Certain Steel Nails From the People's Republic of China and the United Arab Emirates: Postponement of Preliminary Determinations of Antidumping Duty Investigations

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Dates:* November 9, 2007.

FOR FURTHER INFORMATION CONTACT:

Nicole Bankhead (PRC) (202) 482-9068 or David Goldberger (UAE) (202) 482-4136; AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington DC 20230.

SUPPLEMENTARY INFORMATION:**Postponement of Preliminary Determinations**

On July 9, 2007, the Department of Commerce ("the Department") initiated antidumping duty investigations of imports of certain steel nails from the People's Republic of China ("PRC") and the United Arab Emirates ("UAE"). See *Certain Steel Nails from the People's Republic of China and the United Arab Emirates: Initiation of Antidumping Duty Investigations*, 72 FR 38816 (July 16, 2007). The notice of initiation stated that we would issue our preliminary determinations no later than 140 days after the date of initiation. Currently, the preliminary determinations in these investigations are due on November 26, 2007.

On November 1, 2007, the petitioners¹ made timely requests, pursuant to 19 CFR 351.205(e), for a 50-day postponement of the preliminary determinations in the investigations, pursuant to section 733(c)(1)(A) of the Tariff Act of 1930, as amended ("the Act"). The petitioners stated that a postponement of these preliminary determinations is necessary because of the complexities of the investigations and the required analyses for them, and because the Department is still involved in gathering initial data from the respondents.

Under section 733(c)(1)(A) of the Act, if the petitioner makes a timely request

for an extension of the period within which the preliminary determination must be made under subsection (b)(1), then the Department may postpone making the preliminary determination under subsection (b)(1) until not later than the 190th day after the date on which the administering authority initiated the investigation. Therefore, for the reasons identified by the petitioners and because there are no compelling reasons to deny their requests, the Department is postponing the preliminary determinations in these investigations until January 15, 2008, which is 190 days from the date on which the Department initiated these investigations.

The deadline for the final determinations will continue to be 75 days after the date of the preliminary determinations, unless extended.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: November 5, 2007.

Stephen J. Claeys,

Acting Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE**International Trade Administration****University of Oklahoma, et. al.****Notice of Consolidated Decision on Applications for Duty-Free Entry of Electron Microscopes**

This is a decision consolidated pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, as amended by Pub. L. 106-36, 80 Stat. 897; 15 CFR part 301). Related records can be viewed between 8:30 A.M. and 5:00 P.M. in Room 2104, U.S. Department of Commerce, 14th and Constitution Avenue., NW, Washington, DC.

Docket Number: 07-055. Applicant: University of Oklahoma, Norman, OK 73019. Instrument: Electron Microscope, Model Quanta 200. Manufacturer: FEI Company, Czech Republic. Intended Use: See notice at 72 FR 58286, October 15, 2007.

Docket Number: 07-057. Applicant: University of Alabama at Birmingham, Birmingham, AL 35294-0017. Instrument: Electron Microscope, Model H-7650-II. Manufacturer: Hitachi High-Technologies Corp., Japan. Intended Use: See notice at 72 FR 58286, October 15, 2007.

Docket Number: 07-064. Applicant: Stowers Institute for Medical Research, Kansas City, MO 64110. Instrument: Electron Microscope, Model Tecnai G2. Manufacturer: FEI Company, Czech Republic. Intended Use: See notice at 72 FR 58286, October 15, 2007.

Docket Number: 07-065. Applicant: State University of New York at Binghamton, Binghamton, NY 13902. Instrument: Electron Microscope, Model Nova 600. Manufacturer: FEI Company, Netherlands. Intended Use: See notice at 72 FR 58286, October 15, 2007.

Comments: None received. Decision: Approved. No instrument of equivalent scientific value to the foreign instrument, for such purposes as these instruments are intended to be used, was being manufactured in the United States at the time the instruments were ordered. Reasons: Each foreign instrument is an electron microscope and is intended for research or scientific educational uses requiring an electron microscope. We know of no electron microscope, or any other instrument suited to these purposes, which was being manufactured in the United States at the time of order of each instrument.

Dated: November 5, 2007.

Faye Robinson,

Director.

Statutory Import Programs Staff Import Administration.

BILLING CODE 3510-DS-S

DEPARTMENT OF COMMERCE**International Trade Administration****U.S. Electronic Education Fairs for China and India**

AGENCY: International Trade Administration, Commerce.

ACTION: Notice.

SUMMARY: The deadline for U.S. accredited colleges and universities to sponsor the U.S. Electronic Education Fairs for China and India by purchasing space on the corresponding Internet landing pages has been extended to November 16, 2007.

DATES: Applications will be accepted from the date of this Notice until 3 p.m. EDT November 16, 2007. The initiative is scheduled to commence on or around that date.

FOR FURTHER INFORMATION CONTACT:

Jennifer Moll, U.S. Department of Commerce. Tel: (248) 508-8404; John Siegmund, U.S. Department of Commerce, Room 1104. Tel: (202) 482-4781; David Long, U.S. Department of

¹ Mid Continent Nail Corporation, Davis Wire Corporation, Gerdau Ameristeel Corporation (Atlas Steel & Wire Division), Maze Nails (Division of W.H. Maze Company), Treasure Coast Fasteners, Inc., and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union.

Commerce, Room 1104. Tel: (202) 482-3575.

