

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this administrative review are addressed in the “Issues and Decision Memorandum” (*Decision Memorandum*) from Stephen J. Claeys, Deputy Assistant Secretary for Import Administration, to David M. Spooner, Assistant Secretary for Import Administration, dated November 15, 2007, which is hereby adopted by this notice. Attached to this notice, as an appendix, is a list of the issues which parties have raised and to which we have responded in the *Decision Memorandum*. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this memorandum, which is on file in the Central Records Unit (CRU), Room B–099 of the main Department building. In addition, a complete version of the *Decision Memorandum* can be accessed directly on the Import Administration website at ia.ita.doc.gov/frn. The paper copy and the electronic version of the *Decision Memorandum* are identical in content. Because the margin calculation for Solvay Solexis has not changed from the preliminary results, the preliminary calculations placed on the record of this administrative review are adopted as the final margin calculations.

Final Results of Review

As a result of our review, we determine that the following weighted-average margin exists for the period of August 1, 2005, through July 31, 2006:

Producer	Weighted-Average Margin (Percentage)
Solvay Solexis, Inc. and Solvay Solexis S.p.A (collectively, Solvay Solexis)	35.35

Assessment Rates

The Department shall determine, and the CBP shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212(b)(1), we have calculated importer-specific assessment rates by dividing the dumping margin found on the subject merchandise examined by the entered value of such merchandise. Where the importer-specific assessment rate is above *de minimis*, we will instruct CBP to assess antidumping duties on that importer’s entries of subject merchandise. The Department intends to issue appropriate instructions to CBP 15 days after the publication of these final results of review.

The Department clarified its “automatic assessment” regulation on May 6, 2003. *See Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003). This clarification will apply to entries of subject merchandise during the period of review produced by the respondent for which it did not know its merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all–others rate if there is no rate for the intermediate company(ies) involved in the transaction. For a full discussion of this clarification, *see Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

Cash Deposit Requirements

Furthermore, the following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results of administrative review, as provided by section 751(a) of the Tariff Act of 1930, as amended (the Act): (1) for the exporter/manufacturer covered by this review, the cash deposit rate will be the rate listed above; (2) for merchandise exported by producers or exporters not covered in this review but covered in a previous segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published in the most recent final results in which that producer or exporter participated; (3) if the exporter is not a firm covered in this review or in any previous segment of this proceeding, but the producer is, the cash deposit rate will be that established for the producer of the merchandise in these final results of review or in the most recent final results in which that producer participated; and (4) if neither the exporter nor the producer is a firm covered in this review or in any previous segment of this proceeding, the cash deposit rate will be 46.46 percent, the “all–others” rate established in the less–than–fair–value investigation. *See Final Determination of Sales at Less Than Fair Value: Granular Polytetrafluoroethylene Resin From Italy*, 53 FR 26096 (July 11, 1988). These deposit requirements shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of

antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred, and in the subsequent assessment of double antidumping duties.

Notification to Interested Parties

This notice is also the reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/ destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these results and notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: November 15, 2007.

David M. Spooner,
Assistant Secretary for Import Administration.
