

(c) Disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with the Department's efforts to respond to the suspected or confirmed compromise and prevent, minimize, or remedy such harm.

DISCLOSURE TO CONSUMER REPORTING AGENCIES:

Disclosure pursuant to 5 U.S.C. 552a(b)(12): Disclosures may be made to consumer reporting agencies as defined in the Fair Credit Reporting Act (15 U.S.C. 1681a(f) or the Federal Claims Collection Act of 1966 (31 U.S.C. 3701(a)(3)).

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Manually through file folders arranged alphabetically by name and electronically in the computer data base management system.

RETRIEVABILITY:

Indexed by name or other identifying information.

SAFEGUARDS:

Steps were taken to comply with Department of the Interior Privacy Act regulations on safeguard requirements detailed at 43 CFR 2.51. In accordance with the E-Government Act of 2002, a Privacy Impact Assessment was completed to ensure that privacy risks and safeguard measures were assessed in the creation, development and maintenance of the systems maintaining WHB program information.

RETENTION AND DISPOSAL:

Records will be maintained in accordance with BLM Manual 1220, Records and Information Management, Appendix 2—GRS BLM Combined Records Schedules. Individual data elements will be destroyed when superseded or no longer needed for administrative purposes. Computer files are archived periodically and the archive media stored securely.

SYSTEM MANAGER(S) AND ADDRESS:

Group Manager, Wild Horse and Burro Program, U.S. Department of the Interior, Bureau of Land Management, 18th and C Streets, NW., Washington, DC 20240.

NOTIFICATION PROCEDURE:

To determine whether records are maintained on you in this system, write to the System Manager at the address above. For additional information see 43 CFR 2.60.

RECORD ACCESS PROCEDURES:

To see your records, write to the System Manager at to the address above. Describe as specifically as possible the records sought. If copies are desired, indicate the maximum you are willing to pay. For additional information see 43 CFR 2.63.

CONTESTING RECORD PROCEDURES:

To request corrections or the removal of material from your files, write the System Manager. For additional information see 43 CFR 2.71.

RECORD SOURCE CATEGORIES:

(1) Category 1: Individuals applying for adoption of a wild horse or burro either in hard copy form or through the web application; individuals adopting a wild horse or burro; or buyers of wild horses or burros: Personal information is provided by the individual.

(2) Category 2: Contractors and contract operators of facilities; veterinarians who are serving the program; volunteers; service/supply providers and BLM, FS and APHIS employees with WHB Program responsibilities. Personal information will be provided by the individual.

Minerals Management Service

Environmental Assessment (EA), Liberty Development and Production Plan (DPP) Ultra Extended Reach Drilling From Endicott Satellite Drilling Island (SDI)—MMS 2007-054

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of Availability of an Environmental Assessment and Finding of No Significant Impact.

SUMMARY: The Minerals Management Service (MMS) is in receipt of a Development and Production Plan (DPP) from British Petroleum (BP) that proposes an ultra extended reach drilling project in the Beaufort Sea Outer Continental Shelf (OCS) scheduled for construction in 2009. In accordance with the National Environmental Policy Act (NEPA), MMS has prepared an environmental assessment (EA) that concludes that with required mitigation no significant adverse effects (40 CFR 1508.27) on the quality of the human environment would occur. Therefore MMS has issued a Finding of No Significant Impact (FONSI). In accordance with 40 CFR 1501.4(e)(2)(i), MMS is making the

FONSI available for public review for 30 days before making a final determination whether to prepare an EIS and before taking final action on the proposed Liberty DPP.

FOR FURTHER INFORMATION CONTACT:

Minerals Management Service, Alaska OCS Region, 3801 Centerpoint Drive, #500, Anchorage, Alaska 99503-5820, or Jeff Walker at (907) 334-5300.

EA Availability: To obtain a copy of the EA and FONSI, you may contact the Minerals Management Service, Alaska OCS Region, Attention: Public Information, 3801 Centerpoint Drive, #500, Anchorage, Alaska 99503-5820, telephone 1-800-764-2627. You may also view the EA and FONSI on the MMS Web site at <http://www.mms.gov/alaska>.

