The "Personal Security and Suitability Investigatory Records" are maintained by the USAID Office of Security (SEC). SEC has been charged with providing security services to protect USAID personnel and facilities, safeguarding national security information, and promoting and preserving personal integrity. SEC receives investigative authority from the Office of Management and Budget (OMB) to conduct personnel security investigations for USAID and all other Federal Agencies/Departments permitted under the delegation.

The revisions in this system notice update the authorities for the maintenance of the system, provide a more detailed description of the nature of the records, revises and clarifies the purpose of the system, expands the categories of individuals covered by this system, adds and updates routine use disclosures, updates points of contact and address information, and updates the system locations. Due to the number of revisions USAID has rewritten the system of records notice in its entirety.

In accordance with 5 U.S.C. 552(r), a report concerning this system has been submitted to the Office of Management and Budget and to the requisite congressional committees.
