#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

The Census Bureau is planning to resubmit to the Office of Management and Budget for approval, the Quarterly Financial Report (QFR) Program

information collection forms. In an effort to reduce the reporting burden for the QFR, the Census Bureau has consolidated two of its forms into one and eliminated form QFR 103 (NB). The QFR forms submitted for approval are: QFR 200 (MT) which consolidates the QFR 101 (MG) and QFR 102 (TR) long forms; and QFR 201 (MG), which is the renumbered QFR 101A (MG) short form. The eliminated form, QFR 103 (NB), was a classification form used to determine the North American Industry Classification System (NAICS) industry of respondents. The QFR is now using other sources available to the Census Bureau for classification.

The QFR Program has published up-to-date aggregate statistics on the financial results and position of U.S. corporations since 1947. The QFR is a principal economic indicator that also provides financial data essential to the calculation of key Government measures of national economic performance. The importance of this data collection is reflected by the granting of specific authority to conduct the program in Title 13 of the United States Code, Section 91, which requires that financial statistics of business operations be collected and published quarterly. Public Law 109-79 extended the authority of the Secretary of Commerce to conduct the QFR Program under Section 91 through September 30, 2015.

The current scope of the QFR includes corporations in the Mining, Manufacturing, Wholesale Trade, and Retail Trade sectors. The main purpose of the QFR is to provide timely, accurate data on business financial conditions for use by Government and private-sector organizations and individuals. The primary public users are U.S. Governmental organizations with economic policymaking responsibilities. In turn, these organizations play a major role in providing guidance, advice, and support to the QFR Program. The primary private-sector data users are a diverse group including universities, financial analysts, unions, trade associations, public libraries, banking institutions, and U.S. and foreign corporations.

##### II. Method of Collection

The Census Bureau will primarily use mail out/mail back survey forms to collect the QFR data discussed in this notice. Companies will be asked to respond to the survey within 25 days of the end of the quarter for which the data are being requested. Letters and/or telephone calls encouraging participation will be directed to companies in the survey sample that have not responded by the designated
