

will be able to directly connect to the Exchange.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the objectives of section 6 of the Act,⁸ in general, and furthers the objectives of section 6(b)(4),⁹ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its members and issuers and other persons using its facilities. In particular, these fees will permit the Exchange to recover the costs of developing, maintaining, and supporting PrecISE Trade terminals and its various functionalities. Additionally, the Exchange believes the proposed fees are equitable in that they only apply to those members that elect to use PrecISE.¹⁰

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes that the proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or interested parties.

The foregoing proposed rule change has become effective upon filing with the Commission pursuant to section 19(b)(3)(A)(ii) of the Act¹¹ and Rule 19b-4(f)(2)¹² thereunder, because it establishes or changes a due, fee, or other charge applicable only to a member.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors,

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the ISE included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The ISE has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this rule change is to implement a quote mitigation plan for the Exchange's CMMs. As noted above, the Commission recently approved,⁶ on a one-year pilot basis, this quote mitigation plan applicable to up to twenty (20) securities that are in the Penny Pilot. Under this proposal, a CMM will be required to enter continuous quotations in just 60 percent of the series, rather than in all series, of the options classes to which it is appointed. Once a CMM enters a quote in a series, it must continue to quote in that series until the close of trading that day.

Further, ISE Rule 804(e)(2)(iii), which states that a CMM may be called upon to submit quotes in one or more series of options to which it is appointed in the interest of maintaining fair and orderly markets, shall continue to apply during the pilot period.

The Exchange proposes to commence this pilot program on September 20, 2007 for a period of one year. Prior to the commencement of the pilot program, the Exchange will issue a circular to CMMs identifying the initial list of securities selected for the pilot program.

2. Statutory Basis

The statutory basis under the Act for this proposed rule change is the requirement under Section 6(b)(5)⁷ that an exchange have rules that are designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism for a free and open market and a national market

system, and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change has become effective Section 19(b)(3)(A)(i) of the Act,⁸ and Rule 19b-4(f)(1) thereunder,⁹ because the proposal constitutes a stated policy, practice, or interpretation with respect to the meaning, administration, or enforcement of an existing rule. At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

All submissions should refer to File Number SR-ISE-2007-86. This file

number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method.
