope or the objective of the project or program (even if there is no associated budget revision requiring prior written approval).

(3) The absence for more than three months, or a 25 percent reduction in time devoted to the project, by the approved project director or principal investigator.

(6) The inclusion of costs that require prior approval in accordance with OMB

Circular A-21, "Cost Principles for Educational Institutions," (2 CFR Part 220), OMB Circular A-122, "Cost Principles for Non-Profit Organizations" (2 CFR Part 230) or 45 CFR Part 74 Appendix E, or 48 CFR Part 31, "Contract Cost Principles and Procedures," as applicable.

(7) Unless described in the agreement and funded in the approved awards, the sub award, transfer or contracting out of any work under an award. This provision does not apply to the purchase of supplies, material, equipment or general support services.

(d) When requesting approval for budget revisions, Cooperators shall use the budget form used in the cooperative agreement.

(viii) Unit acquisition cost; and

(ix) Ultimate disposition data, including date of disposal and sales price or the method used to determine current fair market value where a Cooperator compensates the REE Agency for its share.

(2) Equipment owned by the Federal Government shall be identified to indicate Federal ownership.

(3) A physical inventory of equipment shall be taken and the results reconciled with the equipment records at least once every two years and a copy provided to the ADO responsible for the agreement. Any differences between quantities determined by the physical inspection and those shown in the accounting records shall be investigated to determine the causes of the difference. The Cooperator shall, in connection with the inventory, verify the existence, current utilization, and continued need for the equipment.

(4) A control system shall be in effect to insure adequate safeguards to prevent loss, damage, or theft of the equipment. Any loss, damage, or theft of equipment shall be investigated and fully documented. If the Federal Government owns the equipment, the Cooperator shall promptly notify the REE Agency.

(5) Adequate maintenance procedures shall be implemented to keep the equipment in good condition.

(6) Where the Cooperator is authorized or required to sell the equipment, proper sales procedures shall be established which provide for competition to the extent practicable and result in the highest possible return.

(f) When the Cooperator no longer needs the equipment, the equipment shall be used for other activities in accordance with the following standards. For equipment with a current per unit fair market value of \$5000 or more, the Cooperator may retain the equipment for other uses provided that

compensation is made to the original REE Agency or its successor. The amount of compensation shall be computed by applying the percentage of Federal participation in the cost of the original project or program to the current fair market value of the equipment. If the Cooperator has no need for the equipment, the Cooperator shall request disposition instructions from the REE Agency. The REE Agency shall determine whether the equipment can be used to meet the Agency's requirements. If no requirement exists within that Agency, the availability of the equipment shall be reported to the General Services Administration (GSA) by the REE Agency to determine whether a requirement for the equipment exists in other Federal agencies. The REE Agency shall issue instructions to the Cooperator no later than 120 calendar days after the Cooperator's request and the following procedures shall govern.

(1) If so instructed or if disposition instructions are not issued within 120 calendar days after the Cooperator's request, the Cooperator shall sell the equipment and reimburse the REE Agency an amount computed by applying to the sales proceeds the percentage of Federal participation in the cost of the original project or program. However, the Cooperator shall be permitted to deduct and retain from the Federal share \$500 or ten percent of the proceeds, whichever is less, for the Cooperator's selling and handling expenses.

(2) If the Cooperator is instructed to ship the equipment elsewhere, the Cooperator shall be reimbursed by the Federal Government by an amount which is computed by applying the percentage of the Cooperator's participation in the cost of the original project or program to the current fair market value of the equipment, plus any reasonable shipping or interim storage costs incurred.

(3) If the Cooperator is instructed to otherwise dispose of the equipment, the Cooperator shall be reimbursed by the REE Agency for such costs incurred in its disposition.

(4) The REE Agency may reserve the right to transfer the title to the Federal Government or to a third party named by the Federal Government when such third party is otherwise eligible under existing statutes. Such transfer shall be subject to the following standards.

(i) The equipment shall be appropriately identified in the award or otherwise made known to the Cooperator in writing.

(ii) The REE Agency shall issue disposition instructions within 120

calendar days after receipt of a final inventory. The final inventory shall list all equipment acquired with Federal funds and federally owned equipment. If the REE Agency fails to issue disposition instructions within the 120 calendar days, the Cooperator shall apply the standards of this section, as appropriate.

