USDA has not identified any relevant Federal rules that duplicate, overlap or conflict with this proposed rule.

Further, the meetings were widely publicized throughout the California raisin industry and all interested persons were invited to attend the meetings and participate in deliberations on all issues. The Committee's Administrative Issues Work Group discussed this issue at length during meetings on January 23, and February 1, 2007. The Administrative Issues Subcommittee thus recommended the change to the Committee on April 12, 2007. All of these meetings were public meetings and all entities, both large and small, were able to express views on this issue. Finally, interested persons are invited to submit comments on this interim final rule, including the regulatory and informational impacts of this action on small businesses.

A small business guide on complying with fruit, vegetable, and specialty crop marketing agreements and orders may be viewed at: <http://www.ams.usda.gov/fv/moab.html>. Any questions about the compliance guide should be sent to Jay Guerber at the previously mentioned address in the **FOR FURTHER INFORMATION CONTACT** section.

This rule invites comments on a change to the handler reporting requirements currently prescribed under the California raisin marketing order. Any comments received will be considered prior to finalization of this rule.

After consideration of all relevant materials presented, including the Committee's recommendation, and other information, it is found that this interim final rule, as hereinafter set forth, will tend to effectuate the declared policy of the Act.

Pursuant to 5 U.S.C. 553, it is also found and determined upon good cause that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice prior to putting this rule into effect, and that good cause exists for not postponing the effective date of this rule until 30 days after publication in the **Federal Register** because: (1) The Committee unanimously recommended this change at a public meeting after a recommendation by one of its subcommittees, and all interested parties had the opportunity to provide input; (2) handlers are aware of this change, which was discussed at four public meetings; and (3) the crop year begins August 1, 2007, and this change should be in place by that date.

AGENCY: Rural Utilities Service, Agriculture.

ACTION: Final rule.

SUMMARY: This rule adopts as final, the interim final rule published in the **Federal Register**, (71 FR 3205) on January 20, 2006. The Rural Utilities Service, an agency which administers USDA Rural Development's Utilities Programs (hereinafter "USDA Rural Development" or the "Agency") is publishing this final rule to allow the Agency to make grants to enable Public Television Stations in rural areas to replace current analog television broadcasting equipment with digital television broadcasting equipment as part of the national transition to digital television service.

DATES: This rule is effective on August 7, 2007.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION: An interim final rule establishing 7 CFR part 1740, was published in the **Federal Register** on January 20, 2006 (71 FR 3205). The rule outlined statutory

requirements for applicants of the Public Television Station Digital Transition Grant program. A 60-day comment period was provided and ended on March 21, 2006. One comment was received which supported the rule.

At the time of publishing the Interim Final rule, the date for digital transition was December 31, 2006. On February 8, 2006, however, Congress passed the "Digital Television Transition and Public Safety Act of 2005" (see Title III of the Deficit Reduction Act of 2005, Pub. L. 109-171) which created a new deadline date of February 17, 2009, for the cessation of analog television broadcasts, when all television stations will broadcast entirely in digital. Based on the rationale set forth in the interim final rule, the Agency now adopts the interim final rule, as the final rule.
