SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

Dated: March 10, 2008.

DEPARTMENT OF ENERGY

Notice of Renewal of the Climate Change Science Program Product Development Advisory Committee

AGENCY: Department of Energy; Office of Science.

ACTION: Notice of Renewal.

SUMMARY: Pursuant to Section 14(a)(2)(A) of the Federal Advisory Committee Act and in accordance with Title 41 of the Code of Federal Regulations, Section 102-3.65, and

following consultation with the other Federal agencies responsible for preparing Climate Change Science Program (CCSP) Synthesis and Assessment Products that are required to comply with Section 106 of the Global Change Research Act of 1990 (Pub. L. 101-606), notice is hereby given that the Climate Change Science Program Product Development Advisory Committee has been renewed for a two-year period.

The Committee will draft a specific CCSP Synthesis and Assessment Product on climate modeling at the request of the Department of Energy in accordance with the Guidelines for producing the CCSP Synthesis and Assessment Products. The Committee will update the Department of Energy on the progress during the development of the product and will agree upon the contents of the product before advising the Department to adopt the language. The Committee will function solely as an advisory body. The Secretary of Energy has determined that renewal of the Climate Change Science Program Product Development Advisory Committee is essential to the conduct of the Department's business and in the public interest in connection with the performance of duties imposed by law upon the Department of Energy. The Committee will continue to operate in accordance with the provisions of the Federal Advisory Committee Act (Pub. L. 92-463), the General Services Administration Final Rule on Federal Advisory Committee Management, and other directives and instructions issued in implementation of those acts.

FOR FURTHER INFORMATION CONTACT: Ms. Rachel Samuel at (202) 586-3279.
