Needs and Uses: The Commission will submit this information collection to the OMB as a revision during this comment period to obtain the full three-year clearance from them. There is a change in the number of respondents/responses, burden hours and annual costs due to instructional changes to Schedules B and D due to Auction 73 of the 700 MHz band licenses (*Second Report and Order* in FCC 07-132, WT Docket No. 06-150) which is scheduled for January 16, 2008.

FCC Form 601 is composed of a main form that contains the administrative information and a series of schedules used for filing technical and other information. Respondents are encouraged to submit FCC Form 601 electronically and are required to do so when submitting the FCC Form 601 to apply for an authorization for which the applicant was the winning bidder in a spectrum auction (700 MHz auction scheduled for January 16, 2008).

There is no change to the FCC Form 602—just an increase in the number of new respondents that are affected by this collection—which changed the total annual burden hours and annual costs.

The purpose of the FCC Form 602 is to obtain the identity of the filer and to elicit information required by Section 1.2112 of the Commission's rules regarding: (1) Persons or entities holding a 10 percent or greater direct or indirect ownership interest or any general partners in a general partnership holding a direct or indirect ownership interest in the applicant ("Disclosable Interest Holders"); and (2) all FCC-regulated entities in which the filer or any of its Disclosable Interest Holders owns a 10 percent or greater interest. The data collected on the FCC Form 602 includes the FCC Registration Number (FRN), which serves as a "common link" for all filings an entity has with the FCC. The Debt Collection Improvement Act of 1996 requires that entities filing with the Commission to use a FRN. The FCC Form 602 was designed for, and must be filed

electronically by all licensees that hold licenses in auctionable services.

Estimated Time Per Response: 561 hours (average).

Nature and Extent of Confidentiality: There is no need for confidentiality.

Needs and Uses: The Commission will submit this revision to the OMB after this 60-day comment period to obtain the full three-year clearance from them.

The Commission released a *Report and Order* on June 22, 2007 in IB Docket No. 04-47, FCC 07-118. Among other requirements, international carriers must notify the Commission at the same time that they notify affected customers of the discontinuance of international service. The Commission reduced the time period for such notification(s) from 60 to 30 days.

If the collections were not conducted or were conducted less frequently, applicants would not obtain the authorizations necessary to provide telecommunications services, and the Commission will be unable to carry out its mandate under the Communications Act of 1934 and the Cable Landing License Act. Furthermore, the Commission would not be able to ensure that applicants and current licensees comply with the Coastal Zone Management Act of 1972 (CZMA) statute. Additionally, without the information collections, the United

States would jeopardize its ability to fulfill the U.S. obligations as negotiated under the World Trading Organization (WTO) Basic Telecom Agreement because these collections are imperative to detecting and deterring anticompetitive conduct. They are also necessary to preserve the Executive Branch agencies' and the Commission's ability to review foreign investments for national security, law enforcement, foreign policy, and trade concerns.

OMB Control Number: 3060-0944.

Title: Review of Commission Consideration of Applications Under the Cable Landing License Act.

Form No.: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit.

Number of Respondents: 211 respondents; 211 responses.

Frequency of Response: On occasion reporting requirement and third party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits.

Total Annual Burden: 1,056 hours.

Total Annual Cost: \$407,600.

Privacy Act Impact Assessment: N/A.

Nature and Extent of Confidentiality: There is no need for confidentiality.

Needs and Uses: The Commission will submit this revision to the OMB after this 60-day comment period to obtain the full three-year clearance from them. The Commission released a *Report and Order* on June 22, 2007 in IB Docket No. 04-47, FCC 07-118.

Among other requirements, cable landing applicants and current licensees must comply with an environmental statute, Coastal Zone Management Act of 1972 (CZMA). The statute authorizes states to develop coastal management programs, subject to Federal approval by the U.S. Department of Commerce's National Oceanic and Atmospheric Administration (NOAA). Specifically, they must furnish a certification to the Commission and applicable state(s) that the proposed activity complies with the enforceable policies of the state's approved program and such activity will be conducted in a manner consistent with the program.

If the collection of information is not conducted or is conducted less frequently, applicants will not obtain the authorizations necessary to provide telecommunications services, and the Commission will be unable to carry out its mandate under the Cable Landing License Act and Executive Order 10530. Furthermore, the Commission would

not be able to ensure that applicants and current licensees comply with the Coastal Zone Management Act of 1972 (CZMA) statute. In addition, without this collection of information, the United States would jeopardize its ability to fulfill the U.S. obligations as negotiated under the World Trade Organization (WTO) Basic Telecom Agreement because these information collection requirements are imperative to detecting and deterring anticompetitive conduct. They are also necessary to preserve the Executive Branch agencies' and the Commission's ability to review foreign investments for national security, law enforcement, foreign policy and trade concerns.
