Final Environmental Impact Statement/General Management Plan; Ebey's Landing National Historical Reserve, Island County, Washington; Notice of Approval of Record of Decision

Summary: Pursuant to § 102(2)(C) of the National Environmental Policy Act of 1969 (Pub. L. 91–190, as amended) and the implementing regulations promulgated by the Council on Environmental Quality (40 CFR 1505.2), the Department of the Interior, National Park Service, has prepared, and the Regional Director, Pacific West Region, has approved, the Record of Decision for the new General Management Plan for Ebey's Landing National Historical Reserve. The 30-day wait period was officially initiated October 13, 2006, with the U.S. Environmental Protection Agency's **Federal Register** notification of the filing of the Final Environmental Impact Statement (EIS).

Decision: As soon as practicable the Reserve will begin to implement as its new General Management Plan the *Preferred Alternative* (with minor modifications from Alternative B as described in the Draft and Final EIS); this alternative was also deemed to be the “*environmentally preferred*” course of action. The selected plan features an overlay of four management zones on the Reserve: (i) Cultural and Natural Preservation Zone, (ii) Visitor Use and Development Zone, (iii) Administrative Zone, and (iv) Special Use Zone—these zones are identified based on resource

condition or character, visitor experience and appropriate types of activities or facilities criteria. The new plan enhances existing programs, natural and cultural resource management, and administrative and maintenance operations. An integrated pest management program will be implemented in concert with Reserve landowners and other partners. Visitor services within the Reserve are improved, and information kiosks would be installed along State Route 20 in the Smith Prairie area and at a northern gateway location, and at the Keystone and/or Port Townsend ferry landings. The Trust Board shall continue to be responsible for setting the policies and general actions for the Reserve consistent with the Reserve's enabling legislation, GMP, and relevant NPS policies and guidelines. This includes continuing the NPS's annual appraisal of Reserve management and operations under the enabling legislation. The Trust Board would continue to oversee management and protection of lands (including fee and easements) purchased with federal money, administer programs and technical support, participate in local land use review processes, and advocate for and support the Reserve. The Reserve Manager continues to be employed by and report directly to the Trust Board (in turn, the Trust Board will conduct annual operations and staff performance reviews and submit these to the Deputy Regional Director, Pacific West).

Based upon public comments and refinements desired by the planning team collaborative, the selected plan includes several modifications from the Preferred Alternative as detailed in the Final EIS, including but not limited to: the GMP will incorporate certain historic preservation and land use protection measures which were adopted by Island County after the EIS process was begun; the development of a marine science center by nonprofits will be encouraged; proposed Reserve staff additions over the next 20 years are reduced to five. Also, since release of the draft GMP, Bell Farm was removed from the proposed boundary modification at the owner's request.

The proposed plan and three alternatives were identified and analyzed in the Final EIS, and previously in the Draft EIS (the latter was distributed in August 2005). A broad spectrum of foreseeable environmental consequences was assessed, and appropriate mitigation measures identified, for each alternative. Beginning with early scoping, through the preparation of the

Draft and Final EIS, a series of public meetings and open-houses was conducted locally. Overall approximately 40 written scoping comments and 250 written or electronic Draft EIS review comments were received (as noted above, the latter served as the source of several minor adjustments to the final selected plan). Key consultations or other contacts that aided in preparing the EIS involved (but were not limited to) Island County and Town of Coupeville officials, Ebey's Landing Trust Board, Washington State Historic Preservation Office, the Advisory Council on Historic Preservation, U.S. Fish and Wildlife Service, National Marine Fisheries Service, tribal governments, and adjoining land managing agencies. Local community groups and neighbors, farmers and local business owners, and interested organizations were contacted extensively during initial scoping and throughout the GMP planning process.

Copies: Interested parties desiring to review the Record of Decision may obtain a complete copy by contacting the Reserve Manager, Ebey's Landing National Historical Reserve, P.O. Box 774, Coupeville, Washington 98239 as well as via telephone request at (360) 678–6084.

Dated: December 13, 2006.

Acting Regional Director, Pacific West Region.

Notice of Meeting

AGENCY: National Park Service, Interior.

ACTION: Notice of Meeting of Concessions Management Advisory Board.

SUMMARY: In accordance with the Federal Advisory Committee Act (Pub. L. 92–463, 86 Stat. 770, 5 U.S.C. App 1, Section 10), notice is hereby given that the Concessions Management Advisory Board (the Board) will hold its 17th meeting March 7–8, 2007, at The Madison Hotel in Washington, DC. The meeting will convene at 8:30 a.m. each day and will conclude at 4:30 p.m.

ADDRESSES: The meeting will be held in the Montpelier Room located at The Madison Hotel, 1155 15th Street, NW., Washington, DC 20005.

SUPPLEMENTARY INFORMATION: The Board was established by Title IV, Section 409 of the National Park Omnibus Management Act of 1998, November 13,

1998 (Pub. L. 105–391). The purpose of the Board is to advise the Secretary and the National Park Service on matters relating to management of concessions in the National Park System.

The Board will meet at 8:30 a.m. for the regular business meeting for continued discussion on the following subjects:

- Leasehold Surrender Interest Tracking Tool.
- Insurance.
- Concession Contracting Status Update.
- Superintendent's Training Project Update.
- Outfitter and Guide.
- Other business.

The meeting will be open to the public, however, facilities and space for accommodating members of the public are limited, and persons will be accommodated on a first-come-first-served basis.

Assistance to Individuals With Disabilities at the Public Meeting

The meeting site is accessible to individuals with disabilities. If you plan to attend and will require an auxiliary aid or service to participate in the meeting (*e.g.*, interpreting service, assistive listening device, or materials in an alternate format), notify the contact person listed in this notice at least 2 weeks before the scheduled meeting date. Attempts will be made to meet any request(s) we receive after that date, however, we may not be able to make the requested auxiliary aid or service available because of insufficient time to arrange for it.

Anyone may file with the Board a written statement concerning matters to be discussed. The Board may also permit attendees to address the Board, but may restrict the length of the presentations, as necessary to allow the Board to complete its agenda within the allotted time. Such requests should be made to the Director, National Park Service, Attention: Manager, Concession Program, at least 7 days prior to the meeting. Draft minutes of the meeting will be available for public inspection approximately 6 weeks after the meeting, at the Concession Program office located at 1201 Eye Street, NW., 11th Floor, Washington, DC.
