Circular Welded Carbon Quality Steel Pipe from the People's Republic of China: Notice of Postponement of Preliminary Determination in the Countervailing Duty Investigation

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: August 2, 2007.

FOR FURTHER INFORMATION CONTACT: Damian Felton or Nancy Decker, AD/

CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-0133 and (202) 482-0196, respectively.

SUPPLEMENTARY INFORMATION:

Background

On June 27, 2007, the Department of Commerce ("the Department") initiated the countervailing duty investigation of circular welded carbon quality steel pipe from the People's Republic of China. See *Notice of Initiation of Countervailing Duty Investigation: Circular Welded Carbon Quality Steel Pipe from the People's Republic of China*, 72 FR 36668 (July 5, 2007). Currently, the preliminary determination is due no later than August 31, 2007.

Postponement of Due Date for Preliminary Determinations

Section 703(b)(1) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to issue the preliminary determination in a countervailing duty investigation within 65 days after the date on which the Department initiated the investigation. However, if the Department concludes that the parties concerned in the investigation are cooperating and determines that the investigation is extraordinarily complicated, section 703(c)(1)(B)(i) of the Act allows the Department to postpone making the preliminary determination until no later than the 130 days after the date on which the administering authority initiated the investigation.

The Department concludes that, thus far, the parties concerned are cooperating. Furthermore, due to the complexity of the alleged countervailable subsidy practices being investigated, which include provision of goods or services for less than adequate remuneration and government restraints on exports, it is not practicable to complete the preliminary determination of this investigation within the original time limit (i.e., August 31, 2007). Therefore, in accordance with section 703(c)(1)(B)(i) of the Act, we are fully extending the due date for the preliminary determination to no later than 130 days after the day on which the investigation was initiated. As this deadline falls on a weekend, however, the fully extended deadline is the next business day, November 5, 2007.

This notice is issued and published pursuant to section 703(c)(2) of the Act.

Dated: July 26, 2007.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: August 2, 2007.

FOR FURTHER INFORMATION CONTACT:

Gayle Longest or Robert Copyak, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3338 or (202) 482-2209, respectively.

SUPPLEMENTARY INFORMATION:

Background

On February 2, 2007, the U.S. Department of Commerce ("the Department") published a notice of initiation of the administrative review of the countervailing duty order on certain hot-rolled carbon steel flat products from the India covering the period of review January 1, 2006, through December 31, 2006. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 72 FR 5005 (February 2, 2007). The preliminary results are currently due no later than September 4, 2007.

Extension of Time Limit for Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an order or finding for which a review is requested. Section 751(a)(3)(A) of the Act further states that if it is not practicable to complete the review within the time period specified, the administering authority may extend the 245-day period to issue its preliminary results by up to 120 days.

Due to new subsidy allegations and the large number of companies and programs in this administrative review, we have determined that it is not

practicable to complete the preliminary results of this review within the 245-day period. Therefore, in accordance with section 751(a)(3)(A) of the Act, we are extending the time period for issuing the preliminary results of the review to 365 days. The preliminary results are now due no later than December 31, 2007. The final results continue to be due 120 days after publication of the preliminary results.

This notice is issued and published in accordance with section 751(a)(3)(A) of the Act.

Dated: July 27, 2007.

SUPPLEMENTARY INFORMATION:

Background

On December 9, 2006, President Bush signed into law the Tax Relief and Health Care Act of 2006 (HR 6406/HR 6111) ("the Act"). Section 406(b)(1) of the Act requires the Secretary of Commerce to fairly allocate tariff rate quotas on the import of certain cotton woven fabrics through December 31, 2009. Section 406 (b)(1) authorizes the Secretary of Commerce to issue licenses to eligible manufacturers under headings 9902.52.08 through 9902.52.19 of the Harmonized Tariff Schedule of the United States, specifying the restrictions under each such license on the quantity of cotton woven fabrics that may be entered each year on behalf of the manufacturer. The Act created an annual tariff rate quota providing for temporary reductions through December 31, 2009 in the import duties of cotton woven fabrics suitable for making cotton shirts (new Harmonized Tariff Schedule of the United States (HTS) headings 9902.52.08, 9902.52.09, 9902.52.10, 9902.52.11, 9902.52.12, 9902.52.13, 9902.52.14, 9902.52.15, 9902.52.16, 9902.52.17, 9902.52.18, and 9902.52.19). The reduction in duty is limited to 85 percent of the total square meter equivalents of all imported woven fabrics of cotton containing 85 percent or more by weight cotton used by manufacturers in cutting and sewing men's and boy's cotton shirts in the United States and purchased by such manufacturer during calendar year 2000.

The Act requires that the tariff rate quotas be allocated to persons (including firms, corporations, or other legal entities) who, during calendar year 2000, were manufacturers cutting and sewing men's and boy's cotton shirts in the United States from imported woven fabrics of cotton containing 85 percent or more by weight cotton of the kind described in HTS 9902.52.08 through 9902.52.19 purchased by such manufacturer during calendar year 2000. On July 24, 2007, the Department published regulations establishing procedures for allocating the TRQ. 72 FR 40235, 15 CFR 336. In order to receive an allocation, an applicant must submit ITA Form 4156P provided at <http://web.ita.doc.gov/tacgi/cotton.nsf/TRQApp> to the address listed above by 5 p.m. on September 4, 2007 in compliance with the requirements of 15 CFR 336.