Dated: November 5, 2007.

John T. Goll,

Regional Director, Alaska OCS Region.

DEPARTMENT OF THE INTERIOR

Minerals Management Service

Preparation of an Environmental Assessment (EA) for Proposed Outer Continental Shelf (OCS) Oil and Gas Lease Sale 207 in the Western Gulf of Mexico (GOM) Planning Area (2008)

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Preparation of an Environmental Assessment (EA).

SUMMARY: The MMS is issuing this notice to advise the public, pursuant to the National Environmental Policy Act of 1969 (NEPA), as amended, 42 U.S.C. 4321 *et seq.*, that MMS intends to prepare an EA for proposed OCS Oil and Gas Lease Sale 207 in the Western GOM Planning Area (Lease Sale 207) scheduled for August 2008. The MMS is issuing this notice to facilitate public involvement. The preparation of this EA is an important step in the decision process for Lease Sale 207. The proposal for Lease Sale 207 was identified by the Call for Information and Nominations published in the **Federal Register** on April 28, 2006, and was analyzed in the *Gulf of Mexico OCS Oil and Gas Lease Sales: 2007-2012; Western Planning Area Sales 204, 207, 210, 215, and 218; Central Planning Area Sales 205, 206, 208, 213, 216, and 222—Final Environmental Impact Statement; Volumes I and II* (Multisale Environmental Impact Statement (EIS), OCS EIS/EA MMS 2007-018). This EA for proposed Lease Sale 207 will

reexamine the potential environmental effects of the proposed lease sale and its alternatives (excluding the unleased blocks near biologically sensitive topographic features, use of a nomination and tract selection leasing system, and no action) based on any new information regarding potential impacts and issues that were not available at the time the Multisale EIS was prepared.

FOR FURTHER INFORMATION CONTACT: Mr. Dennis Chew, Minerals Management Service, Gulf of Mexico OCS Region, 1201 Elmwood Park Boulevard, Mail Stop 5410, New Orleans, Louisiana 70123-2394. You may also contact Mr. Chew by telephone at (504) 736-2793.

SUPPLEMENTARY INFORMATION: In April 2007, the MMS published a Multisale EIS that addressed 11 proposed Federal actions that would offer for lease areas on the GOM OCS that may contain economically recoverable oil and gas resources. Federal regulations allow for several related or similar proposals to be analyzed in one EIS (40 CFR 1502.4). Since each proposed lease sale and its projected activities are very similar each year for each planning area, a single EIS was prepared for the 11 Western Planning Area (WPA) and Central Planning Area (CPA) lease sales scheduled in the proposed OCS Oil and Gas Leasing Program: 2007-2012 (5-Year Program). The Multisale EIS addressed WPA Lease Sale 204 in 2007, Sale 207 in 2008, Sale 210 in 2009, Sale 215 in 2010, and Sale 218 in 2011; and CPA Lease Sale 205 in 2007, Sale 206 in 2008, Sale 208 in 2009, Sale 213 in 2010, Sale 216 in 2011, and Sale 222 in 2012. Although the Multisale EIS addresses 11 proposed lease sales, at the completion of the EIS process, Records of Decision were published in July and August 2007 for only proposed WPA Lease Sale 204 and proposed CPA Lease Sale 205, respectively. Prior to each of the nine subsequent proposed lease sales, including Lease Sale 207, an additional NEPA review (an EA) will be conducted to address any new information relevant to that proposed lease sale. After completion of the EA, the MMS will determine whether to prepare a Finding of No New Significant Impact (FONSI) or a Supplemental EIS. The MMS prepares a Consistency Determination (CD) to determine whether the lease sale is consistent with each affected state's federally-approved coastal zone management program. Finally, the MMS will solicit comments via the Proposed Notice of Sale (PNOS) from the governors of the affected states on the size, timing, and location of the lease sale. The tentative schedule for the

prelease decision process for Lease Sale 207 is as follows: EA/FONSI or Supplemental EIS decision, March 2008; CD's sent to affected states, March 2008; PNOS sent to governors of the affected states, March 2008; Final Notice of Sale published in the **Federal Register**, July 2008; and Lease Sale 207, August 2008.

