Multiyear Increase in Fees and Charges for Egg, Poultry, and Rabbit Grading and Audit Services

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Proposed rule.

SUMMARY: The Agricultural Marketing Service (AMS) proposes to increase the fees and charges for Federal voluntary egg, poultry, and rabbit grading, certification, and audit services for the next two fiscal years, FY 2008 and FY 2009. The fees and charges need to be increased by 2.76% to 7.74% to cover the increase in salaries of Federal employees, salary increases of State employees cooperatively utilized in administering the programs, and other increased Agency costs. The AMS is required to collect fees from users of these services to cover the costs of services rendered.

SUPPLEMENTARY INFORMATION:

Background and Proposed Changes

The Agricultural Marketing Act of 1946 (AMA), as amended (7 U.S.C. 1621-1627), gives AMS the authority to provide services so that agricultural products may be marketed to their best advantage, that global marketing and trade may be facilitated, and that consumers may be able to ascertain characteristics involved in the production and processing of products and obtain the quality of product they desire. The AMA also provides for the collection of fees from users of these services that are reasonable and cover the cost of providing services. Voluntary grading and certification of eggs, poultry, and rabbits and verification and conformance audits, fall within this authorization.

A recent review determined that the existing fee schedule, effective April 1, 2007, will not generate sufficient revenue to cover program costs while maintaining an adequate trust fund reserve balance in FY 2008 and FY 2009. Revenue, investment income and other adjustments in FY 2006 were \$36 million while expenses were \$35 million, resulting in a trust fund reserve balance increase from \$12.3 million to \$13.3 million.¹

FY 2007 revenue, investment income and other adjustments are currently projected at \$35.9 million and expenses in FY 2007 are projected at \$35.8 million. This will result in a trust fund reserve balance of \$13.4 million.

Without a fee increase, FY 2008 revenue is projected to be \$35 million. Expenses are projected to be \$37.4 million, which would leave a reserve of \$11 million. With a fee increase, FY 2008 revenue is projected at \$37.5 million. The fee increase will result in a trust fund reserve balance of \$13.5 million.

Without a fee increase, FY 2009 revenue is projected at \$34.9 million. Expenses are projected at \$38.2 million, which would leave a reserve of \$7.7 million. With a fee increase, FY 2009

revenue is projected at \$38.8 million. The fee increase will result in a trust fund reserve balance of \$14 million.

Employee salaries and benefits account for approximately 85 percent of the total operating budget. The last general and locality salary increase for Federal employees became effective on January 1, 2007, and it materially affected program costs. Projected cost estimates for that increase were based on a salary increase of 1.7 percent; however, the increase was actually 1.81 to 3.02 percent, depending on locality. The average annual increase in salary over the past five years has been 3.71 percent and was used for the projected salary increase for January 2008 and January 2009. Also, from October 2007 through September 2009, salaries and fringe benefits of federally-licensed State employees are estimated to increase by about 6.0 percent.

The hourly rate for resident and non-resident service covers graders' salaries and benefits. The current hourly rates of \$39.04, \$69.68, and \$80.12 for the resident and fee service cover graders' salaries and benefits, plus the cost of travel and supervision. The minimum monthly administrative volume charge for resident poultry, shell egg, and rabbit grading remains at \$275, because the fee analysis determined that raising the minimum monthly administrative charge would not generate additional reserve. For FY 2008 the non-resident fee rates would be \$74.08 for regular hours and \$86.68 for weekend and holiday hours, an increase of approximately 7 percent from the previous year. Beginning in January 2009, the non-resident fee rates would be \$77.28 for regular hours and \$93.24 for weekend and holiday hours, an increase of approximately 6 percent from the previous year.

Current rates for auditing services are \$82.16 and \$102.84. In FY 2008 they would be \$87.56 for regular hours and \$112.00 for weekend and holiday hours, an increase of approximately 8 percent from the previous year. Beginning in January 2009, the audit rates would be \$89.20 for regular hours and \$116.08 for weekend and holiday hours, an increase of approximately 3 percent.

