

program funds and policy within the bureau.

16. Environmental Protection Agency, Headquarters (N1-412-07-51, 6 items, 6 temporary items). This schedule authorizes the agency to apply the existing disposition instructions to records series regardless of the recordkeeping medium. Included are records relating to administration of the Toxic Substances Control Act, including notices of exports, administrative tracking and control records, supporting information, log books, and registers. Paper recordkeeping copies of these files were previously approved for disposal.

17. Environmental Protection Agency, Agency-wide (N1-412-07-58, 23 items, 12 temporary items). This schedule authorizes the agency to apply the existing disposition instructions to Office of Water records, regardless of recordkeeping medium. The records include watersheds needs survey records, water contamination incident reports, state water standards files postdating 1974, state water quality reports, and additives products files. Paper recordkeeping copies of these files were previously approved for disposal. Records proposed for permanent retention include final reports to Congress, state water standard historical files, 1965-1974, effluent guidelines studies, municipal waste facility inventories, fish kill annual reports, approved alternate test procedure application files, and 404 program files. Paper recordkeeping copies of these files were previously approved as permanent.

Dated: August 28, 2007.

Howard P. Lowell,

Deputy Assistant Archivist for Records Services—Washington, DC.

BILLING CODE 7515-01-P

NATIONAL FOUNDATION ON THE ARTS AND HUMANITIES

Institute of Museum and Library Services; Proposed Collection, Submission for OMB Review, Public Libraries Survey, 2008-2010

AGENCY: Institute of Museum and Library Services, NFAH.

ACTION: Notice.

SUMMARY: The Institute of Museum and Library Services announces the following information collection has been submitted to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995

(Pub. L. 104-13, 44 U.S.C. Chapter 35). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed.

A copy of the proposed information collection request can be obtained by contacting the individual listed below in the **ADDRESSES** section of this notice.

DATES: Written comments must be submitted to the office listed in the contact section below on or before October 4, 2007.

OMB is particularly interested in comments that help the agency to:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used;
- Enhance the quality, utility and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

ADDRESSES: Barbara G. Smith, E-Projects Officer, Institute of Museum and Library Services, 1800 M Street, NW., 9th Floor, Washington, DC. Ms. Smith can be reached by telephone: 202-653-4688; fax: 202-653-8625; or e-mail: bsmith@imls.gov.

SUPPLEMENTARY INFORMATION: The Institute of Museum and Library Services is an independent Federal grant-making agency authorized by the Museum and Library Services Act, 20 U.S.C. 9101, *et seq.* Section 210 of the Act supports IMLS' data collection and analysis role. The IMLS provides a variety of grant programs to assist the nation's museums and libraries in improving their operations and enhancing their services to the public. Museums and libraries of all sizes and types may receive support from IMLS programs.

The Public Libraries Survey, conducted by the U.S. Department of Education, has OMB clearance number 1850-0689; it expires 7/31/2008. Plans are underway for the transfer of the

Public Libraries Survey from the Dept. of Education to the Institute of Museum and Library Services beginning with Fiscal Year 2008. The responsibility for this data collection, and for the clearance process, will be transferred entirely to IMLS provided that funds are appropriated to the agency for this purpose in FY 2008.

Abstract: This survey collects annual descriptive data on the universe of public libraries in the U.S. and the Outlying Areas. Information such as public service hours per year, circulation of library books, etc., number of librarians, population of legal service area, expenditures for library collections, staff salary data, and access to technology are collected. Data are collected from each public library and are coordinated at the state level by a state data coordinator.

Current Actions: This notice proposes clearance of the Public Libraries Survey. The 60-day Notice for the "Public Libraries Survey" was published in the **Federal Register** on February 5, 2007 (FR vol. 72, no. 23, pgs 5301-5302.) No comments were received.

OMB Number: n/a.

Agency Number: 3137.

Affected Public: Federal, state and local governments, public libraries, state library agencies, general public.

Number of Respondents: 55.

Frequency: Annually.

Burden hours per respondent: 39.8 hours; **Total burden hours:** 2,189.

FOR FURTHER INFORMATION CONTACT:

Comments should be sent to the Office of Information and Regulatory Affairs, Attn.: OMB Desk Officer for Education, Office of Management and Budget, Room 10235, Washington, DC 20503, (202) 395-7316.

Dated: August 29, 2007.

Barbara G. Smith,

E-Projects Officer, Office of the Chief Information Officer.

BILLING CODE 7036-01-P

NUCLEAR REGULATORY COMMISSION

Agency Information Collection Activities: Submission for the Office of Management and Budget (OMB) Review; Comment Request

AGENCY: U.S. Nuclear Regulatory Commission (NRC).

ACTION: Notice of the OMB review of information collection and solicitation of public comment.

SUMMARY: The NRC has recently submitted to OMB for review the

following proposal for the collection of information under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

1. *Type of submission, new, revision, or extension:* Extension.

2. *The title of the information collection:* 10 CFR part 63, "Disposal of High-Level Radioactive Wastes in a Proposed Geologic Repository at Yucca Mountain, Nevada."

3. *The form number if applicable:* Not applicable.

4. *How often the collection is required:* One time.

