

advise the U.S. Customs and Border Protection to collect a cash deposit of 1.53 percent on all entries of the subject merchandise exported by Kolon that are entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results. This requirement shall remain in effect until publication of the final results of the next administrative review as to Kolon. There are no changes to the rates applicable to any other companies under this antidumping duty order.

Notification to Interested Parties

The Department will disclose calculations performed in connection with the final results of review within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/disposition of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing this determination in accordance with section 751(b)(1) of the Act and 19 CFR 351.216.

Dated: March 28, 2008.

David M. Spooner,

Assistant Secretary for Import Administration.

Appendix—Comments in Decision Memo

1. Authority to reinstate Kolon in the antidumping Order≤
2. Whether Changed Circumstances Reviews Are a Suitable Vehicle for Reinstating Previously Revoked Respondents Within an Order
3. Whether Reinstating Revoked Respondents is Consistent with the Court's Decision on *Asahi Chemical*
4. Authority of Department to Require Kolon to Sign a Reinstatement Agreement≤
5. Whether Procedures Applicable to Reviews or Investigations Should Govern this Proceeding
6. Zeroing
7. Model—Match Methodology
8. Calculation of General and Administrative Expenses
9. Calculation of Variable Cost of Manufacture
10. Adjustment for Kolon's Bank and Postal Charges

National Oceanic and Atmospheric Administration

RIN 0648-XG78

Atlantic Coastal Fisheries Cooperative Management Act Provisions; Tautog Fishery

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of cancellation of Federal moratorium.

SUMMARY: NMFS announces the cancellation of the Federal moratorium on fishing for tautog in the State waters of New Jersey. NMFS canceled the moratorium, as required by the Atlantic Coastal Fisheries Cooperative Management Act (Atlantic Coastal Act), based on the determination that New Jersey is now in compliance with the Atlantic States Marine Fisheries Commission's (Commission) Tautog Interstate Fishery Management Plan (Plan).

DATES: Effective March 31, 2008.

ADDRESSES: Harold C. Mears, Director, State, Federal and Constituent Programs Office, NMFS, Northeast Region, One Blackburn Drive, Gloucester, MA 01930.

FOR FURTHER INFORMATION CONTACT: Bob Ross, Fishery Management Specialist, NMFS, Northeast Region, (978) 281-9327, fax (978) 281-9117, e-mail Bob.Ross@noaa.gov.

SUPPLEMENTARY INFORMATION:

Background

Tautog (*Tautog onitis*), often known by the common name "blackfish," is a coastal fish species ranging from Nova Scotia to South Carolina, but most abundant from the southern Gulf of Maine (lower Massachusetts Bay and southern Cape Cod Bay) to Chesapeake Bay. The Commission manages this species according to its Tautog Plan. The Commission's Tautog Plan can be located at <http://www.asmfrc.org>, (select "Interstate Fishery Management," then select "Tautog.").

On February 7, 2008, the Commission voted the State of New Jersey out of compliance with the Commission's Tautog Plan. Specifically, the Commission found that New Jersey had not implemented management measures to achieve the required 25.6 percent reduction in tautog exploitation as was required by the Tautog Plan. The Commission forwarded the findings of their vote on February 7, 2008, in a formal non-compliance referral letter

that the Secretary of Commerce (Secretary) received on February 11, 2008.

On March 10, 2008, upon a delegation of authority from the Secretary, NMFS completed its independent review of the Commission's findings and NMFS determined that the State of New Jersey was not in compliance with the Commission's Tautog Plan and that the measures New Jersey failed to implement and enforce are necessary for the conservation of the tautog fishery. New Jersey was notified by letter on March 11, 2008, that NMFS declared a Federal moratorium on fishing for, possession of, and landing of tautog by the recreational and commercial fishermen in New Jersey state waters effective April 1, 2008, if New Jersey has not complied with the Commission's Tautog Plan by that date. Details were provided in a **Federal Register** notice published on March 14, 2008 (73 FR 13864), and are not repeated here.

Activities Pursuant to the Atlantic Coastal Act

The Atlantic Coastal Act specifies that, if, after a moratorium is declared with respect to a State, the Secretary is notified by the Commission that it is withdrawing the determination of noncompliance, the Secretary shall immediately determine whether the State is in compliance with the applicable plan. If the state is determined to be in compliance, the moratorium shall be terminated. On March 26, 2008, NMFS received a letter from the Commission that New Jersey has taken corrective action to comply with the Tautog Plan, and that the Commission has withdrawn its determination of noncompliance.