Public Comments: Interested parties are requested to send within 30 days of this Notice's publication, comments regarding any new information or issues that should be addressed in the EA. Comments may be submitted in one of the following two ways:

1. In written form enclosed in an envelope labeled "Comments on WPA Lease Sale 207 EA" and mailed (or hand-carried) to the Regional Supervisor, Leasing and Environment (Mail Stop 5410), Minerals Management Service, Gulf of Mexico OCS Region, 1201 Elmwood Park Boulevard, New Orleans, Louisiana 70123-2394.

2. Electronically to the MMS e-mail address: <http://www.environment@mms.gov>.

To obtain single copies of the Multisale EIS, you may contact the Minerals Management Service, Gulf of Mexico OCS Region, Attention: Public Information Office (Mail Stop 5034), 1201 Elmwood Park Boulevard, Room 114, New Orleans, Louisiana 70123-2394 (1-800-200-GULF). You may also view the Multisale EIS or check the list of libraries that have copies of the Multisale EIS on the MMS Web site at <http://www.gomr.mms.gov>.

Dated: November 9, 2007.

Chris C. Oynes,

Associate Director for Offshore Minerals Management.

DEPARTMENT OF THE INTERIOR

National Park Service

National Capital Region; Notice of Intent To Prepare an Environmental Impact Statement

AGENCY: Department of the Interior, National Park Service.

ACTION: Notice of intent to prepare an Environmental Impact Statement to analyze the impacts associated with the exchange of lands owned by Georgetown University and the National Park Service and the impacts associated with the construction of a proposed boathouse for Georgetown University.

SUMMARY: The National Park Service (NPS) announces its intention to

prepare an Environmental Impact Statement (EIS) and to conduct scoping to analyze the impacts associated with a land exchange between Georgetown University (University) and the NPS and the impacts associated with the construction of a proposed boathouse for the University on a site within the Chesapeake and Ohio Canal National Historical Park (C&O Canal NHP). In 1995 the NPS conducted an Environmental Assessment (EA) on a proposed land exchange of the site owned by the University within the boundaries of the C&O Canal NHP). In 1995 the NPS conducted an Environmental Assessment (EA) on a proposed land exchange of the site owned by the University within the boundaries of the C&O Canal NHP and a site located within the non-motorized boathouse zone established by the Georgetown Waterfront Park Plan. This EA resulted in a Finding of No Significant Impact (FONSI). The three primary land use goals evaluated were:

- (1) Precluding development of a boathouse on the University's largely undisturbed inholding in the park with existing significant natural and cultural resources;
- (2) Extinguishing nearly a mile of private access over the Capital Crescent Trail; and

- (3) Placing the boathouse on property within the boathouse zone in furtherance of the recreational mandate of C&O Canal NHP Act and Georgetown Waterfront Park Plan.

In 1997, the NPS signed a Memorandum of Agreement (MOA) with the District of Columbia Historic Preservation Office that contained a provision that the proposed University Boathouse would not have a footprint greater than 15,000 square feet. Since the University subsequently proposed an 18,600 square foot boathouse, an amendment to the MOA was required. As part of that process, the NPS conducted public meetings in June and July 2004 to determine whether to revise the MOA. As a result of those meetings and additional written comments, the NPS determined that an EA should be undertaken for the construction of the proposed boathouse. NPS released an EA on the proposed boathouse for public comment from April 25 through June 15, 2006, and held a public open house on the EA. Approximately 2,500 comments were received.

Based on comments received on the 2006 EA, and pursuant to section 102(2)(C) of the National Environmental Policy Act (NEPA) of 1969, as implemented by the Council on Environmental Quality (40 CFR Parts 1500-1508), NPS has determined a EIS
