DELAWARE RIVER BASIN COMMISSION

Interim Action Concerning Operation of the New York City Delaware Basin Reservoirs Pending Rulemaking To Implement a Flexible Flow Management Program

AGENCY: Delaware River Basin Commission.

ACTION: Notice.

SUMMARY: The Delaware River Basin Commission ("Commission" or DRBC) will hold a public hearing to receive comments on an interim New York City Delaware River Basin reservoir operations plan. An interim operations plan is proposed to be implemented pending unanimous agreement on a revised Flexible Flow Management Program (FFMP) proposal by the Parties to the U.S. Supreme Court Decree of 1954—the states of Delaware, New Jersey, and New York, the Commonwealth of Pennsylvania and the City of New York—and completion by the Commission of a rulemaking process on such FFMP proposal.

DATES: The public hearing will take place on Wednesday, September 26, 2007 during the Commission's regular business meeting, beginning at 1:30 p.m. Written comments will be accepted through the close of the public hearing; however, earlier submittals would be appreciated. Persons wishing to testify are asked to register in advance with the Commission Secretary at (609) 883-9500 ext. 203. All written comments

submitted to the Commission during the prior comment period, or presented orally or in writing at its prior scheduled hearings on the form of the FFMP that was posted on the Commission's Web site in February 2007 will be included in the administrative record for this action and need not be resubmitted.

ADDRESSES: The public hearing will take place at the Commission's office building, located at 25 State Police Drive, West Trenton, New Jersey. Directions are available on the Commission's Web site, <http://www.drbc.net>. Please do not rely upon MapQuest or other Internet mapping services for driving directions, as they may not provide accurate directions to the DRBC. Written comments may be submitted by e-mail to paula.schmitt@drbc.state.nj.us; by U.S. Mail to Commission Secretary, DRBC, P.O. Box 7360, West Trenton, NJ 08628-0360; or by fax to 609-883-9522. In all cases, the commenter's name, affiliation, and address should be provided in the comment document, and "FFMP" should appear in the subject line.

FOR FURTHER INFORMATION CONTACT: For further information, please contact Pamela M. Bush, Commission Secretary and Assistant General Counsel, DRBC, at 609-883-9500 ext. 203.

SUPPLEMENTARY INFORMATION: The Decree Parties have considered the broad range of public comments received on an initial FFMP proposal published in February 2007. With the administrative support of the DRBC staff and the Delaware River Master, the Parties continue to work towards a consensus proposal that incorporates changes made in response to those comments. The Parties' efforts are now focused on completing negotiations by early September 2007. In order to be implemented by the DRBC, the relevant portions of any revised FFMP proposal developed by the Parties must be promulgated as a rule or adjudicated in a docket by incorporating them into (a) Amendments to the DRBC's Water Code; (b) one or more DRBC dockets (similar to permits) or docket revisions; or (c) a combination of Water Code amendments and dockets. The DRBC's Comprehensive Plan may also require revision.

Insufficient time remains to complete a full notice and comment rulemaking process before the Commission's next public meeting and hearing on September 26, 2007. Thus, if the Parties reach consensus on a revised FFMP on or before September 26, the Commission will consider approving an interim New York City Delaware River Basin

reservoir operations plan on September 26 to be implemented pending completion of a rulemaking process on the revised FFMP. Such interim action could consist of (1) Extending the current fisheries management program (Revision 7 of Docket D-77-20 CP); (2) reinstating a previous flow regime; or (3) implementing in whole or in part the consensus FFMP as proposed on an interim basis.

If the Commission acts to extend the current fisheries management program or to reinstate a previous flow regime, such program will be considered in combination with a spill mitigation program such as Revision 9 of Docket D-77-20 CP, which is currently in effect, and a program designed to ameliorate the potential effects on the tailwaters fishery of the Lake Wallenpaupack drought operating plan adopted by Resolution No. 2002-33. Any interim operations program that the Commission selects would be implemented simultaneously with a full notice and comment rulemaking process on rules to implement any FFMP proposal unanimously consented to by the Decree Parties. An interim program approved by the Commission and the Decree Parties would continue in effect until any expiration date contained in the program adopted or unless and until replaced by another program that has been approved by the Commission and the Decree Parties following notice and a public hearing.

In the event consensus is not reached on the FFMP on or before the Commission's meeting on September 26, the Commission will consider options 1 and 2 above. In accordance with section 3.3 of the Delaware River Basin Compact, 75 Statutes at Large 688, any program of the Commission that affects the diversions, compensating releases, rights, conditions, and obligations of the 1954 Supreme Court Decree in the matter of *New Jersey v. New York*, 347 U.S. 995, 74 S. Ct. 842 also requires the unanimous consent of the Decree Parties.

The current reservoir releases program, established by Resolution No. 2004-3, and the current spill mitigation program, established by Resolution No. 2006-18, both were due to expire on May 31, 2007. In light of ongoing efforts by the Decree Parties to develop a revised consensus FFMP proposal, the Commission extended both programs through September 30, 2007 by Resolution No. 2007-7 on May 10, 2007.

A notice concerning the original FFMP proposal of the Decree Parties appeared in the **Federal Register** on February 12, 2007 (72 FR 6509).

All resolutions and docket approvals relating to operation of the New York City Delaware Basin Reservoirs are available on the Commission's Web site at <http://www.drbc.net> or upon request from the Delaware River Basin Commission, P.O. Box 7360, West Trenton, NJ 08628-0360.

Dated: August 22, 2007.

Pamela M. Bush,

Commission Secretary.

DEPARTMENT OF EDUCATION

Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The IC Clearance Official, Regulatory Information Management Services, Office of Management, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before October 29, 2007.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will

this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: August 22, 2007.

Angela C. Arrington,

IC Clearance Official, Regulatory Information Management Services, Office of Management.

Title: REL West Educational Needs Assessment Survey.

Frequency: Annually.

Affected Public: Individuals or household.

Reporting and Recordkeeping Hour Burden: Responses: 3,157;

Burden Hours: 1,042.

Abstract: This OMB package requests clearance for data collection instruments to be used in the REL West Educational Needs Assessment Survey, which will be administered by Berkeley Policy Associates (BPA), under contract with WestEd. The purpose of the survey is to determine the needs of educators in the western region in order to inform further research to support the region. Developed for teachers and school and district administrators in the western states (Arizona, California, Nevada, and Utah), the survey is designed to yield valuable information about practitioner needs and priorities as they relate to issues of school improvement, educating English learners, quality of teaching, teacher workforce, assessment, student readiness to learn, and secondary school reform.