Cancellation of the Moratorium

Based on the Commission's March 26, 2008, letter, information received from the State of New Jersey, and NMFS review of New Jersey's revised tautog regulations, which achieved the required 25.6-percent reduction in tautog exploitation as was required by the Tautog Plan, NMFS concurs with the Commission's determination that New Jersey is now in compliance with the Tautog Plan. Therefore, the moratorium on fishing for, possession of, and landing of tautog by the recreational and commercial fishermen within New Jersey waters is canceled.

Authority: 16 U.S.C. 5101 *et seq.*

Dated: March 31, 2008.

James W. Balsiger,

*Acting Assistant Administrator for Fisheries,
National Marine Fisheries Service.*

BILLING CODE 3510-22-S

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN: 0648-XG87

Fisheries of the South Atlantic; South Atlantic Fishery Management Council; Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of a South Atlantic Deepwater Coral Teacher's Workshop.

SUMMARY: The South Atlantic Fishery Management Council, in partnership with NOAA Undersea Research Center, NOAA Fisheries, and Harbor Branch Oceanographic Institution is conducting a Deepwater Coral Teacher Workshop in Ft. Pierce, FL.

DATES: The workshop will take place April 19, 2008. See **SUPPLEMENTARY INFORMATION**.

ADDRESSES: The workshop will be held at the Harbor Branch Oceanographic Institute at Florida Atlantic University, 5600 U.S. 1, North, Ft. Pierce, FL; telephone: (772) 465-2400.

Council address: South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Kim Iverson, Public Information Officer; telephone: (843) 571-4366 or toll free (866) SAFMC-10; fax: (843) 769-4520; email: kim.iverson@safmc.net.

SUPPLEMENTARY INFORMATION: The Deepwater Coral Teacher's Workshop will take place from 8:30 a.m. - 5 p.m. on April 19, 2008.

The Workshop is designed for teachers and educators targeting high-school grade students to better increase their student's knowledge and awareness of these important marine ecosystems. The Workshop will include presentations on deepwater coral reefs found off of Florida, an overview of the Oculina Habitat Area of Particular Concern, deepwater coral research, mapping and monitoring, and management. The Workshop also includes a guided tour of the Smithsonian Marine Station in Ft.

Pierce, FL. Registration for the Workshop is limited.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for auxiliary aids should be directed to the council office (see **ADDRESSES**) 3 days prior to the meeting.

Note: The times and sequence specified in this agenda are subject to change.

Dated: March 31, 2008.

Tracey L. Thompson,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN: 0648-XG79

North Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of a public meeting.

SUMMARY: The North Pacific Fishery Management Council's (Council) Non-Target Species Committee will meet April 23, 2008 at the Alaska Fishery Science Center, National Marine Mammal Conference Room.

DATES: The meeting will be held on April 23, 2008, from 9 a.m. to 5 p.m.

ADDRESSES: The meeting will be held at the Alaska Fishery Science Center, 7600 Sand Point Way NE, Bldg 4, Seattle, WA. It will also be held by teleconference at the National Marine Fisheries Service, 709 W 9th, Juneau, AK (8 a.m. AST).

Council address: North Pacific Fishery Management Council, 605 W. 4th Ave., Suite 306, Anchorage, AK 99501-2252.

FOR FURTHER INFORMATION CONTACT: Jane DiCosimo, Council staff; telephone: (907) 271-2809.

SUPPLEMENTARY INFORMATION: The Non-Target Species Committee will consider possible priorities for breaking out different groups from the "other species" complexes in the BSAI and GOA groundfish fishery management plans. The need to set these priorities is to take quicker action for more vulnerable groups. The committee and have expressed concern that analyzing a broader set of alternatives (which

addresses sharks, squids, sculpins, and octopuses in the GOA; sharks, skates, sculpins, and octopuses in the BSAI; and possibly grenadiers in the GOA and BSAI) in one analysis may result in an unmanageable decision making document. Management of these species groups (plus additional multiple sub-area, sub-allocation, and seasonal apportionments) poses numerous management and regulatory difficulties and may result in unintended consequences on fishing fleets. The proposed priorities for action include: (1) move BSAI and/or GOA squid into the forage fish category; (2) move BSAI and/or GOA octopus into the forage fish category or remove it from the FMPs and defer management to the State of Alaska; (3) delete an alternative to add grenadiers to the TAC specification process; and (4) separate the proposed alternatives into distinct BSAI and GOA amendment packages. The Committee will develop recommendations on these priority actions.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Gail Bendixen, (907) 271-2809, at least 5 working days prior to the meeting date.

Dated: March 31, 2008.

Tracey L. Thompson,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
