

affect the right of an applicant for employment or an employee to present any legally acceptable document as proof of identity and eligibility for employment.

Note to Employers

Employers are reminded that the laws requiring employment eligibility verification and prohibiting unfair immigration-related employment practices remain in full force. This notice does not supersede or in any way limit applicable employment verification rules and policy guidance, including those setting forth re-verification requirements, *see* 8 CFR 274a.2(b)(1)(vii). For questions, employers may call the USCIS Office of Business Liaison Employer Hotline at 1-800-357-2099. Also, employers may call the U.S. Department of Justice Office of Special Counsel for Immigration Related Unfair Employment Practices (OSC) Employer Hotline at 1-800-255-8155. Employees or applicants may call the OSC Employee Hotline at 1-800-255-7688 for information regarding the automatic extension. Additional information is available on the OSC Web site at <http://www.usdoj.gov/crt/osc/index.html>.

What documents may a qualified individual show to his or her employer as proof of employment authorization and identity when completing Form I-9?

Through March 31, 2009, Liberians (and persons having no nationality who last habitually resided in Liberia) who are eligible for DED, as described in the Presidential Memorandum, may present a copy of this **Federal Register** Notice regarding the automatic extension of employment authorization documentation, along with their Form I-766 (EAD) bearing the notation "A-12" or "C-19" on the face of the card under "Category," and having an expiration date of September 30, 2007, on the face of the card. In the alternative, any legally acceptable document or combination of documents listed in List A, List B, or List C of the Form I-9 may be presented as proof of identity and employment eligibility.

Can an individual apply for an EAD if that individual is eligible for DED in accordance with the Presidential Memorandum, but he or she does not possess an EAD issued in conjunction with a prior grant of TPS?

Yes. Individuals granted TPS for Liberia, who did not request or receive an EAD, or had their EAD lost, stolen or mutilated and who would like a replacement EAD, may apply for an

EAD. Such persons may file USCIS Form I-765, Application for Employment Authorization Document, during the duration of the period that they are eligible for DED. Applicants for EADs must also carefully follow the instructions accompanying the Form I-765. Please submit Form I-765 and supporting documentation to: Vermont Service Center, Attn: I-765, 75 Lower Welden St., St. Albans, VT 05479-0001.

On the Form I-765, the individual must indicate that he or she was a beneficiary of Liberian TPS that expires as of October 1, 2007, and is now eligible for DED. The individual should also include a copy of his or her latest Form I-797, Notice of Action, showing that he or she was previously approved for TPS, if such copy is available. If biometrics are required to produce the secure EAD, the individual may be scheduled for an appointment at a USCIS Application Support Center. The EAD that is issued will contain an expiration date of March 31, 2009. This EAD bearing a March 31, 2009, expiration date may also be presented to employers as a valid document for I-9 purposes.

May I request an interim EAD at my local district office?

No. USCIS will not be issuing interim EADs to individuals eligible for DED under the Presidential Memorandum at local district offices.

May an individual who is covered by DED under the Presidential Memorandum travel outside of the United States and be permitted to return during the 18 month DED period?

Individuals eligible for DED who would like to travel outside of the United States must apply for and receive advance parole by filing Form I-131, Application for Travel Document, with required fees. *See* 8 CFR 223.2(a). The determination whether to grant advance parole is within the discretion of DHS and is not guaranteed in all cases.

Bureau of Land Management

[CA-190-0777-XG]

Notice of Emergency Closure of Selected Public Lands in Monterey County, California

AGENCY: Bureau of Land Management, DOI.

ACTION: Notice of Emergency Closure of Selected Public Lands to the Establishment of Geocaches.

SUMMARY: In accordance with 43 CFR 8364.1(a), notice is hereby given that the Bureau of Land Management (BLM) Hollister Field Office will immediately close selected public lands to the establishment of new geocaches on Fort Ord Public Lands (FOPL) within Monterey County, California. Existing geocaches will be evaluated and BLM will determine whether or not they need to be removed. Specifically, this closure pertains to public lands located within the 7,200-acre Fort Ord Public Lands in T.14, 15, & 16 S., R. 2 E., in Monterey County, California. The public is currently prohibited from engaging in off-trail recreation use as established in an Emergency Closure of Public Lands notice dated December 5, 1996 (Volume 61, Number 235).