(iii) When the REE Agency exercises its right to take title, the equipment shall be subject to the provisions for federally owned equipment.

§ 550.39 Equipment replacement insurance.

If required by the terms and conditions of the award, the Cooperator shall provide adequate insurance coverage for replacement of equipment acquired with Federal funds in the event of loss or damage to such equipment.

§ 550.40 Supplies and other expendable property.

(a) Title to supplies and other expendable property shall vest in the Cooperator upon acquisition. If there is a residual inventory of unused supplies exceeding \$5000 in total aggregate value upon termination or completion of the project or program and the supplies are not needed for any other federally-sponsored project or program, the Cooperator shall retain the supplies for use on non-Federal sponsored activities or sell them, but shall, in either case, compensate the Federal Government for its share. The amount of compensation shall be computed in the same manner as for equipment.

(b) The Cooperator shall not use supplies acquired with Federal funds to provide services to non-Federal outside organizations for a fee that is less than private companies charge for equivalent services, unless specifically authorized by Federal statute as long as the Federal Government retains an interest in the supplies.

§ 550.41 Federally-owned property.

Title to federally-owned property remains vested in the Federal Government. Cooperators shall submit annually an inventory listing of federally-owned property in their custody to the REE Agency. Upon completion of the award or when the property is no longer needed, the Cooperator shall report the property to the REE Agency for further Federal Agency utilization.

If the REE Agency has no further need for the property, it shall be declared excess and reported to the GSA, unless the REE Agency has statutory authority to dispose of the property by alternative

methods (e.g., the authority provided by the Federal Technology Transfer Act (15 U.S.C. 3710 (i)) to donate research equipment to educational and non-profit organizations in accordance with Executive Order 12999, "Education technology: ensuring Opportunity for all children in the next century." Appropriate instructions shall be issued to the Cooperator by the REE Agency.

§ 550.42 Intangible property.

(a) The Cooperator may copyright any work that is subject to copyright and was developed, by the Cooperator, or jointly by the Federal Government and the Cooperator, or for which ownership was purchased, under a cooperative agreement REE Agencies reserve a royalty-free, nonexclusive and irrevocable right to reproduce, publish, or otherwise use the work for Federal purposes, and to authorize others to do so for Federal purposes.

(b) Cooperators are subject to applicable regulations governing patents and inventions, including government-wide regulations issued by the Department of Commerce at 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements."

(c) The REE Agency has the right to:

- (1) Obtain, reproduce, publish or otherwise use the data first produced under a cooperative agreement; and
- (2) Authorize others to receive, reproduce, publish, or otherwise use such data for Federal purposes.

(d)(1) In addition, in response to a Freedom of Information Act (FOIA) request for research data relating to published research findings produced under a cooperative agreement that were used by the Federal Government in developing an Agency action that has the force and effect of law, the REE Agency shall request, and the Cooperator shall provide, within a reasonable time, the research data so that they can be made available to the public through the procedures established under the FOIA. If the REE Agency obtains the research data solely in response to a FOIA request, the Agency may charge the requester a reasonable fee equaling the full incremental cost of obtaining the research data. This fee should reflect costs incurred by the Agency, the Cooperator, and applicable subrecipients. This fee is in addition to any fees the Agency may assess under the FOIA (5 U.S.C. 552(a)(4)(A)).

(2) The following definitions apply for purposes of paragraph (d) of this section:

(i) Research data is defined as the recorded factual material commonly accepted in the scientific community as necessary to validate research findings, but not any of the following: preliminary analyses, drafts of scientific papers, plans for future research, peer reviews, or communications with colleagues. This "recorded" material excludes physical objects (*e.g.*, laboratory samples). Research data also do not include:

(A) Trade secrets, commercial information, materials necessary to be held confidential by a researcher until they are published, or similar information which is protected under law; and

(B) Personnel and medical information and similar information the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, such as information that could be used to identify a particular person in a research study.

(ii) Published is defined as either when:

(A) Research findings are published in a peer-reviewed scientific or technical journal;

(B) A Federal Agency publicly and officially cites the research findings in support of an Agency action that has the force and effect of law; or

(C) Used by the Federal Government in developing an Agency action that has the force and effect of law is defined as when an Agency publicly and officially cites the research findings in support of an Agency action that has the force and effect of law.

