

ESTIMATED TOTAL ANNUAL BURDEN HOURS—Continued

Data collection activities/instrument	Number of respondents (A)	Frequency of responses (B)	Hours burden per response (C)	Annual responses (D) = (A × B)	Annual burden hours (C × D)
Subtotal for RFC e-Grants Supplemental Information .....	56	.....	24.5	224	2,084
Totals .....	56	.....	24.5	4,032	33,612

*Estimated Cost:* The total annual estimated costs to States and Indian Tribal governments for information collection associated with the mitigation grant programs is \$891,726.36. This calculation is based on the number of annual burden hours for wage rates for Urban and Regional Planners, responsible for collecting the information or completing the e-Grants information at the State level. The cost for developing e-Grants system is approximately \$4.4 million. System enhancements will continue into future years, at an average cost to FEMA of \$750,000 annually in contract costs.

*Comments:* Written comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. Comments must be submitted on or before November 27, 2007.

**ADDRESSES:** Interested persons should submit written comments to Director, Records Management and Privacy, Office of Management Directorate, Federal Emergency Management Agency, 500 C Street, SW., Room 609, Washington, DC 20472.

**[Docket No. FR-5125-N-39]**

**Federal Property Suitable as Facilities To Assist the Homeless**

**AGENCY:** Office of the Assistant Secretary for Community Planning and Development, HUD.

**ACTION:** Notice.

**SUMMARY:** This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

**FOR FURTHER INFORMATION CONTACT:** Kathy Ezzell, room 7266, Department of Housing and Urban Development, 451 Seventh Street SW., Washington, DC 20410; telephone (202) 708-1234; TTY number for the hearing- and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 1-800-927-7588.

**SUPPLEMENTARY INFORMATION:** In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v.*

*Veterans Administration, No. 88-2503-OG (D.D.C.).*

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Where property is described as for "off-site use only" recipients of the property will be required to relocate the building to their own site at their own expense. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to John Hicks, Division of Property Management, Program Support Center, HHS, room 5B-17, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Mark Johnston at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.

For more information regarding particular properties identified in this Notice (i.e., acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: ENERGY: Mr. John Watson, Department of Energy, Office of Engineering & Construction Management, ME-90, 1000 Independence Ave, SW., Washington, DC 20585; (202) 586-0072; GSA: Mr. John E.B. Smith, Deputy Assistant Commissioner, General Services Administration, Office of Property Disposal, 18th and F Streets, NW., Washington, DC 20405; (202) 501-0084; NAVY: Mr. Warren Meekins, Associate Director, Department of the Navy, Real Estate Services, Naval Facilities Engineering Command, Washington Navy Yard, 1322 Patterson Ave., SE., Suite 1000, Washington, DC 20374-5065; (202) 685-9305. (These are not toll-free numbers.)

#### SUPPLEMENTARY INFORMATION:

*Title:* Ferrous Metals Surveys.  
*OMB Control Number:* 1028-0068.  
*Form Number:* Various (13 forms).  
*Abstract:* Respondents supply the  
 U.S. Geological Survey with domestic  
 production and consumption data on  
 ferrous and related metals, some of  
 which are considered strategic and  
 critical. This information will be  
 published as chapters in Minerals  
 Yearbooks, monthly Mineral Industry  
 Surveys, annual Mineral Commodity  
 Summaries, and special publications,  
 for use by Government agencies,  
 industry, education programs, and the  
 general public.

We will protect information  
 considered proprietary under the  
 Freedom of Information Act (5 U.S.C.  
 552) and its implementing regulations  
 (43 CFR Part 2), and under regulations  
 at 30 CFR 250.197, "Data and  
 information to be made available to the  
 public or for limited inspection."  
 Responses are voluntary. No questions  
 of a "sensitive" nature are asked. We  
 intend to release data collected on these  
 13 forms only in a summary format that  
 is not company-specific.

*Frequency:* Monthly and Annually.  
*Estimated Number and Description of  
 Respondents:* Approximately 1,307  
 producers and consumers of ferrous and  
 related metals. Respondents are  
 canvassed for one frequency period  
 (e.g., monthly respondents are not  
 canvassed annually).

*Estimated Number of Responses:*  
 2,979.

*Annual burden hours:* 1,614.  
*Estimated Annual Reporting and  
 Recordkeeping "Hour" Burden:* The  
 currently approved "hour" burden for  
 these 13 forms is 1,978 hours. We  
 estimate the public reporting burden  
 averages 10 minutes to 1 hour per  
 response. This includes the time for  
 reviewing instructions, gathering and  
 maintaining data, and completing and  
 reviewing the information.

*Estimated Reporting and  
 Recordkeeping "Non-Hour Cost"  
 Burden:* We have not identified any  
 "non-hour cost" burdens associated  
 with this collection of information.

*Public Disclosure Statement:* The PRA  
 (44 U.S.C. 3501, *et seq.*) provides that an  
 agency may not conduct or sponsor, and  
 you are not required to respond to, a  
 collection of information unless it  
 displays a currently valid OMB control

number. Until OMB approves a  
 collection of information, you are not  
 obligated to respond.

*Comments:* Before submitting an ICR  
 to OMB, PRA section 3506(c)(2)(A) (44  
 U.S.C. 3501, *et seq.*) requires each  
 agency " \* \* \* to provide notice \* \* \*  
 and otherwise consult with members of  
 the public and affected agencies  
 concerning each proposed collection of  
 information \* \* \*" Agencies must  
 specifically solicit comments to: (a)  
 Evaluate whether the proposed  
 collection of information is necessary  
 for the agency to perform its duties,  
 including whether the information is  
 useful; (b) evaluate the accuracy of the  
 agency's estimate of the burden of the  
 proposed collection of information; (c)  
 enhance the quality, usefulness, and  
 clarity of the information to be  
 collected; and (d) minimize the burden  
 on the respondents, including the use of