5. *Who will be required or asked to report:* The State of Nevada, local governments, or affected Indian Tribes, or their representatives, requesting consultation with the NRC staff regarding review of the potential high-level waste geologic repository site, or wishing to participate in a license application review for the potential geologic repository.

6. *An estimate of the number of annual responses:* 9.

7. *The estimated number of annual respondents:* 3.

8. *An estimate of the total number of hours needed annually to complete the requirement or request:* 363 (An average of 40 hours per response for consultation requests, 80 hours per response for license application review participation proposals, and one hour per response for statements of representative authority).

9. *An indication of whether Section 3507(d), Pub. L. 104-13 applies:* Not applicable.

10. *Abstract:* 10 CFR Part 63 requires the State of Nevada, local governments, or affected Indian Tribes to submit certain information to the NRC if they request consultation with the NRC staff concerning the review of the potential repository site, or wish to participate in a license application review for the potential repository. Representatives of the State of Nevada, local governments, or affected Indian Tribes must submit a statement of their authority to act in such a representative capacity. The information submitted by the State, local governments, and affected Indian Tribes is used by the Director of the Office of Nuclear Material Safety and Safeguards as a basis for decisions about the commitment of NRC staff resources to the consultation and participation efforts.

A copy of the final supporting statement may be viewed free of charge at the NRC Public Document Room, One White Flint North, 11555 Rockville Pike, Room O-1 F21, Rockville, MD 20852. OMB clearance requests are available at the NRC worldwide Web site: <http://www.nrc.gov/public-involve/doc-comment/omb/index.html>. The document will be available on the NRC home page site for 60 days after the signature date of this notice.

Comments and questions should be directed to the OMB reviewer listed below by October 4, 2007. Comments received after this date will be considered if it is practical to do so, but assurance of consideration cannot be given to comments received after this date. Nathan J. Frey, Desk Officer, Office of Information and Regulatory Affairs (3150-0199), NEOB-10202, Office of Management and Budget, Washington, DC 20503.

Comments can also be e-mailed to Nathan_J._Frey@omb.eop.gov or submitted by telephone at (202) 395-7345.

The NRC Clearance Officer is Margaret A. Janney, 301-415-7245.

Dated at Rockville, Maryland, this 27th day of August, 2007.

For the Nuclear Regulatory Commission.
Margaret A. Janney,
NRC Clearance Officer, Office of Information Services.

BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

[Docket No. PROJ0734, PROJ0735, PROJ0736, POOM-32]

Notice of Availability of NUREG-1854, NRC Staff Guidance for Activities Related to U.S. Department of Energy Waste Determinations, Draft Final Report for Interim Use

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of Availability of Draft Final Report for Interim Use.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is issuing draft final NRC staff guidance for activities related to U.S. Department of Energy (DOE) waste determinations (NUREG-1854), for interim use. NUREG-1854 provides guidance to the NRC staff in evaluating non-high-level waste determinations developed by DOE for the Savannah River Site, Idaho National Laboratory, Hanford, and West Valley for certain wastes that are a result of the

reprocessing of spent nuclear fuel. NUREG-1854 provides elements the NRC staff should review to fulfill its responsibilities under the Ronald Reagan Defense Authorization Act for Fiscal Year 2005 (NDAA), which is to consult with DOE on its waste determinations and to monitor DOE disposal actions to assess compliance with the performance objectives in 10 CFR part 61, subpart C. NUREG-1854 does not set forth regulatory requirements for NRC or for DOE, and compliance with NUREG-1854 is not required.

ADDRESSES: NUREG-1854 is available for inspection and copying for a fee at the Commission's Public Document Room, U.S. NRC's Headquarters Building, 11555 Rockville Pike (first floor), Rockville, Maryland, and electronically from the ADAMS Public Library component on the NRC Web Site, <http://www.nrc.gov> (the Electronic Reading Room) [ML072360184]. For those without access to the Internet, paper copies of any electronic documents may be obtained for a fee by contacting the NRC's Public Document Room at 301-415-4737 or toll free at 1-800-397-4209.

FOR FURTHER INFORMATION CONTACT: Michael Fuller, U.S. Nuclear Regulatory Commission, Mail Stop T8-F5, Washington, DC 20555, Phone Number: (301) 415-0520, e-mail: mlf2@nrc.gov.

SUPPLEMENTARY INFORMATION: In October 2004, the Ronald W. Reagan National Defense Authorization Act for Fiscal Year 2005 (NDAA) was enacted. Section 3116 of the NDAA gave the NRC new responsibilities with respect to DOE waste management activities for certain "incidental" waste resulting from the reprocessing of spent nuclear fuel within the States of South Carolina and Idaho. These responsibilities include consultation with DOE on DOE's determination whether the waste is not high-level waste (HLW), as well as monitoring DOE's disposal actions for these wastes. The concept behind incidental waste is that some material, resulting from the reprocessing of spent nuclear fuel, does not need to be disposed of as HLW in a geologic repository because the residual radioactive contamination, if properly controlled, is sufficiently low that it does not represent a hazard to public health and safety. Consequently, incidental waste is not considered to be HLW, but instead is low-level waste. DOE uses technical analyses that are documented in a waste determination to evaluate whether waste is incidental or HLW. A waste determination provides DOE's analysis as to whether the waste