(e) All rights, title, and interest in any Subject Invention made solely by employee(s) of the REE Agency shall be owned by the REE Agency. All rights, title, and interest in any Subject Invention made solely by at least one (1) Employee of the REE Agency and at least one (1) employee of the Cooperator shall be jointly owned by the Agency and the Cooperator, subject to the provisions of 37 CFR part 401.

(f) REE Agencies shall have a nonexclusive, nontransferable, irrevocable, paid-up license to practice or have practiced for or on behalf of the United States the subject invention throughout the world.

Procurement Standards

§ 550.43 Purpose of procurement standards.

Sections 44 through 50 set forth standards for use by Cooperators in establishing procedures for the procurement of supplies and other expendable property, equipment and other services with Federal funds. These

standards are furnished to ensure that such materials and services are obtained in an effective manner and in compliance with the provisions of applicable Federal statutes and executive orders. No additional procurement standards or requirements shall be imposed by the Federal awarding agencies upon Cooperators, unless specifically required by Federal statute or executive order or approved by OMB.

§ 550.44 Cooperator responsibilities.

The standards contained in this section do not relieve the Cooperator of the contractual responsibilities arising under its' contract(s). The Cooperator is the responsible authority, without recourse to the REE Agency, regarding the settlement and satisfaction of all contractual and administrative issues arising out of procurements entered into in support of a nonassistance agreement. This includes disputes, claims, award protests, source evaluation or other matters of a contractual nature. Matters concerning violation of statute are to be referred to such Federal, State or local authority, as may have proper jurisdiction.

§ 550.45 Standards of conduct.

The Cooperator shall maintain written standards of conduct governing the performance of its employees engaged in the award and administration of contracts. No employee, officer, or agent shall participate in the selection, award, or administration of a contract supported by Federal funds if a real or apparent conflict of interest would be involved. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in the firm selected for an award. The officers, employees, and agents of the Cooperator shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors, or parties to subagreements. However, Cooperators may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. The standards of conduct shall provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the Cooperator.

§ 550.46 Competition.

(a) All procurement transactions shall be conducted in a manner to provide, to the maximum extent practical, open and free competition. The Cooperator shall

be alert to organizational conflicts of interest as well as noncompetitive practices among contractors that may restrict or eliminate competition or otherwise restrain trade. In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, invitations for bids and/or requests for proposals shall be excluded from competing for such procurements. Awards shall be made to the bidder or offeror whose bid or offer is responsive to the solicitation and is most advantageous to the Cooperator, price, quality and other factors considered. Solicitations shall clearly set forth all requirements that the bidder or offer shall fulfill in order for the bid or offer to be evaluated by the Cooperator. Any and all bids or offers may be rejected when it is in the Cooperator's interest to do so.

(b) Contracts shall be made only with responsible contractors who possess the potential ability to perform successfully under the terms and conditions of the proposed procurement. Consideration shall be given to such matters as contractor integrity, record of past performance, financial and technical resources or accessibility to other necessary resources. In certain circumstances, contracts with certain parties are restricted by agencies' implementation of Executive Orders 12549 and 12689, "Debarment and Suspension."

(c) Recipients shall, on request, make available for the REE Agency, pre-award review and procurement documents, such as request for proposals or invitations for bids, independent cost estimates, etc.

§ 550.47 Cost and price analysis.

Some form of cost or price analysis shall be made and documented in the procurement files in connection with every procurement action. Price analysis may be accomplished in various ways, including the comparison of price quotations submitted, market prices and similar indicia, together with discounts. Cost analysis is the review and evaluation of each element of cost to determine reasonableness, allocability and allowability.

§ 550.48 Procurement records.

Procurement records and files for purchases in excess of the small purchase threshold shall include the following at a minimum: (a) Basis for contractor selection, (b) justification for lack of competition when competitive bids or offers are not obtained, and (c) basis for award cost or price.

§ 550.49 Contract administration.

A system for contract administration shall be maintained to ensure contractor conformance with the terms, conditions and specifications of the contract and to ensure adequate and timely follow up of all purchases. Recipients shall evaluate contractor performance and document, as appropriate, whether contractors have met the terms, conditions and specifications of the contract.

§ 550.50 Contract provisions.

The recipient shall include, in addition to provisions to define a sound and complete agreement, the following provisions in all contracts. The following provisions shall also be applied to subcontracts.

