SUPPLEMENTARY INFORMATION:

I. Introduction

The U.S. Nuclear Regulatory Commission (NRC) held a public workshop with the Nuclear Energy

Institute (NEI) and other stakeholders on June 14, 2007, to discuss certain issues related to implementation of Subpart H of 10 CFR Part 70: (1) Appendix A to Part 70, Reportable safety events, (2) refinement of the definition of uranium solubility under Part 70, (3) use of digital instrumentation and control (I&C) in safety and process settings, (4) § 70.72 Facility changes and change process, and (5) possible revisions to the NRC Enforcement Policy.

Small working groups comprised of NRC and industry representatives, as well as members of the public, will be formed to address four of the five issues. The use of digital I&C in fuel cycle safety and process settings will not be addressed since it is part of a larger NRC/NEI effort involving use of digital I&C in the commercial nuclear industry. The goal of the working groups is to develop regulatory guidance which would ultimately be approved by the NRC.

II. Summary

The purpose of this notice is to provide the public an opportunity to participate as members of the working groups. The number of persons participating in these groups will be limited to one or two; therefore, the first one or two persons expressing interest in a particular group will have priority for participation. However, all meetings of these working groups will be open to the public and notice of these meetings will be posted on the NRC Web site. To express interest in participating in one or more of these working groups, please respond to the staff contact listed above by August 20, 2007.

Dated at Rockville, Maryland this 19th day of July 2007.

SECURITIES AND EXCHANGE COMMISSION

Proposed Collection; Comment Request

Extension:

Form N-8F; SEC File No. 270-136; OMB Control No. 3235-0157.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

Form N-8F (17 CFR 274.218) is the form prescribed for use by registered investment companies in certain circumstances to request orders of the Commission declaring that the registration of that investment company ceases to be in effect. The form requests, from investment companies seeking a deregistration order, information about (i) The investment company's identity, (ii) the investment company's distributions, (iii) the investment company's assets and liabilities, (iv) the events leading to the request to deregister, and (v) the conclusion of business. The information is needed by the Commission to determine whether an order of deregistration is appropriate.

The Form takes approximately 3 hours on average to complete. It is estimated that approximately 251 investment companies file Form N-8F annually, so that the total annual burden for the form is estimated to be 753 hours. The estimate of average burden hours is made solely for the purposes of the Paperwork Reduction Act and is not derived from a

comprehensive or even a representative survey or study.

Written comments are requested on: (a) Whether the collections of information are necessary for the proper performance of the functions of the Commission, including whether the information has practical utility; (b) the accuracy of the Commission's estimate of the burdens of the collection of information; (c) ways to enhance the quality, utility and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to R. Corey Booth, Director/Chief Information Officer, Securities and Exchange Commission, C/O Shirley Martinson, 6432 General Green Way, Alexandria, Virginia 22312; or send an e-mail to: PRA_Mailbox@sec.gov.

SECURITIES AND EXCHANGE COMMISSION

Proposed Collection; Comment Request

Existing Collection; New OMB Control No.: Rule 607; SEC File No. 270-568; OMB Control No. 3235-xxxx.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) the Securities and Exchange Commission (the "Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this collection of information to the Office of Management and Budget ("OMB") for approval.

Rule 607 under Regulation E (17 CFR 230.607) entitled, "Sales material to be filed," requires sales material used in connection with securities offerings under Regulation E (17 CFR 230.601 to 610a) to be filed with the Commission at least five days (excluding weekends

and holidays) prior to its use.¹ Regulation E allows the exemption of securities issued by a small business investment company ("SBIC") which is registered under the Investment Company Act of 1940 ("Investment Company Act") (15 U.S.C. 80a-1 *et seq.*) or a closed-end investment company that has elected to be regulated as a business development company ("BDC") under the Investment Company Act from registration under the Securities Act of 1933 ("Securities Act") (15 U.S.C. 77a *et seq.*), so long as the aggregate offering price of all securities of the issuer that may be sold within a 12-month period does not exceed \$5,000,000 and certain other conditions are met. Commission staff reviews sales material filed under rule 607 for materially misleading statements and omissions. The requirements of rule 607 are designed for investor protection.

Respondents to this collection of information include SBICs and BDCs making an offering of securities pursuant to Regulation E. Each respondent's reporting burden under rule 607 relates to the burden associated with filing its sales material electronically. The burden of filing electronically, however, is negligible and there have been no filings made under this rule, so this collection of information does not impose any burden on the industry. The estimate of average burden hours is made solely for purposes of the Paperwork Reduction Act and is not derived from a quantitative, comprehensive, or even representative survey or study of the burdens associated with Commission rules and forms.

The requirements of this collection of information are mandatory. Responses will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid control number.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to

minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.
