I. Abstract

Congress, enacted legislation to implement the Nairobi Protocol to the Florence Agreement, included a provision for the Departments of Commerce and Homeland Security ("DHS") to collect information on the import of articles for the handicapped. Form ITA-362P, Information on Articles for Physically and Mentally Handicapped Persons Imported Free of Duty, is the vehicle by which statistical information is obtained to assess whether the duty-free treatment of articles for the handicapped has had a significant adverse impact on a domestic industry (or portion thereof) manufacturing or producing a like or directly competitive article. Without the collection of data, it would be almost impossible for a sound determination to

be made and for the President to take appropriate action.

II. Method of Collection

A copy of Form ITA-362P may be printed from on the Department of Commerce's Web site at <http://ia.ita.doc.gov/sips/ita362p.html> or the potential importer may request a copy from the Department. The applicant completes the form and then sends it to Customs and Border Protection ("CBP"). Upon acceptance by CBP as a valid application, it is transmitted to Commerce for processing.