(a) Contracts in excess of the simplified acquisition threshold shall contain contractual provisions or conditions that allow for administrative, contractual, or legal remedies in instances in which a contractor violates or breaches the contract terms, and provide for such remedial actions as may be appropriate.

(b) All contracts in excess of the simplified acquisition threshold shall contain suitable provisions for termination by the cooperator, including the manner by which termination shall be effected and the basis for settlement. In addition, such contracts shall describe conditions under which the contract may be terminated for default as well as conditions where the contract may be terminated because of circumstances beyond the control of the contractor.

(c) All negotiated contracts (except those for less than the simplified acquisition threshold) awarded by recipients shall include a provision to the effect that the recipient, the REE Agency, the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any books, documents, papers and records of the contractor which are directly pertinent to a specific program for the purpose of making audits, examinations, excerpts and transcriptions.

(d) All contracts, including small purchases, awarded by recipients and their contractors shall contain the procurement provisions of Appendix A, 2 CFR part 215, as applicable.

Reports and Records**§ 550.51 Purpose of reports and records.**

Sections 550.52 through 550.55 of this part set forth the procedures for monitoring and reporting on the Cooperator's financial and program performance and the necessary

reporting format. They also set forth record retention requirements, and property and equipment inventory reporting requirements.

§ 550.52 Reporting program performance.

(a) The REE Agency shall prescribe the frequency with which performance reports shall be submitted. Performance reports shall not be required more frequently than quarterly or, less frequently than annually. Annual reports shall be due 90 calendar days after the grant year; quarterly or semi-annual reports shall be due 30 days after the reporting period. The REE Agency may require annual reports before the anniversary dates of multiple year agreements in lieu of these requirements. The final performance reports are due 90 calendar days after the expiration or termination of the period of agreement.

(b) When required, performance reports shall contain, for each award, detailed information on each of the following.

(1) A comparison of actual accomplishments with the goals and objectives established for the period and the findings of the investigator. Whenever appropriate and the output of programs or projects can be readily quantified, such quantitative data should be related to cost data for computation of unit costs.

(2) Reasons why established goals were not met, if appropriate.

(3) Other pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

(c) Cooperators shall not be required to submit more than the original and two copies of performance reports.

(d) Cooperators shall immediately notify the REE Agency of developments that have a significant impact on the award-supported activities. Also, notification shall be given in the case of problems, delays, or adverse conditions which materially impair the ability to meet the objectives of the award. This notification shall include a statement of the action taken or contemplated, and any assistance needed to resolve the situation.

§ 550.53 Financial reporting.**Financial Status Report.**

(a) Each REE Agency shall require Cooperators to report the status of funds as approved in the budget for the cooperative agreement. A financial status report shall consist of the following information:

(1) The name and address of the Cooperator.

(2) The name and address of the PI.

(3) The name, address, and signature of the financial officer submitting the report.

(4) A reference to the cooperative agreement.

(5) Period covered by the report.

(6) An itemization of actual dollar amounts expended on the project during the reporting period (in line with the approved budget) and cumulative totals expended for each budget category from the starting date of the cooperative agreement.

(b) The REE Agency shall determine the frequency of the Financial Status Report for each project or program, considering the size and complexity of the particular project or program. However, the report shall not be required more frequently than quarterly or less frequently than annually. A final report shall be required at the completion of the agreement.

(c) The REE Agency shall require Cooperators to submit the financial status report (an original and no more than two copies) no later than 30 days after the end of each specified reporting period for quarterly and semi-annual reports, and 90 calendar days for annual and final reports. Extensions of reporting due dates may be approved by the REE Agency upon request of the Cooperator.

§ 550.54 Invention disclosure and utilization reporting.

(a) The Cooperator shall report Invention Disclosures and Utilization information electronically via i-Edison Web Interface at: www.iedison.gov.

(b) If access to InterAgency Edison is unavailable, the invention disclosure should be sent directly to: DEITR, National Institutes of Health, 6701 Rockledge Drive, Room 3175, MSC 7750, Bethesda, Maryland 20892-7750.

§ 550.55 Retention and access requirements for records.

(a) This section sets forth requirements for record retention and access to records for awards to Cooperators. REE agencies shall not impose any other record retention or access requirements upon Cooperators, excepting as set out in 550.42(d).