Elimination of the inauguration charge of \$310, when an application for service has been received, is also proposed. By restructuring the inauguration charge, expenses incurred

¹ With the increase, the reserve would be \$14 million. However a six month reserve is needed for all program contingencies, including shutdown.

for plant surveys and billed to applicants will reflect a more accurate accounting for the services rendered. Since a plant survey still would be required, the fee for the survey would be borne by the applicant at rates set forth

for shell eggs in § 56.46 (a)–(c) and for poultry and rabbits in § 70.71 (a)–(c), plus any travel and additional expenses.

The following table compares current and proposed fees. The fee rate would be increased by approximately 7.0

Executive Order 12866

This proposed rule has been determined to be not significant for purposes of Executive Order 12866 and therefore, has not been reviewed by the Office of Management and Budget (OMB).

Regulatory Flexibility Act

Pursuant to the requirements set forth in the Regulatory Flexibility Act (RFA) (5 U.S.C. 601–674), the AMS has considered the economic impact of this action on small entities. It is determined that its provisions would not have a significant economic impact on a substantial number of small entities.

There are about 390 users of Poultry Programs' services. These official plants can pack eggs, poultry, and rabbits in packages bearing the USDA grade shield when AMS graders are present to certify that the products meet the grade requirements as labeled. Many of these users are small entities under the criteria established by the Small

Business Administration (13 CFR 121.201). These entities are under no obligation to use program services as authorized under the Agricultural Marketing Act of 1946.

The AMS regularly reviews its user fee financed programs to determine if fees are adequate and if costs are reasonable. A recent review determined that the existing fee schedule, effective April 1, 2007, will not generate sufficient revenue to cover program costs while maintaining an adequate reserve balance in FY 2008 and FY 2009.

Expenses in FY 2008 are projected at \$37.4 million. Without a fee increase, FY 2008 revenue is projected at \$35 million. With a fee increase, FY 2008 revenues are projected at \$37.5 million.

Expenses in FY 2009 are projected at \$38.2 million. Without a fee increase, FY 2009 revenues are projected at \$34.9 million. With a fee increase, FY 2009 revenues are projected at \$38.8 million.

This action would raise the fees charged to users of grading and auditing services. The AMS estimates that, overall, this rule would yield an about \$2.4 million during FY 2008 and \$3.9 million for FY 2009. The hourly rate for resident and nonresident service would increase by approximately 4.71 percent in FY 2008 and 4.4 percent in FY 2009. The fee rate would increase by approximately 7 percent in FY 2008 and approximately 6 percent in FY 2009. The audit fee would increase by approximately 8 percent in FY 2008 and approximately 3 percent in FY 2009. The impact of these rate changes in a poultry plant would range from about \$0.000078 to \$0.000952 per pound of poultry handled in FY 2008 and \$0.000085 to \$0.001068 in FY 2009. In a shell egg plant, the range would be \$0.000273 to \$0.003499 per dozen eggs handled in FY 2008 and \$0.000410 to \$0.004870 per dozen eggs handled in FY 2009.

Civil Justice Reform

This action has been reviewed under Executive Order 12988, Civil Justice Reform. This action is not intended to have retroactive effect. This rule will not preempt any State or local laws, regulations, or policies, unless they present an irreconcilable conflict with this rule. There are no administrative procedures which must be exhausted prior to any judicial challenge to the provisions of this rule.

Paperwork Reduction

The information collection requirements that appear in the sections to be amended by this action have been previously approved by OMB and assigned OMB Control Numbers under the Paperwork Reduction Act (44 U.S.C. Chapter 35) as follows: § 56.52(a)(4)—No. 0581–0128; and § 70.77(a)(4)—No. 0581–0127.

A 30-day comment period is provided for interested persons to comment on this proposed rule. Given the current financial status of this program, this comment period is deemed appropriate in order to implement, as early as possible in FY 2008, any fee changes adopted as a result of this rulemaking action.

Issuance of a Visa and Authorization for Temporary Admission Into the United States for Certain Nonimmigrant Aliens Infected With HIV

AGENCY: Customs and Border Protection; DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Department of Homeland Security (DHS) proposes to amend the regulations pertaining to admission of certain nonimmigrants to the United States. This rule proposes to authorize issuance of certain short-term nonimmigrant visas and temporary admission for aliens who are inadmissible solely due to their infection with the human immunodeficiency virus (HIV). The proposed rule would provide, on a limited and categorical basis, a more streamlined process to authorize these nonimmigrant aliens to enter the United