This action is necessary to prevent geocachers from establishing new geocaches on the Fort Ord Public Lands that may expose themselves, and others, to munitions sites. The action is also intended to reduce off-trail use that can have considerable adverse effects on soil, vegetation, wildlife, endangered species, and authorized uses on the public lands.

DATES: The emergency closure is effective immediately and will remain in effect until formal geocaching policy governing the Fort Ord Public Lands (FOPL) has been completed for this area in accordance with Title 43 Code of Federal Regulations 8364.1, or until the Authorized Officer determines it is no longer needed.

ADDRESSES: Maps of the closure area may be obtained from the Hollister Field Office, 20 Hamilton Ct, Hollister, CA 95023, Phone 831-630-5000.

FOR FURTHER INFORMATION CONTACT: Rick Cooper, Field Manager, Hollister Field Office, 20 Hamilton Ct, Hollister, CA 95023. (831) 630-5000. E-mail: Rick_Cooper@ca.blm.gov or Eric Morgan, Fort Ord Project Manager, 831-394-8314. E-mail: Eric_Morgan@ca.blm.gov.

SUPPLEMENTARY INFORMATION: The Hollister Field Office initiated an

Environmental Assessment (NEPA #CA-190-07-54) on August 29, 2007. Notification of the proposed action and analysis has been prominently posted in the Hollister Field Office public area and on the Field Office web page during its undertaking.

The 2007 Hollister Resource Management Plan designated non-motorized use on FOPL as "Limited" to designated (i.e. signed and shown on trail maps) routes and trails. This planning decision was preceded by an Emergency Closure in 1996 regarding the same on December 5, 1996 (Volume 61, Number 235). Unauthorized off-trail use has been increasing over the past years and has risen to a point that up to 60 existing geocaches are currently located away from trails on FOPL. Hundreds of recreationists visit geocache sites every week. Geocaching is not only extensively popular in the United States but occurs across the world. Geocaching activities on FOPL have the potential to expose visitors to dangerous munitions and are creating new trails that can cause considerable adverse impacts to soils, vegetation, wildlife, endangered species, and authorized uses on the public lands.

During the closure, informational signs and maps of the emergency closure will be clearly posted at main entry points to all locations affected by this Notice. BLM will contact the northern California Geocacher Approver and explain the problems and strategies and request that they post the following message on all the existing geocaches web-pages. Effective immediately the BLM is currently developing a geocaching policy governing the Fort Ord Public Lands that is protective of the environment and is attentive to public safety. As such, the BLM has instituted an immediate prohibition on the establishment of new geocaches on the FOPL and is evaluating existing caches (such as this one) to determine if there are any immediate issues concerning public safety and the protection of sensitive natural and historic resources. The BLM reminds geocachers that our current regulations prohibit off-trail recreation use at Fort Ord and that public lands are open to non-motorized trail users only from dawn to dusk. The current roads and trails network for non-motorized use can be seen on the web at Google Earth: <http://www.palmconsulting.net/beta/GE1D4.kmz>. If a person wishing to visit the area does not have Google Earth or internet access, maps of the closure area are available at the Hollister Field Office. The geocaching policy that BLM is developing will take into consideration that these lands were

once a former military base and that dangerous munitions and explosives still may reside in public use areas. Visitors that remain on our designated trail systems are not in harm's way from encountering such items. If anything is encountered that appears to be a remnant of former military use of the lands (especially anything metallic) and could be a dangerous munition, please way mark the site location and call the Presidio of Monterey Policy Department at 831-242-7851 or Army munitions expert, Lyle Shurtleff at 831-242-7919. For additional information, feel free to contact Eric Morgan, Fort Ord Manager at 831-394-8314. Thanks for your attention to these matters.

Penalties: Any person who fails to comply with the provisions of this closure order may be subject to the penalties provided in 43 CFR 8364.1, which include a fine not to exceed \$1,000 and/or imprisonment not to exceed 12 months.

Dated: August 30, 2007.

Rick Cooper,

Field Manager, Hollister Field Office.
