R and S Vinyl Products Group L.L.C., Clarion, PA; Notice of Negative Determination Regarding Application for Reconsideration

By application of August 31, 2007, a petitioner requested administrative reconsideration of the Department's negative determination regarding eligibility for workers and former workers of the subject firm to apply for Alternative Trade Adjustment Assistance (ATAA).

The workers of R&S Vinyl Products Group LLC, Clarion, Pennsylvania were certified eligible to apply for Trade Adjustment Assistance (TAA) and denied to apply for ATAA on July 31, 2007. The denial notice was published in the **Federal Register** on August 14, 2007 (72 FR 45451).

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

(1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;

(2) If it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or

(3) If in the opinion of the Certifying Officer, a mis-interpretation of facts or of the law justified reconsideration of the decision.

The group eligibility criteria for the ATAA program that the Department must consider under Section 246 of the Trade Act are:

1. Whether a significant number of workers in the workers' firm are 50 years of age or older.

2. Whether the workers in the workers' firm possess skills that are not easily transferable.

3. The competitive conditions within the workers' industry (*i.e.*, conditions within the industry are adverse).

The initial ATAA investigation determined that the skills of the subject worker group are easily transferable to other positions in the local area.

In the request for reconsideration, the petitioner requested a review of the

initial petition and to include the ATAA benefits. The petitioner appears to be under the impression that the workers eligibility for ATAA was not investigated in the original investigation.

The Department reviewed the initial investigation and determined that subject workers eligibility for ATAA was investigated. The investigation revealed that workers' skills are transferable to other positions within the commuting area. However, the Department conducted additional investigation on reconsideration and contacted a company official to determine if workers' are eligible for ATAA. Based on a company official's statements it was confirmed that there are several existing and new manufacturing facilities within the commuting area, which are in the process of hiring workers with skills similar to those possessed by the subject worker group. Consequently, the investigation confirmed that workers' skills are easily transferable to other companies.

Conclusion

After review of the application and investigative findings, I conclude that there has been no error or misinterpretation of the law or of the facts which would justify reconsideration of the Department of Labor's prior decision. Accordingly, the application is denied.

Signed at Washington, DC, this 17th day of September 2007.

Certifying Officer, Division of Trade Adjustment Assistance.

Risdon International, Inc., Crown Risdon USA, Inc., Including On-Site Leased Workers of Manpower, Inc., Middletown, NY; Risdon International, Inc., Crown Risdon USA, Inc., Danbury, CT; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273), and Section 246 of the Trade Act of 1974 (26 U.S.C. 2813), as amended, the Department of Labor issued a Certification of Eligibility to Apply for

Worker Adjustment Assistance and Alternative Trade Adjustment Assistance on August 28, 2007, applicable to workers of Risdon International, Inc., Middletown, New York and Risdon International, Inc., Danbury, Connecticut. The notice was published in the **Federal Register** on September 11, 2007 (72 FR 51844).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The Middletown, New York workers are engaged in the production of cosmetic packaging. The Danbury, Connecticut workers store and distribute products manufactured by Risdon.

New information shows that leased workers of Manpower, Inc. were employed on-site at the Middletown, New York location of Risdon International, Inc. The Department has determined that the Manpower, Inc. workers were sufficiently under the control of Risdon International, Inc. to be considered leased workers.

The State agency reports that following a change in company ownership during 2006, some workers' wages at the subject firm were reported under the Unemployment Insurance (UI) tax account for Crown Risdon USA, Inc. until November 2006.

Based on these findings, the Department is amending this certification to include leased workers of Manpower, Inc. working on-site at the Middletown, New York location of the subject firm and to show a change in ownership.

The intent of the Department's certification is to include all workers of Risdon International, Inc., Middletown, New York and Risdon International, Inc., Danbury, Connecticut who were adversely affected by a shift in production of cosmetic packaging to Mexico.

The amended notice applicable to TA-W-61,785 and TA-W-61,785A are hereby issued as follows:

"All workers of Risdon International, Inc., Crown Risdon USA, Inc., including on-site leased workers of Manpower, Inc., Middletown, New York (TA-W-61,785) and Risdon International, Inc., Crown Risdon USA, Inc., Danbury, Connecticut (TA-W-61,785A), who became totally or partially separated from employment on or after July 3, 2006, through August 28, 2009, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974, and are also eligible to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974."

Signed at Washington, DC, this 21st day of September 2007.