(b) Financial records, supporting documents, statistical records, and all other records pertinent to an award shall be retained for a period of 3 years from the date of submission of the final expenditure report or, for awards that are renewed quarterly or annually, from the date of the submission of the quarterly or annual financial report, as authorized by the REE Agency. The only exceptions are the following:

(1) If any litigation, claim, or audit is started before the expiration of the 3-

year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved and final action taken;

(2) Records for real property and equipment acquired with Federal funds shall be retained for 3 years after final disposition;

(3) When records are transferred to or maintained by the REE Agency, the 3-year retention requirement is not applicable to the Cooperator;

(4) Indirect cost rate proposals, cost allocations plans, etc. as specified in paragraph (f) of this section.

(c) Copies of original records may be substituted for the original records if authorized by the REE Agency.

(d) The REE Agency shall request transfer of certain records to its custody from Cooperators when it determines that the records possess long-term retention value. However, in order to avoid duplicate record keeping, a REE Agency may make arrangements for Cooperators to retain any records that are continuously needed for joint use.

(e) The REE Agency, the Inspector General, Comptroller General of the United States, or any of their duly authorized representatives, have the right of timely and unrestricted access to any books, documents, papers, or other records of Cooperators that are pertinent to the awards, in order to make audits, examinations, excerpts, transcripts and copies of such documents. This right also includes timely and reasonable access to a Cooperator's personnel for the purpose of interview and discussion related to such documents. The rights of access in this paragraph are not limited to the required retention period, but shall last as long as records are retained.

(f) No cooperator shall disclose its records that are pertinent to an award until the cooperator provides notice of the intended disclosure with copies of the relevant records to the REE Agency.

(g) *Indirect cost rate proposals, cost allocations plans, etc.* Paragraphs (g)(1) and (g)(2) of this section apply to the following types of documents, and their supporting records: indirect cost rate computations or proposals, cost allocation plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage charge back rates or composite fringe benefit rates).

(1) *If submitted for negotiation.* If the Cooperator submits to the REE Agency or the subrecipient submits to the Cooperator the proposal, plan, or other computation to form the basis for negotiation of the rate, then the 3-year

retention period for its supporting records starts on the date of such submission.

(2) *If not submitted for negotiation.* If the Cooperator is not required to submit to the REE Agency or the subrecipient is not required to submit to the Cooperator the proposal, plan, or other computation for negotiation purposes, then the 3-year retention period for the proposal, plan, or other computation and its supporting records starts at the end of the fiscal year (or other accounting period) covered by the proposal, plan, or other computation.

Suspension, Termination, and Enforcement

§ 550.56 Purpose of suspension, termination, and enforcement.

Sections 550.57 and 550.58 of this part set forth uniform suspension, termination, and enforcement procedures.

§ 550.57 Suspension and termination.

Awards may be suspended or terminated in whole or in part if 550.57(a), (b), or (c) apply.

(a) The REE Agency may terminate the award, if a Cooperator materially fails to comply with the provisions of this rule or the terms and conditions of an award.

(b) The REE Agency with the consent of the Cooperator, in which case the two parties shall agree upon the termination conditions, including the effective date and, in the case of partial termination, the portion to be terminated.

(c) If costs are allowed under an award, the responsibilities of the Cooperator referred to in § 550.32, including those for property management as applicable, shall be considered in the termination of the award, and provision shall be made for continuing responsibilities of the Cooperator after termination, as appropriate.

§ 550.58 Enforcement.

(a) Remedies for noncompliance. If a Cooperator materially fails to comply with the terms and conditions of an award, whether stated in a Federal statute, regulation, assurance, application, or notice of award, the REE Agency may, in addition to imposing any of the special conditions outlined in § 550.10, take one or more of the following actions.

(1) Temporarily withhold cash payments pending correction of the deficiency by the Cooperator or more severe enforcement action by the REE Agency.

(2) Disallow all or part of the cost of the activity or action not in compliance.

(3) Wholly or partly suspend or terminate the current award.

(4) Withhold further awards for the project or program.

(5) Take other remedies that may be legally available.

(b) Effects of suspension and termination. Costs of a Cooperator resulting from obligations incurred by the Cooperator during a suspension or after termination of an award are not allowable unless the REE Agency expressly authorizes them in the notice of suspension or termination or thereafter. Other Cooperator costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if § 550.58 (1) and (2) apply.

