

National Park Service proposes to extend the following expiring concession contracts for a period of up to 1 year, or until such time as a new contract is executed, whichever occurs sooner.

**SUPPLEMENTARY INFORMATION:** All of the listed concession authorizations will

expire by their terms on or before December 31, 2006. The National Park Service has determined that the proposed short-term extensions are necessary in order to avoid interruption of visitor services and has taken all reasonable and appropriate steps to consider alternatives to avoid such

interruption. These extensions will allow the National Park Service to complete and issue prospectuses leading to the competitive selection of concessioners for new long-term concession contracts covering these operations.

## DEPARTMENT OF THE INTERIOR

### Bureau of Reclamation

#### Central Valley Project Improvement Act, Water Management Plans

**AGENCY:** Bureau of Reclamation, Interior.

**ACTION:** Notice of availability.

**SUMMARY:** The following Water Management Plans are available for review:

- Tea Pot Dome Water District.
- East Bay Municipal Utility District.

To meet the requirements of the Central Valley Project Improvement Act of 1992 (CVPIA) and the Reclamation Reform Act of 1982, the Bureau of Reclamation (Reclamation) developed and published the Criteria for Evaluating Water Management Plans (Criteria). For the purpose of this announcement, Water Management Plans (Plans) are considered the same as Water Conservation Plans. The above entities have developed a Plan, which Reclamation has evaluated and preliminarily determined to meet the requirements of these Criteria. Reclamation is publishing this notice in order to allow the public to review the plans and comment on the preliminary determinations. Public comment on Reclamation's preliminary (i.e., draft) determination is invited at this time.

**DATES:** All public comments must be received by March 16, 2007.

**ADDRESSES:** Please mail comments to Ms. Laurie Sharp, Bureau of Reclamation, 2800 Cottage Way, Sacramento, California 95825, or contact

at 916-978-5232 (TDD 916-978-5608), or e-mail at [Lsharp@mp.usbr.gov](mailto:Lsharp@mp.usbr.gov).

**FOR FURTHER INFORMATION CONTACT:** To be placed on a mailing list for any subsequent information, please contact Ms. Laurie Sharp at the e-mail address or telephone number above.

**SUPPLEMENTARY INFORMATION:** We are inviting the public to comment on our preliminary (*i.e.*, draft) determination of Plan adequacy. Section 3405(e) of the CVPIA (Title 34 Pub. L. 102-575), requires the Secretary of the Interior to establish and administer an office on Central Valley Project water conservation best management practices that shall “\* \* \* develop criteria for evaluating the adequacy of all water conservation plans developed by project contractors, including those plans required by section 210 of the Reclamation Reform Act of 1982.” Also, according to Section 3405(e)(1), these criteria must be developed “\* \* \* with the purpose of promoting the highest level of water use efficiency reasonably achievable by project contractors using best available cost-effective technology and best management practices.” These criteria state that all parties (Contractors) that contract with Reclamation for water supplies (municipal and industrial contracts over 2,000 acre-feet and agricultural contracts over 2,000 irrigable acres) must prepare Plans that contain the following information:

1. Description of the District.
2. Inventory of Water Resources.
3. Best Management Practices (BMPs) for Agricultural Contractors.
4. BMPs for Urban Contractors.
5. Plan Implementation.
6. Exemption Process.
7. Regional Criteria.
8. Five-Year Revisions.

Reclamation will evaluate Plans based on these criteria. A copy of these Plans will be available for review at Reclamation's Mid-Pacific (MP) Regional Office located in Sacramento, California, and the local area office. Our practice is to make comments, including names and home addresses of respondents, available for public review. Individual respondents may request that Reclamation withhold their home address from public disclosure, and we will honor such request to the extent allowable by law. There also may be circumstances in which Reclamation would elect to withhold a respondent's identity from public disclosure, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comments. We will make all submissions from

organizations, businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses available for public disclosure in their entirety. If you wish to review a copy of these Plans, please contact Ms. Laurie Sharp to find the office nearest you.

Dated: February 8, 2007.

### Bureau of Reclamation

#### Central Valley Project Improvement Act, Criteria for Developing Refuge Water Management Plans

**AGENCY:** Bureau of Reclamation, Interior.

**ACTION:** Notice.

**SUMMARY:** The “Criteria for Developing Refuge Water Management Plans” (Refuge Criteria), as applied in the following areas, are now available for public comment.

- Gray Lodge Wildlife Area.

The Refuge Criteria provides a common methodology, or standard, for efficient use of water by Federal Wildlife Refuges, State Wildlife Management Areas and Resource Conservation Districts that receive water under provisions of the Central Valley Project Improvement Act (CVPIA). They document the process and format by which Refuge Water Management Plans (Plans) should be prepared and submitted to Reclamation as part of the Refuge/District Water Supply Contracts and Memorandum of Agreements. The Refuge Criteria refers to Refuges, Wildlife Areas and Resource Conservation Districts as Refuges. Those Refuges that entered into water supply contracts with Reclamation, as a result of the CVPIA and subsequent Department of the Interior administrative review processes, are required to prepare Plans using the Refuge Criteria.

**DATES:** All public comments must be received by March 16, 2007.

**ADDRESSES:** Please mail comments to Ms. Laurie Sharp, Bureau of Reclamation, 2800 Cottage Way, MP-410, Sacramento, California, 95825, 916-978-5232, or e-mail at [Lsharp@mp.usbr.gov](mailto:Lsharp@mp.usbr.gov).

**FOR FURTHER INFORMATION CONTACT:** To be placed on a mailing list for any

subsequent information or to obtain a copy of any water management plans, please contact Ms. Sharp at the e-mail address or telephone number above.

**SUPPLEMENTARY INFORMATION:** In response to the Central Valley Project Improvement Act of 1992 and a 1995 Department of the Interior administrative review process, the Interagency Coordinated Program for Wetland and Water Use Planning (ICP) was formed. The ICP was comprised of representatives from the Bureau of Reclamation, the U.S. Fish and Wildlife Service, the California Department of Fish and Game, and the Grassland Water District/Grassland Resource Conservation District. The ICP developed the 1998 Task Force Report, which outlines past, present, and future wetland planning and management issues and a methodology for Refuge Criteria. To continue the work of the now disbanded ICP, an Interagency Refuge Water Management Team (IRWMT) was formed to continue working on wetland issues such as water delivery, including additional work on wetland Refuge Criteria. The IRWMT is also comprised of representatives from the Bureau of Reclamation, the U.S. Fish and Wildlife Service, the California Department of Fish and Game, and the Grassland Water District/Grassland Resource Conservation District. The IRWMT used the 1998 Task Force Report and Reclamation's 1999 Conservation and Efficiency Criteria as the foundation for developing the water management planning requirements or criteria included in these Refuge Criteria. The Refuge Criteria also incorporated comments, ideas, and suggestions from Refuge/District managers, biologists, water conservation specialists, engineers, the CALFED Bay-Delta Program, and other Central Valley stakeholders.

Our practice is to make comments, including names and home addresses of respondents, available for public review. Individual respondents may request that we withhold their home address from public disclosure, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold a respondent's identity from public disclosure, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available
