Specific times will be provided in the meeting agenda that

will be placed on the SAB Web site prior to the meeting (see <http://www.epa.gov/sab/>). Additional information is available on the SAB Web site for the December 2007 meeting at: <http://www.epa.gov/sab/agendas.htm>.

Draft List of Initial Pesticide Active Ingredients and Pesticide Inerts to be Considered for Screening under the Federal Food, Drug, and Cosmetic Act; Extension of Comment Period

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice; second extension of comment period.

SUMMARY: EPA issued a notice in the **Federal Register** of June 18, 2007, concerning the draft list of the first group of chemicals that will be screened in the Agency's Endocrine Disruptor Screening Program (EDSP). The draft list was produced using the approach described in the September 2005 notice, and includes chemicals that the Agency, in its discretion, has decided should be tested first, based upon exposure potential. The June 18, 2007 **Federal Register** notice provided for a 90-day public comment period. EPA extended the comment period an additional 60 days in the **Federal Register** of September 12, 2007. This document is extending the comment period for a second time for 45 days. The new comment period extends to December 31, 2007.

DATES: Comments, identified by docket identification (ID) number EPA–HQ–OPPT–2004–0109 must be received on or before December 31, 2007.

ADDRESSES: Follow the detailed instructions as provided under **ADDRESSES** in the **Federal Register** document of June 18, 2007.

FOR FURTHER INFORMATION CONTACT: Linda Phillips, Office of Science Coordination and Policy (7203M), Office of Prevention, Pesticides, and Toxic Substances, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460–0001; telephone number: (202) 564–1264; e-mail address: phillips.linda@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

The Agency included in the June 18, 2007 notice a list of those who may be potentially affected by this action. If you

have questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. What Should I Consider as I Prepare My Comments for EPA?

When preparing comments follow the procedures and suggestions given in Unit I.B. of the **SUPPLEMENTARY INFORMATION** of the June 18, 2007 **Federal Register** notice.

C. How and to Whom Do I Submit Comments?

To submit comments, or access the public docket, please follow the detailed instructions as provided in Unit I.B.3. of the **SUPPLEMENTARY INFORMATION** of the June 18, 2007 **Federal Register** notice. If you have questions, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

II. What Action is EPA Taking?

This document extends the public comment period that was originally established in the **Federal Register** of June 18, 2007 (72 FR 33486) (FRL–8129–3) and was extended in the **Federal Register** of September 12, 2007 (72 FR 52108) (FRL–8146–3). In the **Federal Register** notice of June 18, 2007, EPA announced the draft list of the first group of chemicals that will be screened in the Agency's EDSP. The draft list was developed using the approach described in the **Federal Register** notice of September 27, 2005 (70 FR 56449) (FRL–7716–9). As required by the Federal Food, Drug, and Cosmetic Act (FFDCA), all pesticides must eventually be screened under the EDSP, and this first group is simply a starting point. Because EPA developed this draft list of chemicals based upon exposure potential, it should not be construed as a list of known or likely endocrine disruptors, and it would be inappropriate to do so. Following consideration of comments on this draft list of chemicals, EPA will issue a **Federal Register** notice containing the final list of chemicals. EPA is hereby extending the comment period, which was set to end on November 16, 2007, to December 31, 2007.

III. What is the Agency's Authority for Taking this Action?

Section 408(p) of FFDCA requires EPA to “develop a screening program, using appropriate validated test systems and other scientifically relevant information, to determine whether certain substances may have an effect in humans that is similar to an effect produced by a naturally occurring