(1) The costs result from obligations which were properly incurred by the Cooperator before the effective date of suspension or termination, are not in anticipation of it, and in the case of a termination, are non-cancellable.

(2) The costs would be allowable if the award were not suspended or expired normally at the end of the funding period in which the termination takes effect.

(3) Relationship to debarment and suspension. The enforcement remedies identified in this section, including suspension and termination, do not preclude a Cooperator from being subject to debarment and suspension under Executive Orders 12549 and 12689 and USDA implementing regulations (7 CFR Part 3017).

Subpart D—Close Out

§ 550.59 Purpose.

Sections 550.60 through 550.62 of this part contain closeout procedures and other procedures for subsequent disallowances and adjustments.

§ 550.60 Closeout procedures.

(a) Cooperators shall submit, within 90 calendar days after the date of completion of the award, all financial, performance, and other reports as required by the terms and conditions of the award. The REE Agency may approve extensions to the reporting period when requested by the Cooperator.

(b) Unless the REE Agency authorizes an extension, a Cooperator shall liquidate all obligations incurred under the award not later than 90 calendar days after the funding period or the date of completion as specified in the terms and conditions of the award or in Agency implementing instructions.

(c) The REE Agency shall make prompt payments to a Cooperator for allowable reimbursable costs under the award being closed out.

(d) The Cooperator shall promptly refund any balance of unobligated cash advanced or paid by the REE Agency that it is not authorized to retain for use in other projects. OMB Circular A-129 governs unreturned amounts that become delinquent debts.

(e) When authorized by the terms and conditions of the award, the REE Agency shall make a settlement for any upward or downward adjustments to the Federal share of costs after closeout reports are received.

(f) The Cooperator shall account for any personal property acquired with Federal funds or received from the Federal Government in accordance with § 550.36 through § 550.42.

(g) In the event a final audit has not been performed prior to the closeout of an award, the REE Agency shall retain the right to recover an appropriate amount after fully considering the recommendations on disallowed costs resulting from the final audit.

§ 550.61 Subsequent adjustments and continuing responsibilities.

The closeout of an award does not affect any of the following.

(a) The right of the REE Agency to disallow costs and recover funds on the basis of a later audit or other review.

(b) The obligation of the Cooperator to return any funds due as a result of later refunds, corrections, or other transactions.

(c) Audit requirements in § 550.24.

(d) Property management requirements in § 550.36 through § 550.42.

(e) Records retention as required in § 550.56.

§ 550.62 Collection of amounts due.

(a) Any funds paid to a Cooperator in excess of the amount to which the Cooperator is finally determined to be entitled under the terms and conditions of the award constitute a debt to the Federal Government. If not paid within a reasonable period after the demand for payment, the REE Agency may in accordance with 7 CFR Part 3, reduce the debt by—

(1) Making an administrative offset against other requests for reimbursements or

(2) Withholding advance payments otherwise due to the Cooperator, or

(3) Taking other action permitted by statute.

(b) Except as otherwise provided by law, the REE Agency shall charge interest on an overdue debt in accordance with 31 CFR Part 900, "Federal Claims Collection Standards."

Airworthiness Directives; Thrush Aircraft, Inc. Models S2R Series Airplanes

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: We propose to adopt a new airworthiness directive (AD) for certain Thrush Aircraft, Inc. (Thrush) Model S2R series airplanes. This proposed AD would require repetitive visual inspections of the vertical and horizontal stabilizer attach fitting, attach fitting bolts, and the vertical fin aft spar for cracks or corrosion and require immediate replacement of cracked or corroded parts and eventual replacement if no cracks or corrosion is found as terminating action for the repetitive inspections. This proposed AD results from reports of cracks in the empennage of Thrush S2R series airplanes. We are proposing this AD to detect and correct these cracks, which could cause the vertical stabilizer to lose structural integrity. This condition could lead to loss of control.

DATES: We must receive comments on this proposed AD by September 24, 2007.

Discussion

We have received reports of cracks in the empennage of Thrush S2R series airplanes. Cracks may occur in the vertical stabilizer attach fitting, the horizontal stabilizer attach fitting, attach fitting bolts, and/or the vertical fin aft spar on airplanes with metal empennages. A metallurgy report suggests stress corrosion cracking is the
