ACTION: Notice.

SUMMARY: NMFS announces the availability of grant funds for vessel owners and/or operators who have purchased an Enhanced Mobile Transmitting Unit (E-MTU) for the purpose of complying with fishery regulations requiring the use of Vessel Monitoring System (VMS) in the Pacific Coast Groundfish Fishery, Open Access Sector. These funds will be used to reimburse vessel owners and/or operators for the purchase price of the E-MTU.

SUPPLEMENTARY INFORMATION:**I. Funding Opportunity Description**

This reimbursement opportunity is available to fishing vessel owners and/or operators that have purchased an approved E-MTU device in order to comply with fishery regulations developed in accordance with 16 U.S.C. 1801 *et seq.* Only those vessel owners and/or operators purchasing an E-MTU for compliance with fishery

management regulations applicable to the Pacific Coast Groundfish Fishery, Open Access Sector are eligible for this funding opportunity. The reimbursable expense is the purchase price (as defined below) of an E-MTU type-approved for the Pacific Coast Groundfish Fishery, Open Access Sector for which the owner and/or operator holds a valid commercial fishing license.

II. Eligibility

To be eligible to receive reimbursement vessel owners and/or operators must first purchase an E-MTU type-approved for the Pacific Coast Groundfish Fishery, Open Access Sector from an authorized E-MTU dealer and receive a receipt of purchase from the authorized E-MTU dealer. The vessel owner and/or operator must have the E-MTU properly installed by an authorized dealer or installer on the vessel and activated utilizing a type-approved communications provider. Upon completion of the installation and activation process, the vessel owner and/or operator must contact the VMS Support Center by calling 888–219–9228 to ensure the vessel is properly activated and registered in the VMS system. OLE does not consider a vessel in compliance with activation and registration procedures until the E-MTU signal has been received and processed by OLE.

Vessel owners and/or operators must not be in arrears with a payment owed to the Agency for a civil monetary penalty. Affected vessel owners and/or operators may become eligible for the reimbursement if the outstanding penalty is paid in full within 30 days of the denial of the reimbursement. After payment, vessel owners and/or operators must contact the VMS Support Center and provide documentation to support the defrayment of the penalty to receive a confirmation code for reimbursement purposes.

III. Process

Vessel owners and/or operators that have purchased an E-MTU, and have validated their compliance with the applicable regulations through OLE, may contact the PSMFC, 205 SE Spokane Street, Suite 100, Portland, OR 97202, phone 503–595–3100, fax 503–595–3232, for a reimbursement application. Once the application is received and completed by the vessel owner and/or operator, it must be returned to PSMFC along with proof of eligibility in order to qualify for the reimbursement. The required proof of eligibility includes proof of authorized

operation of a commercial fishing vessel in the Pacific Coast Groundfish Fishery, Open Access Sector; purchase receipt from an authorized E-MTU dealer, purchase price of a type-approved E-MTU; and a valid compliance confirmation code issued by OLE.

Vessel owners and/or operators are not restricted as to which type-approved E-MTU device they can purchase. However, the amount of the reimbursement will be limited to the cost of the least expensive E-MTU type-approved for the fishery. Vessel owners and/or operators are encouraged to compare the features of all E-MTU devices type-approved for the Pacific Coast Groundfish Fishery, Open Access Sector and explore finance options prior to making a purchase decision. Vessel owners/operators are limited to the reimbursement of the cost of purchasing one E-MTU per registered vessel.