SUPPLEMENTARY INFORMATION: The U.S. Electronic Education Fairs for China and India are part of a joint initiative between the U.S. Department of Commerce and the U.S. Department of State. The purpose of the initiative is to inform Chinese and Indian students who are interested in studying outside of their home countries about the breadth and depth of the higher education opportunities available in the United States. The initiative utilizes a three-pronged multimedia approach through the Internet, on-ground activities, and television, including two twenty-three minute TV programs and a series of short, 1-2 minute programs airing on local cable and national satellite TV stations throughout China and India. All programming directs viewers to the corresponding Internet landing page. DVDs distributed through education trade fairs and EducationUSA advising centers throughout China and India will further this message.

Accredited U.S. educational institutions are invited to sponsor the China and India Internet landing pages. Sponsorships for China OR India will be available in Gold and Silver categories. Institutions that purchase Gold Sponsorship, priced at \$8,000, will receive a banner-sized ad with their school's logo and name which will link to their institution's Web site. Institutions that purchase Silver Sponsorship, priced at \$3,000, will have their name listed on the site with a link to their institution's Web site. If an institution would like to sponsor and purchase space on both the China and India Internet landing pages, they will receive a 50 percent discount for the second sponsorship, for a total of \$12,000 for Gold and \$4,500 for Silver.

Applications by qualifying institutions will be selected on a rolling basis, capacity permitting.

Dated: November 5, 2007.

David Long,

*Director, Office of Service Industries,
International Trade Administration.*

BILLING CODE 3510-DR-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XD52

Atlantic Highly Migratory Species; Exempted Fishing, Scientific Research, Display, and Chartering Permits; Letters of Acknowledgment

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of intent; request for comments.

SUMMARY: NMFS announces its intent to issue Exempted Fishing Permits (EFPs), Scientific Research Permits (SRPs), Display Permits, Letters of Acknowledgment (LOAs), and Chartering Permits for the collection of Atlantic Highly Migratory Species (HMS) in 2008. In general, EFPs and related permits would authorize collections of a limited number of tunas, swordfish, billfishes, and sharks from Federal waters in the Atlantic Ocean, Caribbean Sea, and Gulf of Mexico for the purposes of scientific data collection, public display, and chartering. Generally, these permits will be valid from the date of issuance through December 31, 2008, unless otherwise specified, subject to the terms and conditions of individual permits.

DATES: Written comments on these activities received in response to this notice will be considered by NMFS when issuing EFPs and related permits and must be received on or before December 10, 2007.

ADDRESSES: Comments may be submitted by any of the following methods:

- Email: HMSEFP.2008@noaa.gov.

Include in the subject line the following identifier: 0648-XD52

- Mail: Margo Schulze-Haugen, Chief, Highly Migratory Species Management Division (F/SF1), NMFS, 1315 East-West Highway, Silver Spring, MD 20910.
- Fax: (301) 713-1917.

FOR FURTHER INFORMATION CONTACT:

Michael Clark, phone: (301) 713-2347, fax: (301) 713-1917 or Jackie Wilson, phone: (240) 338-3936.

SUPPLEMENTARY INFORMATION: Issuance of EFPs and related permits are necessary for the collection of HMS for public display and scientific research because regulations (e.g., seasons, prohibited species, authorized gear, and minimum sizes) may prohibit the collection of live animals or biological samples for these purposes. Collection

for scientific research and display represents a small portion of the overall fishing mortality for HMS and this mortality will be counted against the quota of the species harvested, as appropriate. The terms and conditions of individual permits are unique; however, all permits will include reporting requirements, limit the number and species of HMS to be collected, and only authorize collection in Federal waters of the Atlantic Ocean, Gulf of Mexico, and Caribbean Sea.

EFPs and related permits are issued under the authority of the Magnuson-Stevens Fishery Conservation and Management Reauthorization Act (Magnuson-Stevens RA) (16 U.S.C. 1801 *et seq.*) and/or the Atlantic Tunas Convention Act (ATCA) (16 U.S.C. 971 *et seq.*). Regulations at 50 CFR 600.745 and 50 CFR 635.32 govern scientific research activity, exempted fishing, chartering arrangements, and exempted educational activities with respect to Atlantic HMS. Since the Magnuson-Stevens Act does not consider scientific research to be "fishing", scientific research is exempt from this statute, and NMFS does not issue EFPs for bona fide research activities (e.g., research conducted from a research vessel and not a commercial or recreational fishing vessel) involving species that are only regulated under the Magnuson-Stevens Act (e.g., sharks) and not under ATCA. NMFS requests copies of scientific research plans for these activities and indicates concurrence by issuing an LOA to researchers to indicate that the proposed activity meets the definition of research and is therefore exempt from regulation.

Scientific research is not exempt under ATCA. NMFS issues SRPs for collection of species managed under this statute (e.g., tunas, swordfish, and billfish), which authorize researchers to collect HMS from bona fide research vessels. EFPs are issued to researchers collecting ATCA-managed species and conducting research from commercial or recreational fishing vessels. NMFS regulations concerning the implantation or attachment of archival tags in Atlantic HMS require scientists to report their activities associated with implantation of these tags.

NMFS seeks public comment on its intent to issue EFPs for the purpose of collecting biological samples under at-sea fisheries observer programs. NMFS intends to issue EFPs to any NMFS employee or NMFS-approved contractor/observer to bring onboard and possess (for scientific research purposes, biological sampling, measurement, etc.) Atlantic tuna, swordfish, shark, or billfish provided
